What Heaven Will Be Like:

What Heaven Will Be Like James Thomas Lee, Jr., 2015-12-09 This book presents logical biblical almost definite certainties about heaven In fact one gets a pretty good understanding of what the saints of God can expect on the other side of the grave just from looking at Genesis 1 1 25 and the seven days of Creation This book does not do an exhaustive study of that account However it does use those instances where the Lord had said that He was pleased with what He had done as a platform for determining what heaven will be like Thus if the Garden of Eden had been good then heaven cannot be much different For that reason the thesis of this text is that heaven will be very much like the Garden of Eden plus or minus a few things The first four chapters will look at how this current existence ever got to where it is today The second chapter will present some arguments for why the opening chapters of the book of Genesis should be taken literally rather than allegorically The third chapter will discuss what happens when a saint of God dies That process involves a physical separation of the body from this existence and also the spiritual separation of the body from the soul The fourth chapter will then look at the ideas of eternity from the SAVED person s point of view and how each saint will appear before the judgment seat of Christ It should be pointed out however that that will be a positive judgment rather than a negative judgment In chapter five those things that will not be in heaven will be discussed If some of those things had not been in the Garden of Eden then Adam and Eve would have never sinned However in addition some of the things that will be presented will have nothing to do with the Garden of Eden For example how will computers cell phones and other technological advances work in heaven The answer is that they will not However no one will really care Another point made in that chapter will express this author s view of how the saints will appear to each other in heaven To complement the fifth chapter of this text the sixth chapter will discuss those things that will be in heaven some of which had and some of which had not been in the Garden of Eden For example animals had been in the Garden of Eden They will probably also be in heaven At the same time though Jesus will not only be there but He will also be on His royal eternal throne That is different than the Garden of Eden In fact He will be the main attraction in heaven for all the saints for all eternity Another thing that will be there that had not been in the Garden of Eden will be continual praise for the Lord But just like it had been in the Garden of Eden there will be lots of activity People will not just sit around looking for things to do Heaven will be a very happy place It will be a forever place In fact if the saints of God could somehow visit that place for even one moment the belief presented by this text is that they would NEVER want to come back to this existence The final two chapters of this text will briefly consider what happens to NOT SAVED people when they die They will also experience a physical and a spiritual separation But their eternal destiny will not be nearly as nice as for those people that are SAVED Therefore this text will conclude by trying to encourage those people that are NOT SAVED to come to the Lord by faith so that they can be SAVED As always the hope is that the Lord will be honored and glorified by the things that appear in this text *Things You Didn't Know about Heaven* Judson
