Patterson,2019-08-20 We are in a time where we are witnessing so many relationships fall apart divorce rates are happening at an alarming rate and aside from infidelity irreconcilable differences or in other words We just don t get along anymore or We just fell out of love is what we all have been hearing One begins to wonder if love was ever present Do people know and understand what love really is Was love ever modeled for them Do they realize that love doesn t hurt but lust does Those were the very questions the author had to ask herself after several failed relationships What Love Is and What Love Is Not is a love book birthed out of Starlene s own personal painful experience From every relationship she took what she believed what love was and measured it against the Bibles definition in 1 Corinthians 13 4 8 and learned there was a stark contrast She took her new knowledge of the definition of love and she began applying it to her life resulting in her present healthiest relationship What is love - Are love and romance nothing but socially constructed? Matthias Lindner,2005-06-21 Seminar paper from the year 2005 in the subject Sociology Relationships and Family grade 2 5 Zeppelin University Friedrichshafen Departement Cultural Communication Management course Introduction to Cultural Science language English abstract Love is nothing but without love everything is nothing What is this feeling what makes the hardest men cry and women get crazy Mostly love is considered as something unexplainable Let us try to change that Maybe you would think Hey how unromantic does he has to be to think that he could explain love Let me say this I trust in love and I am assured certainly able to say that I am really romantic To write about love you need a childlike believe in love but on the other hand an emotionless perspective about it This paper is not eligible for explaining every secret characteristic or anomaly of love and romance it wants to give a survey about what love is and on what love depends The theory based upon the arguments of Berger and Luckmann that reality is socially constructed by society¹ which seems to me to be really close to reality not in all points but in a lot of In respect of this theory an unexplainable thing like love could not exist So let us try to make love explainable because otherwise a beautiful thing like love could not exist And even if it is only in a theory this would be a pity wouldn t it **Sehr merkwürdige Anrede Seiner Durchlaucht des Herzogs von Braunschweig, an die hannöverische Armee, samt einem geistreichen Lied ... dann zwey schöne Gedichte** ,1758 *The Pursuit of Love* Irving Singer,1994 From sexual
