Neoclassical realism in European politics Asle Toje, Barbara Kunz, 2024-07-30 Realism is making a comeback in Europe This book brings together a new generation of realist scholars It provides a rigorous survey for specialists seeking to understand the dynamics of international relations in a time of change The volume thus seeks to explore the European dimension to neoclassical realism The hope with

this book is that it will spark a debate that in time might lead to the re emergence of a distinctly European realist school which draws on the roots of the historical non American realist tradition benefiting from insights in the liberal constructivist paradigm Through detailed case studies the book illustrates that power and influence remain fruitful even indispensable variables through which to understand the formation of foreign policy

International Relations and American Dominance Helen Turton,2015-11-19 This work seeks to explore the widely held assumption that the discipline of International Relations is dominated by American scholars approaches and institutions It proceeds by defining dominance along Gramscian lines and then identifying different ways in which such dominance could be exerted agenda setting theoretically methodologically institutionally gate keeping Turton dedicates a chapter to each of these forms of dominance in which she sets out the arguments in the literature discusses their theoretical implications and tests for empirical support The work argues that the self image of IR as an American dominated discipline does not reflect the state of affairs once a detailed sociological analysis of the production of knowledge in the discipline is undertaken Turton argues that the discipline is actually more plural than widely recognized challenging widely held beliefs in International Relations and it taking a successful step towards unpacking the term dominance An insightful contribution to the field this work will be of great interest to students and scholars alike

Art and IR Theory Serdar Ş. Güner,2023-06-08 This book examines the correspondence between international relations IR theories of structural realism and constructivism and paintings notably the artwork of Mark Rothko and Jackson Pollock in a game theory setting This interdisciplinary approach through the lens of game theory and semiotics permits different enriched interpretations of structural realism and constructivism These theories constitute an axis of debate between social and systemic approaches to international politics as well as an axis of differentiation between scientific realism and positivism as philosophies of science As such the interpretations explored in this book contribute to what we know about international relations how semiotics intersect with strategic uncertainty and explains these interactions in the proposed games model The book s use of game theory and semiotics generate visual semiotic games VSGs that shed light on the debate axes through strategic uncertainty interactions and players interactive belief systems VSGs will contribute to literature on experimental semiotics in the sense of players coordination behavior beliefs and artistic evaluations The equilibria interpreted through branches of philosophy of mind and theories of explanation will reveal possibilities of agreement among players about which artwork representing the theory at hand is the best opening innovative research perspectives for the discipline of IR theory

critically with essential theories by highlighting their strengths weaknesses and the major points of contention helping you to understand how contemporary debates in the discipline are connection with each other and how they are shaping the world in which we live New to this edition A new three part structure brings into clearer focus how theories meet real world developments A new final chapter on world order provides a current analysis of international turbulence encouraging you to connect theory to your own lived experience Chapter 11 now includes a detailed discussion of climate change and how we can spotlight the environment in international relations through Green Theory approaches Thoroughly refreshed and updated further reading recommendations support you in finding diverse and current scholarship to enhance your learning Book jacket

Annals of the American Academy of Political and Social Science, 1928 **International Relations Theory** Knud Erik Jørgensen, 2010-05-13 A major new textbook on International Relations theory written by a leading scholar suitable for any course on IR theory at either undergraduate or master s level The text goes beyond an exploration of the main contending theories in IR and provides cross cutting coverage of current key issues and debates J rgensen also examines the philosophical commitments behind the different theories and suggests how different philosophical formats shape theories differently and trigger different research agendas In addition there is a unique chapter explaining how to do theory which guides students in applying their own theories about world politics to their studies An essential read for students of Politics and IR

The Making of the Asia Pacific See Seng Tan, 2025-10-01 This illuminating volume critically surveys the power of narratives in shaping the discourse on the post Cold War Asia Pacific The author examines the purposes practices power relations and protagonists behind policy networks such as the Council for Security Cooperation in the Asia Pacific and the Pacific Economic Cooperation Council **Handbook of International Relations** Walter Carlsnaes, Thomas Risse, Beth A Simmons, 2012-09-18 The original Handbook of International Relations was the first authoritative and comprehensive survey of the field of international relations In this eagerly awaited new edition the Editors have once again drawn together a team of the world s leading scholars of international relations to provide a state of the art review and indispensable guide to the field ensuring its position as the pre eminent volume of its kind The Second Edition has been expanded to 33 chapters and fully revised with new chapters on the following contemporary topics Normative Theory in IR Critical Theories and Poststructuralism Efforts at Theoretical Synthesis in IR Possibilities and Limits International Law and International Relations Transnational Diffusion Norms Ideas and Policies Comparative Regionalism Nationalism and Ethnicity Geopolitics in the 21st Century Terrorism and International Relations Religion and International Politics International Migration A truly international undertaking this Handbook reviews the many historical philosophical analytical and normative roots to the discipline and covers the key contemporary topics of research and debate today The Handbook of International Relations remains an essential benchmark publication for all advanced undergraduates graduate students and academics in politics and international relations

History of International Relations Theory Torbjorn L. Knutsen, Torbjørn L. Knutsen, 1997-06-15

Introduces ideas on international relations expressed by thinkers from High Middle Ages to the present day **An Introduction to International Relations** Richard Devetak, Anthony Burke, Jim George, 2011-10-17 Invaluable to students and those approaching the subject for the first time An Introduction to International Relations Second Edition provides a comprehensive and stimulating introduction to international relations its traditions and its changing nature in an era of globalisation Thoroughly revised and updated it features chapters written by a range of experts from around the world It presents a global perspective on the theories history developments and debates that shape this dynamic discipline and contemporary world politics Now in full colour and accompanied by a password protected companion website featuring additional chapters and case studies this is the indispensable guide to the study of international relations Handbook of Political Theory Gerald F Gaus, Chandran Kukathas, 2004-08-21 The Handbook of Political Theory is a latest addition to the SAGE Handbook collection As with all of our handbooks this is a definitive and benchmark publication that covers all aspects of a given subject This handbook is an essential purchase for everyone interested in Political Theory **The Critical Theory of Robert W. Cox** Anthony Leysens, 2008-10 This book some 20 years after the publication of Robert W Cox s seminal *Production Power and World Order Social Forces in the Making of History* offers the reader an analytical and comprehensive overview of his work and illustrates the continuing relevance thereof for contemporary research *Security Strategies, Power Disparity and Identity* Olav F. Knudsen, 2017-11-30 What is power and how is it effective This volume responds to these questions in terms of regional international relations with a particular focus on the Baltic Sea region an area still charged with a residue of Cold War conflict and power disparity in a setting of new cooperative ventures Each contributor examines the region from a different angle and discusses how its actors coped with the new situation facing them after 1991 The volume looks at how governments have defined their new circumstances how they have dealt with the opportunity to shift to a new mode of coexistence and collaboration and how they have tackled the challenge of peacefully converting their region to a security community The book breaks with tradition by adopting a new thematic approach based on regional issues and functions rather than a country by country discourse It will be of critical value to readers interested in security studies and European politics
