The Wrong Race The Wrong Race:

Breaking the Rules Fil Anderson, 2011-03-16 After years of living with a set of religious demands that he could never live up to Fil Anderson found himself spiritually bankrupt and emotionally drained Following a crash and burn in professional ministry he experienced relief in learning to be with God rather than doing for God Instead of desperation he found healing and a rich new life with God In *Breaking the Rules* Fil invites us to explore what happens when good religion turns bad At such times we are weighed down with expectations of what it takes to be right with God whether it is the expectations of others holding up under pressure fixing what s wrong or accomplishing big things for God When we set aside this false agenda we find the courage to confess our fears and insecurities We taste the depths of God s love for us Here is an opportunity to quit trusting in your own ability to live for God and simply trust in God instead You Are What You Are; Because of Who You Are The Victor, 2012-12-21 Seven salient points I want you to know and write in the marble of your heart Nothing just happens Anything good or bad happening to you is for a purpose you were born in riches or a rag for a purpose If you can identify with that purpose you will surely make your dreams a reality It is not what the enemy is doing to you that is killing you not the society you are in not the promises some politicians relatives and associates fail to keep not the family and community you came from it is what you have failed to do with yourself that is killing you Life failure is not the absence of opportunities but the absence of vision You will create whatever opportunities you want in life when you have a vision that is why you shouldnt fight your way to be in the presence of great men rather identify your gift and when you do it will make a way for you and bring you before great men If God can trust you He will increase your capacity to receive more from him And one of the reasons you are in the struggle and things dont seem to be working to your favor is because you have not earned Gods trust A man with a vision struggles less than a man without a vision to pursue goals to attain and targets to achieve Conceive your vision today and pursue it diligently because if you dont other people will hire you to pursue theirs God never created anybody useless if He knows you are useless why would He spend his resources to create you Your limitation is not entirely your situation but your understanding of who you are Biology is studied based on its definition same applies to life Your life is what you define it to be It would have been better if you were aborted at conception than to live through life not achieving your purpose Whom should I cry for the fellow who died untimely or the fellow that is alive and without a purpose

Decolonizing Rhetoric and Composition Studies Iris D. Ruiz, Raúl Sánchez, 2016-10-15 This book brings together Latinx scholars in Rhetoric and Composition to discuss keywords that have been misused or appropriated by forces working against the interests of minority students For example in educational and political forums rhetorics of identity and civil rights have been used to justify ideas and policies that reaffirm the myth of a normative US culture that is white Eurocentric and monolingually English Such attempts amount to a project of neo colonization if we understand colonization to mean not only the taking of land but also the taking of culture of which language is a crucial part The editors introduce the concept of

epistemic delinking and argue for its use in conceptualizing a kind of rhetorical and discursive decolonization and contributors offer examples of this decolonization in action through detailed work on specific terms Specifically they draw on their training in rhetoric and on their own experiences as people of color to help reset the field's agenda They also theorize new keywords to shed light on the great varieties of Latinx writing rhetoric and literacies that continue to emerge and circulate in the culture at large in the hope that the field will feel more urgently the need to recognize, theorize and teach the intersections of writing pedagogy and politics

Knock Me Up, Knock Me Down Kelly Oliver, 2012-10-09 No longer is pregnancy a repulsive or shameful condition in Hollywood films but an attractive attribute often enhancing the romantic or comedic storyline of a female character Kelly Oliver investigates this curious shift and its reflection of changing attitudes toward women's roles in reproduction and the family Not all representations signify progress Oliver finds that in many pregnancy films our anxieties over modern reproductive practices and technologies are made manifest and in some cases perpetuate conventions curtailing women's freedom Reading such films as *Where the Heart Is* 2000 *Riding in Cars with Boys* 2001 *Palindromes* 2004 *Saved* 2004 *Quinceañera* 2006 *Children of Men* 2006 *Knocked Up* 2007 *Juno* 2007 *Baby Mama* 2008 *Away We Go* 2009 *Precious* 2009 *The Back up Plan* 2010 *Due Date* 2010 and *Twilight Breaking Dawn* 2011 Oliver investigates pregnancy as a vehicle for romance a political issue of choice a representation of the hosting of others a prism for fears of miscegenation and a screen for modern technological anxieties
