by male and female bodhisattvas and enlightened beings Since the core of the practice is visualization this meditation perhaps more than other meditations presumes the creative power of the mind Visualizations form the basis not only of the creation stage and deity yoga but of all tantric practices and rituals since tantric practice takes place not in mundane existence but in the illusion like purity of the enlightened view While the previously published *Essence of the Ocean of Attainments* is a concise exposition on the practice of the Guhyasamaja sadhana *Ocean of Attainments* is much more detailed providing extensive scriptural citations clear explanation of the body mandala arguments on points of contention reference to other tantric systems and critiques of misinterpretations Complemented by the extensive and clear introduction this volume is a vital contribution to the growing body of scholarship on Guhyasamaja and on Buddhist tantra in general *Highest Yoga Tantra* Daniel Cozort,1986 This book clearly outlines and discusses the methods for transforming both body and mind through the highest forms of tantric practice Highest Yoga Tantra is the pinnacle of tantric systems found in the Tibetan Buddhist tradition Remarkable for its definitive clarity this exposition of the stages of Highest Yoga Tantra is the first of its kind in the English language and a must for anyone interested in these highest tantras **BOOK JACKET** **Encyclopaedia of Buddhist Tantra** Sadhu Santideva,2001 **Principles of Buddhist Tantra** Kirti Tsenshap,2011-05-01 Kirti Tsenshap Rinpoche was a renowned teacher of Tibetan Buddhism with students worldwide Revered as a teacher by even the Dalai Lama he was known especially as a master of Buddhist tantra the powerful esoteric methods for attaining enlightenment swiftly The teachings in this book are a singular record of his deep learning in that field Originally delivered in California to a group of Western students the teachings comment on a classic introduction to tantra by the nineteenth century Mongolian lama Choje Ngawang Palden The work *Illumination of the Tantric Tradition* is a staple even today of the curriculum for training young monastics Kirti Tsenshap Rinpoche explains the distinctive features of the four classes of tantra action tantra performance tantra yoga tantra and highest yoga tantra by describing the way to progress through their paths and levels He illuminates key issues in tantric practice that are still a matter for debate within the tradition Finally he gives a special treatment of the unique methods of Kalacakra tantra which is regularly taught around the globe by His Holiness the Dalai Lama *Tantra* Tashi Tsering,2012-07-10 In this sixth and final volume in the *Foundation of Buddhist Thought* series Geshe Tashi Tsering brings his familiar helpful approach to the esoteric practices of Buddhist tantra Anticipating the many questions Westerners have upon first encountering tantra s colorful imagery and veiled language Tantra uses straight talk to explain deities initiations mandalas and the body s subtle physiology of channels and chakras Tantric Buddhism provides a quick avenue to buddhahood by means of dissolving the body s wind energies into the central channel at the heart mimicking the transformations of consciousness that occur at the time of death Guiding readers systematically from tantra s generation stage through to the full enlightenment of the completion stage Geshe Tashi Tsering even unpacks a simple compassion practice composed by the Dalai Lama using it to illustrate the building blocks common to all such visualization techniques

Tantra is a fitting conclusion to this accessible and practical series

Tantra, Its Mystic and Scientific Basis Lalan Prasad Singh, 2010 [The Dawn of Tantra](#) Herbert V. Guenther, Chogyam Trungpa, 2001-11-13 Westerners wanting to know about tantra particularly the Buddhist tantra of Tibet often find only speculation and fancy Tibet has been shrouded in mystery and tantra has been called upon to name every kind of esoteric fantasy In The Dawn of Tantra the reader meets a Tibetan meditation master and a Western scholar each of whose grasp of Buddhist tantra is real and unquestionable This collaboration is both true to the intent of the ancient Tibetan teachings and relevant to contemporary Western life

The Psychology of Buddhist Tantra Rob Preece, 2006-11-08 This book masterfully clarifies the nature of tantric practice In contrast to the approaches of conventional religion tantra does not attempt to soothe the turmoil of existence with consoling promises of heaven and salvation The tantric practitioner chooses to confront the bewildering and chaotic forces of fear aggression desire and pride and to work with them in such a way that they are channeled into creative expression loving relationships and wisely engaged forms of life In order to make the processes of tantra psychologically intelligible for a contemporary reader Rob Preece makes judicious use of the work of modern psychotherapy forging a compelling link between a Western tradition that hearkens back to the alchemical traditions of our own past and the comparably alchemical strategies of Tibetan Buddhist tantric practices In keeping with the pragmatic and therapeutic aims of both psychotherapy and Buddhist meditation The Psychology of Buddhist Tantra never loses sight of the central importance of applying these ideas to the concrete realities of day to day life By illuminating the richly symbolic language of tantra through the intermediate language of psychology The Psychology of Buddhist Tantra points to the transformative nature of tantric practices

The Buddhist Tantras Alex Wayman, 1990-01-01 This book has been divided into four sections Part One is an Introduction which places the position of

the Buddhist Tantras within Mahayana Buddhism and recalls their early literary history especially the Guhyasamajatantra In Part Two the author discusses the foundations of the Buddhist Tantras Part Three is devoted to Special Studies which are very rarely available to the general public such as the nine orifices of the body and the Tantric teachings of the inner Zodiac female energy and symbolism in the Buddhist Tantras and the five fold ritual symbolism of passion and Part Four is the Bibliographical Research which contains a correlation between the tantric portions of the Kanjur and the Tanjur
