What Do You Say After You Say Hello? Eric Berne, 1975 As a psychiatrist Dr Berne found that each person in early childhood under the powerful influence of his parents writes his own script that will determine the general course of his life That script dictates what kind of person he will marry how many children he will have even what kind of bed he will die in Most of all it determines whether he will be a winner or a loser a spendthrift or a skinflint a tower of strength or a doomed alcoholic Some people say Berne has scripts that call for them to fail in their professions or to be repeatedly disappointed in love or to be chronic invalids Here he demonstrates how each life script gets written how it works and how each of us can break free of it to help us attain real autonomy and true fulfillment

A Living History of Transactional Analysis Psychotherapy Steff Oates, Diana Deaconu, 2025-03-31 This important book offers a comprehensive review of over 70 years of transactional analysis psychotherapy from within the field considering its historical context and various applications as well as how different aspects of the theory emerged and how they are applied The book examines the structure of transactional analysis taking readers on a journey from the inception of the method to present day applications of the theory The authors raise questions around the way the theory may be taught as doctrine and ask readers to consider how new aspects of theory are

fully integrated into the already existing schema The authors also highlight the zeitgeist within which TA was developed and offer reflections as to how further developments are also part of a particular spirit and mood of the times in which they were developed A Living History of Transactional Analysis Psychotherapy offers coherence between different aspects of TA theory and when where and why they are used making it important reading for TA scholars students and practitioners

Group Therapy in Transactional Analysis Anna Emanuela Tangolo, Anna Massi, 2022-03-24 Tangolo and Massi offer a complete manual for transactional analysis TA based group therapy Group Therapy in Transactional Analysis demonstrates the evolution of TA as a relational psychodynamic therapy rich in clinical experiences both within individual and group settings The authors outline how to select clients which setting to provide how to establish contracts and which techniques to use during group sessions The book includes a full assessment of research and theory clearly demonstrating efficacy and taking into account neuroscientific studies on intersubjectivity and the social brain This is combined with a practical approach which supports therapists from the very first steps to the analysis of more complex interpersonal dynamics and dream analysis in a group setting Finally future research directions are discussed together with an overview of an experiment on online groups in the time of coronavirus This foundational text will be a key reference for therapists in training and professionals new to the principles of transactional analysis It will also be of interest to students on psychotherapy training and clinical psychology courses
