The Sensus Fidelium and Moral Theology Charles E. Curran, Lisa Fullam, 2017 Presents points of view on the sensus fidelium from a wide range of theologians and pastors and makes an outstanding contribution by widening its application to ethical and not only doctrinal issues

Process Thought and Roman Catholicism John Becker, Marc A. Pugliese, 2022-03-21 This collection of essays explores convergences and divergences between process thought and Roman Catholicism with the goal of identifying reasons for why process philosophy and theology has not had the same impact in Roman Catholic circles as in Protestantism and of constructively navigating avenues of promising engagement between Process thought and Roman Catholicism In creatively considering the Roman Catholic tradition from the vantage point of Process thought different theoretical perspectives are brought to bear on Catholic characteristics of historical theology fundamental theology systematic theology moral theology social justice and theology of religions While the contributors draw upon a broad range of resources from the disciplines of the physical and social sciences philosophy and ethics from a process perspective the

primary methodology employed is theological reflection *A Culture of Engagement* Cathleen Kaveny, 2016-03-01 Religious traditions in the United States are characterized by ongoing tension between assimilation to the broader culture as typified by mainline Protestant churches and defiant rejection of cultural incursions as witnessed by more sectarian movements such as Mormonism and Hassidism However legal theorist and Catholic theologian Cathleen Kaveny contends there is a third possibility a culture of engagement that accommodates and respects tradition It also recognizes the need to interact with culture to remain relevant and to offer critiques of social political legal and economic practices Kaveny suggests that rather than avoid the crisscross of the religious and secular spheres of life we should use this conflict as an opportunity to come together and to encounter challenge contribute to and correct one another Focusing on five broad areas of interest Law as a Teacher Religious Liberty and Its Limits Conversations about Culture Conversations about Belief and Cases and Controversies Kaveny demonstrates how thoughtful and purposeful engagement can contribute to rich constructive and difficult discussions between moral and cultural traditions This provocative collection of Kaveny s articles from Commonweal magazine substantially revised and updated from their initial publication provides astonishing insight into a range of hot button issues like abortion assisted suicide government sponsored torture contraception the Ashley Treatment capital punishment and the role of religious faith in a pluralistic society At turns masterful and inspirational *A Culture of Engagement* is a welcome reminder of what can be gained when a diversity of experiences and beliefs is brought to bear on American public life *Jesus and the Reign of God in John* Mark C. Kiley, 2025-10-17 What happened to the reign of God when it visited John s world At first glance it looks like it got short shrift appearing in just two verses John 3 3 5 However what if like the ubiquitous reign of God in the Synoptic Gospels its two verses are the early planting of a seed that grows and spreads through the book What if the diction of a parable of God s reign is diffused throughout the text as is arguably the case with the wildly generous father and his prodigal son What if the thesaurus treasure of the reign saying in Matt 13 is hidden within the diction of John 6 68 concerning Jesus words of eternal life This study also examines the influence on John of the regnant Arm of YHWH as exercised in the Servant poems of Isaiah as well as the Johannine version of the verse about God s reign in Wis 10 10 The subtlety of that agenda in John is a fitting tribute to the subtle character of God s Sophia the feminine presence of the divine We also observe the Johannine author utilizing the Hellenistic practice of picture puzzles placing thematically related passages in discernible patterns This reading provides food both fresh and nutritious **Urban Ecclesiology** Pascal D. Bazzell, 2015-05-21 Pascal D Bazzell brings the marginal ecclesiology of a Filipino ecclesial community facing homelessness FECH into contemporary ecclesiological conversation in order to deepen the ecumenical understanding of today s ecclesial reality He contributes relevant data to support a theory of an ecclesial oriented paradigm that fosters ecclesial communities within homeless populations There is an extensive dialogue occurring between ecclesiologies church planting theories or urban missions and the urban poor Yet the situation with the homeless population

is almost entirely overlooked The majority of urban mission textbooks do not acknowledge an ecclesial oriented state of being and suggest that the street level environment is a place where no discipleship can occur and no church should exist By presenting the FECH s case study Bazzell emphasizes that it is possible to live on the streets and to grow in the faith of God as an ecclesial community To be able to describe the FECH s ecclesial narrative Bazzell develops a local ecclesiological methodology that aims to bridge the gap between more traditional systematic and theoretical ideal ecclesiology and practical oriented ecclesiology e g congregational studies in order to hold together theological and social understandings of the church in its local reality He articulates a theological framework for the FECH to reflect on who they are the essence of identity studies who they are in relationship to God the essence of theological studies and what that means for believers in that community as they relate to God and to each other in ways that are true to who they are and to who God intends them to be the essence of ecclesial studies The research provides a seldom heard empirical tour into the FECH s social world and communal identity The theological findings from the FECH s hermeneutical work on the Gospel of Mark reveal an understanding of church being developed as gathering around Jesus that creates a space for God s presence to be embodied in their ordinary relationships and activities and to invite others to participate in that gathering Moreover it addresses ecclesial issues of the supernatural world honor shame values and further develop the neglected image of the familia Dei in classical ecclesiology that encapsulates well the FECH s nature mission and place

Justification by the Word Jack D. Kilcrease, 2022-09-21 God s Word creates what he commands In Justification by the Word Jack D Kilcrease reintroduces Martin Luther s key doctrine Though a linchpin of the Reformation Luther s view of justification is often misunderstood For Luther justification is an expression of God s creative Word To understand Luther on justification one must grasp his doctrine of the Word The same God who declared let there be light and it was so also declares your sins are forgiven Justification is an objective reality It is achieved in Christ s resurrection and received through an encounter with the risen Christ in Word and sacrament Justification turns us outward away from our own unsteady feelings and limited understanding to look to Christ And the church must preach justification lest we so easily forfeit the joy of the gospel Justification by the Word inspires readers to reencounter the radical doctrine of justification by faith alone
