From a "Race of Masters" to a "Master Race": 1948 to 1848 A.E. Samaan, 2020-11-09 Nazism remains an enigma Historians do not know whether to slot Nazism as a phenomenon of the political right or left largely because of a misunderstanding of how central eugenics was to the regime Eugenics or racial hygiene was at the core of National Socialism's domestic policy foreign policy culture wars and even Hitler's obsession with cars highways and city planning Thus no coherent understanding of the regime is possible without first grasping the nature of eugenics Eugenics did not originate with Nazi Germany It was the culmination of a worldwide movement that was widely accepted by the global scientific and academic community This book traces the origins of the Nazi eugenics state working backward down the timeline tracing from leaf down to the root We investigate this 100 year trajectory from its beginnings in British and American Academia delving into the conveniently forgotten inner workings of a scientific era uncovering previously unpublished manuscripts professional correspondence and conveniently forgotten publications With the centenary of The Holocaust looming uprooting the web of professional connections that engendered this movement is in order The seeds of Holocaust denial take root and prosper with misinformation Clarity and transparency are imperative as they leave no room for denial theories that would deprive the victims of justice or rob the living of a future FOR MORE INFORMATION ON THE EUGENICS ANTHOLOGY BOOK SERIES PLEASE VISIT <https://EugenicsAnthology.com> FOR MORE INFORMATION ON THIS SPECIFIC VOLUME PLEASE VISIT <https://RaceOfMasters.com> NOTE A preliminary version of this book was
