There Is Eternal Life For Animals:

There is Eternal Life for Animals Niki Behrikis Shanahan, 2002 A book proving through Bible scriptures that God is providing eternal life for animals I have just finished reading the book and feel that it was well done May the Lord bless you Rev Dr Jack Van Impe World Renowned Theologian Jack Van Impe Ministries International Troy Michigan There Is Eternal Life for Animals focuses on so many Scriptures which plainly deal with and include animals showing that God does have a plan for animals and just as Noah was commanded by God to provide for the saving of the animals from the flood so Christians can expect Christ's much greater redemption to include all the incredibly diverse animals which the Lord has created Rev Dr Peter Hammond Founder Director of Frontline Fellowship Cape Town South Africa Table of Contents Chapter 1 Introduction Chapter 2 God's Relationship With The Animals Chapter 3 How Much Do The Animals Know Chapter 4 Animals In Heaven Chapter 5 Animals Have Souls And Spirits Chapter 6 Restoration Restitution And Eternal Life Chapter 7 Eye Witnesses Of Animals And Pets In Heaven Chapter 8 Noah A Foreshadowing Of Jesus Chapter 9 Misinterpretations Chapter 10 Praying For Animals Chapter 11 Personal Experience Chapter 12 Eternal Life For People **Animals in Heaven** Arch Stanton, 2004 Animals have been with us since the state of existence or being The bible tells us God created the animal kingdom for his pleasure When God created the heaven and earth and all life that exist he obviously saw a need for animals or they would not be here Why God created them in the shapes and forms as they were we do not know the choice was his and as I mentioned He chose to do so in a way that pleases him Animals have a mind that gives them the ability to think and have feelings Animals have a certain intelligence we do not possess such as an internal guidance system Both dogs and cats have this ability and I would imagine there are other animals as well God created everything with a purpose and a need the animals kingdom is one such example Many people believe God's purpose for animals is to serve humankind and upon death they are to perish with no possible chance for eternal life However does the bible teach this In the first chapter of the book of Genesis the bible tells us God considered the animals a creation that was very good he was pleased with them Many people consider the life of an animal as having a very small worth To them an animal just lives and dies Many people have the attitude of so what The bible tells us God doesn't care for an attitude such as this because he values the life of his animals very much Throughout the entire bible the information found pertaining to the animal kingdom is very precise The bible tells us the animals are to be forever God had this intention when he created them and this application of thought remains today and forever The bible never mentions mankind alone is to receive eternal life How different would our lives be without animals There would be no pets for those who are lonely and without family There would be no zoos for family outings There would be no circus acts with animals There would be no dog as a best friend There would be no Seeing Eye dogs There would be no animals to alert their owners of an ever present danger during the night such as fires burglars etc I believe we simply overlook the fact there is a purpose for all of God's creatures The purpose for this book is to reveal the truth in what the bible

tells about the animal kingdom We need to know God's purpose for them The bible explains in detail God's plan for his animals even after death God wants us to know about them or he would never have emphasized their importance in his word Many people are reluctant to discuss the animal kingdom from a biblical point of view I find this strange to say the least God has included them in his written word but many ministers will say very little if anything about them The scriptures in this book are from the King James Bible What the bible tells us is 100% accurate and lest we never forget God simply made no mistakes in his word The bible is never contradictory We will read scriptures that clearly explain that animals will be in heaven and why God wants them to be there with us If we had the power to give our pet's eternal life would we want the life of our animals to be temporal If God loves his animals more than we could ever love them shouldn't this type of love indicate his love for them is tremendous Since we know God can give animal's eternal life could be there any single reason to give them life that would be only temporary First we should know the bible is not dull dismal or neutral The bible is not an area between two extremes having mingled characteristics of both of them a situation in which there are no clear cut distinctions The interpretations of scriptures have been defined several ways over the years and this has caused confusion in many churches We will read scriptures about the animal kingdom that many of you may not know are in the bible We will read scriptures that are clearly stated to mean one thing and one thing only and that is Animals are to be in heaven By

Animals in Heaven- Fantasy or Reality Arch Stanton, 2006-06-02 Animals have been with us since the state of existence or being The bible tells us God created the animal kingdom for his pleasure When God created the heaven and earth and all life that exist he obviously saw a need for animals or they would not be here Why God created them in the shapes and forms as they were we do not know the choice was his and as I mentioned He chose to do so in a way that pleases him Animals have a mind that gives them the ability to think and have feelings Animals have a certain intelligence we do not possess such as an internal guidance system Both dogs and cats have this ability and I would imagine there are other animals as well God created everything with a purpose and a need the animals kingdom is one such example Many people believe God's purpose for animals is to serve humankind and upon death they are to perish with no possible chance for eternal life However does the bible teach this In the first chapter of the book of Genesis the bible tells us God considered the animals a creation that was very good he was pleased with them Many people consider the life of an animal as having a very small worth To them an animal just lives and dies Many people have the attitude of so what The bible tells us God doesn't care for an attitude such as this because he values the life of his animals very much Throughout the entire bible the information found pertaining to the animal kingdom is very precise The bible tells us the animals are to be forever God had this intention when he created them and this application of thought remains today and forever The bible never mentions mankind alone is to receive eternal life How different would our lives be without animals There would be no pets for those who are lonely and without family There would be no zoos for family outings There would be no circus acts with animals There would be no dog as a best friend There

would be no Seeing Eye dogs There would be no animals to alert their owners of an ever present danger during the night such as fires burglars etc I believe we simply overlook the fact there is a purpose for all of God s creatures The purpose for this book is to reveal the truth in what the bible tells about the animal kingdom We need to know God s purpose for them The bible explains in detail God s plan for his animals even after death God wants us to know about them or he would never have emphasized their importance in his word Many people are reluctant to discuss the animal kingdom from a biblical point of view I find this strange to say the least God has included them in his written word but many ministers will say very little if anything about them The scriptures in this book are from the King James Bible What the bible tells us is 100% accurate and lest we never forget God simply made no mistakes in his word The bible is never contradictory We will read scriptures that clearly explain that animals will be in heaven and why God wants them to be there with us If we had the power to give our pet s eternal life would we want the life of our animals to be temporal If God loves his animals more than we could ever love them shouldn t this type of love indicate his love for them is tremendous Since we know God can give animal s eternal life could be there any single reason to give them life that would be only temporary First we should know the bible is not dull dismal or neutral The bible is not an area between two extremes having mingled characteristics of both of them a situation in which there are no clear cut distinctions The interpretations of scriptures have been defined several ways over the years and this has cause confusion in many churches We will read scriptures about the animal kingdom that many of you may not know are in the bible We will read scriptures that are clearly stated to mean one thing and one thing only and that is Animals are to be in heaven By the time you have finished this book you will have a better understanding for the purpose of the animal kingdom You may then decide if the scriptures do indeed tell us animals have a soul do they have a spirit did God create them with a purpose in this life is he going to give them eternal life With God s help you will decide For more information please visit www.dutchman3d.com

Aristotle and the Theology of the Living Immortals Richard Bodeus,2000-09-22 This book argues that Aristotle used the most traditional Greek ideas about the gods to develop and defend his physical metaphysical and ethical teachings This revolutionary thesis stands in stark contrast to studies of Aristotle s texts that normally portray him as a natural theologian using rational tools to elaborate his own conception of God or the gods Bodeus argues that Aristotle is more closely aligned with popular Greek religion than is usually thought and attention to the ethical and political writings reveals more about Aristotle s resources for conceiving the gods than study of his theoretical works For Bodeus Aristotle was a refined polytheist who held that the gods were living immortals and that one could attribute to them wisdom goodness and benevolent concern for human beings The author s approach is at odds with the dominant interpretation which holds that Aristotle s unmoved mover presents his true view of God This leads to the argument that the philosopher s apparent endorsements of popular religious ideas should be taken seriously and that his inquiries about the unmoved mover belong strictly to theoretical philosophy which is unable to study the gods From this novel perspective many

of Aristotle's texts appear in a new light **The Inner Life of Animals** Peter Wohlleben, 2017-11-07 From the New York Times bestselling author of *The Hidden Life of Trees* *The Inner Life of Animals* will rock your world This book shows us that animals think feel and know in much the same way as we do Sy Montgomery bestselling author of *The Soul of an Octopus* Through vivid stories of devoted pigs two timing magpies and scheming roosters *The Inner Life of Animals* weaves the latest scientific research into how animals interact with the world with Peter Wohlleben's personal experiences in forests and fields We learn that horses feel shame deer grieve and goats discipline their kids Ravens call their friends by name rats regret bad choices and butterflies choose the very best places for their children to grow up In this captivating book Peter Wohlleben follows the hugely successful *The Hidden Life of Trees* with insightful stories into the emotions feelings and intelligence of animals around us Animals are different from us in ways that amaze us and they are also much closer to us than we ever would have thought Wry avuncular careful and kind Each story adds to a widening vision of intelligence emotion and relationship *The Guardian* Published in Partnership with the David Suzuki Institute *What Do You Know* Charles Whipple, 2014-01-13 A discussion of Christianity its history and how modern Christianity relates to the bible It goes into detail concerning man's spiritual and material body and the relationship between God and mankind Initially you are challenged to look at what you think you know about Christianity and God and question whether all or any of it is true It then discusses history starting with the creation to modern day Christianity You will be surprised at what you thought you knew and what you never considered Charles Whipple has actually visited Heaven many times and has written several books concerning Heaven and Christianity **The ^AEthics of Animal Experimentation** Donna Yarri, 2005-08-18 The ethical treatment of animals has become an issue of serious moral concern Many people are challenging long held assumptions about animals and raising questions about their status and treatment What is the relationship between humans and animals Do animals have moral standing Do we have direct or indirect duties to animals Does human benefit always outweigh animal suffering The use of animals for experimentation raises all of these questions in a particularly insistent way Donna Yarri gives an overview of the current state of the discussion and presents an argument for significantly restricted animal experimentation Pointing to the similarities between humans and animals she argues that the actual differences are differences of degree rather than kind Animal cognition and animal sentience together are the basis for the claim that experimental animals do have rights Examining arguments in the disciplines of ethology philosophy science and theology Yarri makes a case for placing substantial restrictions on animal experimentation Grounding her examination in Christian theology she formulates a more humane approach to animal experimentation She concludes with a concrete burden benefit analysis that can serve as the foundation for informed decision making *The Ethics of Animal Experimentation* serves as both a handbook of animal rights theory and a practical guide to navigating the complexities of animal experimentation As animal experimentation features in an increasing number of scientific endeavors it is an ethical issue that requires our immediate attention Yarri's unique

contribution forges a path toward an ethical practice of animal experimentation

Eastern Orthodox Christianity and Animal Suffering Christine Nellist, 2018-10-25 This book is the first academic work in Eastern Orthodox theological literature on the subject of animal suffering and human soteriology. It represents a natural progression of the contemporary Eastern Orthodox academic debate on the environment and will be of interest not only to academic scholars in theology, religion, philosophy and ethics but also to the wider Christian and secular communities. Using Biblical and Patristic teachings together with new social science research and contemporary science, it presents arguments that animal suffering is against God's Will and that the abuse or misuse of animals or indifference to animal suffering will result in negative consequences for human salvation. The book posits a revisionist interpretation of the Noahic narrative when addressing the challenging question of why God allows the dispensation of animals as food and offers compelling arguments on why the contemporary animal food production industries and animal testing model should be rejected.

Animals on the Agenda Andrew Linzey, Dorothy Yamamoto, 1998 This encyclopaedic volume is the most comprehensive collection of original studies on animals and theology ever published. With contributors from both sides of the Atlantic, it tackles many apparently simple issues which raise fundamental questions about theology and how it is done.

Living in the World Theodore Ihejieta, 2018-06-21 *Living in the World* By Theodore Ihejieta. *Living in the World* is a book of love and life called circle of positive energy and energy of sunlight. The book is a book of Planet Earth because the living planet gave sunlight energy to the author of living in the world. The author is a human being who did not like the way human beings were suffering in the world and thought that he needed to do something in order to improve the standard of living in the world. Author Theodore Ihejieta was born into a Christian family who believed in God and trusted God to protect them from evil and death. Death killed the author's father which made him stop trusting God. Death killed the immediate junior brother of the author and made him declare war against God. The author read many religious books and discovered that human beings did not know God because human beings did not have the intention to know God. Ihejieta wants to know God and succeeds in knowing God because God showed Himself to him when he started questioning the integrity of God. *Living in the World* is a healing book for human beings to absorb and chase death away because living in the world destroys the fear of God and the devil of God in human beings.

Will Thinking It Is Make It So? BERNARD R. SWIFT, D. MIN, 2013-01-21 As an ordained Deacon of 22 years, it truly amazes me how Deacon Bernard Swift can put into writing all the concepts and truths that he shares to help others live a healthy and intimate relationship and spirituality with our God. It compels me to delve deeper into the very depth of my inner self. Deacon Fred Von Voight. Deacon Bernie Swift's recent spiritual book *Will Thinking It Is Make it So* is a must read for the Christian soul. It is a brilliant and simplistic explanation of how thought plays a powerful role in one's relationship or lack thereof with our Creator.  William West,2006-08 THE RESURRECTION AND IMMORTALITY Is man born with an immortal soul or do the saved put on immortality at the resurrection This is one of the most important questions of all times It has more influence on our conception of our nature our view of life in this world and life after death the nature of God than any other question The resurrection and an undying immortal soul are not compatible If one is true then the other one cannot be YOUR WHOLE THEOLOGY what you believe IS DETERMINED BY YOUR VIEW OF THE SOUL Not only does man now having an immortal soul make the resurrection impossible it makes the judgment be passed and the second coming of Christ pointless for there could not be a resurrection or a judgment at His coming The resurrection doctrine of unconditional immortality are contradictory to each other You must choose one or the other You cannot believe both Christ taught the resurrection It is our only hope of life after death not now having immortality and never dying The undead cannot be raised If the soul is immortal and never dies there cannot be a resurrection of those not dead If there is to be a resurrection of the dead the dead cannot be alive cannot be living immortal souls The doctrine of unconditional immortality Changes the nature of God makes Him cruel and sadistic Changes the message we preach to the lost and their fate whether they will have an eternal life with torment or a second death form which there will never be a resurrection Changes the nature of man whether he is now mortal or immortal Changes the nature of the resurrection of Christ whether He was dead and raised by God or only His earthly body was dead and He just came back from Heaven to it Changes the nature of our resurrection whether we are dead and resurrected or just come back from somewhere The resurrection an immortal soul The wages of sin is death the wages of sin is an eternal life of torment **Heartwarming Heresies** Ted Duncan,2014-10-16 Heartwarming Heresies is a timely and much needed book that delves into the very heart of many of the beliefs that are dearly held by many Evangelical Christians today It s the author s contention that such beliefs may have little solid biblical foundation but believers have adopted them nonetheless It isn t because they have researched them extensively in the Bible but it s ultimately because they have found them intellectually logical and emotionally reassuring In this easy to read book you will examine a dozen questions about The Christian s relationship with God The nature and purpose of the church What we can expect in heaven and The devil and his hell The author challenges you to examine with him in light of the scriptures some of those things you believe Are they thoroughly substantiated by the Bible or have you unwittingly adopted a few spurious ideas along the way that may please your mind and warm your heart but are ultimately a collection of heartwarming heresies The Contender Vol. 52 No. 3

Freedom and Community Erich H. Loewy,1993-08-03 In this book Loewy grounds communitarian ethics in contemporary terms particularly as a response to the intractable social problems in the United States and the shocking collapse of the Soviet Union and Soviet style communism He goes far beyond his work in ethics to date moving from a dialectical

relationship between community and autonomy to a notion in which the ends and means of both community and individual interact to produce a homeostatic balance Rather than the relationship being purely one of competition between the claims of beneficence and the claims of individuality there is a necessary interrelation in which a homeostatic balance occurs assuring communal and individual survival Loewy illustrates some of the contemporary consequences of the philosophy he develops here using medicine education and affirmative action as models He expands the notion of community and shows that individual communities are related to each other as are individuals and small communities
