Towards Relational Sociology:

Towards Relational Sociology Nick Crossley, 2010-09-13 Argues that social worlds comprise networks of interaction and relations This book demonstrates how networks comprise multiple dyadic relations which are mutually transformed through their combination It covers many of the key concepts and concerns of contemporary sociology including identity power exchange and meaning

The Anthem Companion to Georg Simmel Thomas Kemple, Olli Pyyhtinen, 2016-10-01 The Anthem Companion to Georg Simmel brings together new interpretations of the work of this sociologist and philosopher The companion highlights issues themes and concepts that most concern readers in social and cultural theory today with an emphasis on critical perspectives that show how Simmel's work is relevant interesting and significant for contemporary discussions and debates Also included in this volume is Austin Harrington's translation of selections from Simmel's book on Goethe and a comprehensive list of Simmel's work in English

Towards a Collaborative Memory Sara Jones, 2022-08-12 Focusing on the memory of the German Democratic Republic Towards a Collaborative Memory explores the cross border collaborations of three German institutions Using an innovative theoretical and methodological framework drawing on relational sociology network analysis and narrative the study highlights the epistemic coloniality that has underpinned global partnerships across European actors and institutions Sara Jones reconceptualizes transnational memory towards an approach that is collaborative not only in its practices but also in its ethics and shows how these institutions position themselves within dominant relationship cultures reflected between East and West and North and South

Towards an Eliasian Understanding of Food in the 21st Century John Lever, Jennifer Smith Maguire, Adrianna Kapek-Goodridge, 2024-11-15 This edited volume serves as an overview and introduction to the conceptual apparatus of Norbert Elias for newcomers while also outlining current research within the Eliasian school of sociology An Eliasian or figural approach foregrounds process is sensitive to long term historical development and changing power relations and is methodologically diverse Elias's work is now found across academic disciplines and this volume contains contributions by sociologists anthropologists business and management scholars and those working at the interface of sociology and human geography Instead of simply highlighting the distinctiveness of the school vis vis other theoretical traditions this volume outlines how Eliasian inspired work can contribute to important debates on the future of food across academic disciplines

The Oxford Handbook of Social Networks Ryan Light, James Moody, 2020 The Oxford Handbook of Social Networks gathers forty leading scholars in social networks who link the distinct practices of social network scholars in the social sciences Each chapter provides a succinct background to and future directions for distinctive approaches to analyzing social networks theoretical methodological or substantive The Handbook serves as a resource for graduate students and faculty new to networks looking to learn new approaches scholars interested in an overview of the field and network analysts looking to expand their skills or substantive areas of research

The Relational Subject Pierpaolo Donati, Margaret S.

Archer,2015-06-18 Argues that relations are real and generate real relational goods and evils affecting those involved and other people

Methodology of Relational Sociology Elżbieta Hałas,2023-12-30 This is the first book addressing explicitly and specifically the methodological issues of relational sociology and more broadly of the new relational paradigm in social sciences The dynamically developing relational movement in social and cultural sciences is fueled by various classical and contemporary theoretical inspirations Relational approaches propose various models of relational analyses such as field analysis social space analysis network analysis or the critical realist relational heuristic The relational turn which promotes interdisciplinarity in research simultaneously reflects the drive towards an innovative reconstruction of sociology Contemporary relational sociology is at the forefront of the relational movement The program of relational sociology is still being shaped frequently becoming the subject of discussions with different standpoints expressed The aim of this book is to reflect on various relational approaches and models of relational analysis Answers to two basic questions are sought Are there foundations for a methodological unity of relational sociology despite the diversity of approaches And does relational sociology form a new paradigm To answer these questions it is necessary to investigate differences between the relational paradigm and the earlier competing sociological paradigms The answers to key questions show what innovations the methodology of relational sociology brings i e what are the methodological consequences of the relational concept of the social fact The broadly defined horizon of methodological issues is presented The book creates an open space for discussion on various approaches and varieties of relational analysis as well as the possibility of their methodological synthesis within relational sociology

Norbert Elias and Social Theory T. Landini,2013-11-18 This book will compare the approach and works of Norbert Elias well known for his analysis of the civilizing process his work on sport and violence and more largely his figurational approach with other important social theories both classical and contemporary

Junior and Youth Grassroots Football Culture Jimmy O'Gorman,2018-02-02 Football is ubiquitously acknowledged as The Global Game and or The People s Game everyday all encompassing terms familiar to anyone with an interest in football which illustrate albeit nebulously the game s international reach and popularity Yet much academic and popular attention has been and continues to be narrowly centred on topics pertaining to the elite and professional aspects of the game At a time when there appears to be an ever widening gap between the grassroots and elite levels of the sport this book brings together for the first time a collection of research articles dedicated solely to youth and junior grassroots football The intention is to generate future inquiry encourage theoretical debate and stimulate empirical research on topics and issues within the relatively marginalised area of the game that is youth and junior grassroots football The collection represents a preliminary consideration of what is already currently known about grassroots football and no less importantly point towards what remains unknown and under researched but which deserves much more attention than has been given hitherto As such the collection includes contributions from practitioners and researchers alike Topics included range from the provision organisation and

development of grassroots football in one national association to broader issues such as the sources of enjoyment in participation the lived experiences of junior players and coaches to the causes of youth dropout from football In addition the significance of social stratification and various forms of social division which structure children s participation in grassroots football are discussed These include female participation and the role of elite female role models and issues relating to the participation of immigrant youth The book is intended to appeal to practitioners academics and football enthusiasts alike This book was originally published as a special issue of Soccer Society

Questioning Leadership Gabriele Lakomski, Scott Eacott, Colin W. Evers, 2016-11-10 Questioning Leadership offers a diverse mix of cutting edge research in the field of educational leadership with contributions from expert and emerging leadership scholars It contextualises school leadership within broader social and historical contexts and traces its influence on school performance through time from its relatively modest role within a systems theory paradigm to its growing influence from the 1980s onwards as exercising leadership came to be perceived as being largely responsible for improving educational outcomes This book invites the reader to challenge the current orthodoxy of leader centrism and instead reflect more broadly on the various structural and institutional interrelationships that determine how a school functions successfully It poses challenging questions such as Is leadership really necessary for high quality school performance Can schools function effectively without leadership Is it possible to describe the work that principals do without using the word leadership How do we challenge the assumption that leadership simply exists and that it is seen as the appropriate default explanation for school performance This book does not assume that leadership is the key to organisational performance although it acknowledges the work that principals do It goes against current orthodoxy and offers varied perspectives on how leadership might be repositioned vis vis organisational and institutional structures It also suggests some new directions for leading and learning and throws open a discussion on leadership that for too long has been captured by the assumption that the leader is the cause of organisational performance and learning outcomes in schools At a time when leadership s dominance seems unshakeable this is a bold book that should appeal to postgraduate students of educational leadership and management those undertaking training in educational administration and current school leaders interested in exploring the value of leadership for educational organisations

The Oxford Handbook of Qualitative Research Patricia Leavy, 2020-09-07 The Oxford Handbook of Qualitative Research Second Edition presents a comprehensive interdisciplinary overview of the field of qualitative research Divided into eight parts the forty chapters address key topics in the field such as approaches to qualitative research philosophical perspectives narrative inquiry field research and interview methods text arts based and internet methods analysis and interpretation of findings and representation and evaluation The handbook is intended for students of all levels faculty and researchers across the disciplines and the contributors represent some of the most influential and innovative researchers as well as emerging scholars This handbook provides a broad introduction to the field of qualitative research to those with little

to no background in the subject while providing substantive contributions to the field that will be of interest to even the most experienced researchers It serves as a user friendly teaching tool suitable for a range of undergraduate or graduate courses as well as individuals working on their thesis or other research projects With a focus on methodological instruction the incorporation of real world examples and practical applications and ample coverage of writing and representation this volume offers everything readers need to undertake their own qualitative studies

Response Based Approaches to the Study of Interpersonal Violence Margareta Hydén, Allan Wade, David Gadd, 2016-01-26 Interpersonal violence has been the focus of research within the social sciences for some considerable time Yet inquiries about the causes of interpersonal violence and the effects on the victims have dominated the field of research and clinical practice Central to the contributions in this volume is the idea that interpersonal violence is a social action embedded in responses from various actors These include actions words and behaviour from friends and family ordinary citizens social workers and criminal justice professionals These responses as the contributors to this volume all show make a difference in terms of how violence is understood resisted and come to terms with in its immediate aftermath and over the longer term Bringing together an international network of scholars and practitioners from a range of disciplines and fields of practice this book maps and expands research on interpersonal violence In doing so it opens an important new terrain on which social responses to violence can be fully interrogated in terms of their intentions meanings and outcomes

The Oxford Handbook of Political Participation Marco Giugni, Maria Grasso, 2022 The Oxford Handbook of Political Participation provides readers with up to date knowledge on the wide ranging topics covered in this field and considers the key theoretical and methodological pluralism in the area as well the most recent developments One of the aims of this Handbook is to bring together two research traditions from political science and sociology bridging research in political sociology and social movement studies Accordingly the Handbook mainly brings together authors coming from both the politics and sociology research traditions as well as key authors working on political participation coming also from other fields such as psychology economics anthropology and geography The volume provides the first comprehensive up to date treatment of political participation in all of its varied expression it covers a wide range of topics relating to the study of political participation both from a theoretical and methodological perspective it brings together the political science and political sociology tradition on the one hand and the social movement sociological tradition on the other it is sensitive to theoretical and methodological pluralism as well as the most recent developments in the field and includes discussions combining perspectives that have traditionally been treated separately in the literature as well as discussions of current trends and future directions for research in this field

John Dewey and the Notion of Trans-action Christian Morgner, 2019-10-09 Engaging with several emerging and interconnected approaches in the social sciences including pragmatism system theory processual thinking and relational thinking this book leverages John Dewey and Arthur Bentley's often misunderstood concept of trans

action to revisit and redefine our perceptions of social relations and social life The contributors gathered here use trans action in a more specific sense showing why and how social scientists and philosophers might use the concept to better understand our social life and social problems As the first collective sociological attempt to apply the concept of trans action to contemporary social issues this volume is a key reference for the growing audience of relational and processual thinkers in the social sciences and beyond

The Green Transition in Motorsport Hans Erik Næss, Samuel Tickell, 2024-10-28 This book is a critical exploration of motorsport's contribution to the green transition understood as a societal shift towards a fossil free future a circular economy and greater social inclusiveness The book takes a critical look at the historical impact of motorsport and the current business and sporting models that determine its sustainability as well as the innovation that might contribute solutions to wider social and environmental problems Drawing on perspectives from sociology media and sport business the book unpacks the complexity of stakeholder interests in motorsport that might constrain positive change Presenting cases and data from Formula One Formula E Extreme E the World Rally Championship NASCAR and the World Endurance Championship the book considers the technological and organizational change required to address the triple bottom line of financial environmental and social sustainability and looks at how audiences markets teams governing bodies corporations and state actors combine to shape the social and economic environments within which motorsport takes place Representing a unique case study of the impact of elite sport on wider society this book is fascinating reading for anybody with an interest in motorsport sport business sustainable business or environment society and culture

The Structure of Digital Partner Choice Andreas Schmitz, 2016-11-01 This work approaches the modern phenomenon of online dating examining the ways people make use of its technical and social potential In particular the users mate preferences choices strategies and interactions are analyzed using the innovative method of click stream observations and web questionnaire data For the purpose of these analyses two major theories are used an explicit theory of individual mate choice and the more general relational theory developed by Pierre Bourdieu which helps to highlight the social structures both underlying and resulting from mating online Results show that online dating is not a partner market free from social structure but that the traditional social conditions found offline are also reproduced in this virtual setting In contrast to the picture drawn by media discourse and advertising online dating represents a partner market which fulfills the promise of happiness in a socially differential way

The Simmelian Legacy Olli Pyyhtinen, 2017-09-20 While Georg Simmel is widely known the impact of his work has been far from straightforward with the ways in which his ideas have been taken up by later thinkers as complex and diverse as the ideas themselves The Simmelian Legacy is a comprehensive study of the work of this influential sociologist and philosopher and its reception in the Anglophone German and French intellectual worlds By returning to Simmel and his legacy this text gives voice to a corpus of vast significance and great potential that has lived too much in the shadows It examines how his relational mode of thought transforms the landscape of sociological problems to subvert conventional

conceptions of Simmel's oeuvre as well as of sociology's history. It not only rediscovers key dimensions of Simmel's thought but also explores its gradual and uneven re-emergence within subsequent scholarship. This is an engaging and lucid intellectually illuminating and thoroughly accessible overview of the thought of one of sociology's key thinkers that will be essential reading for both scholars and students of sociology and social theory.

Economy of Identities in Traditional Chinese Theatre Ágota Révész, 2024-11-18. The book is intended to become a useful reference for theatre people who need China knowledge. Its central questions are: how is traditional Chinese theatre (Chinese opera, i.e. xiqu) embedded in contemporary Chinese society? What identities are created through theatre? And most importantly, how are these identities related to one another to form a complex economy of identities? An insight is offered into the traditional Chinese theatre system composed of over three hundred theatre types vying for recognition in a complex relational network. Understanding how this relationality works might also shed light on the functioning of other fields in the current socio-cultural complex of China.

Restorative and Responsive Human Services Gale Burford, John Braithwaite, Valerie Braithwaite, 2019-03-04. In *Restorative and Responsive Human Services*, Gale Burford, John Braithwaite, and Valerie Braithwaite bring together a distinguished collection providing rich lessons on how regulation in human services can proceed in empowering ways that heal and are respectful of human relationships and legal obligations. The human services are in trouble: combining restorative justice with responsive regulation might redeem them, renewing their well-intended principles. Families provide glue that connects complex systems. What are the challenges in scaling up relational practices that put families and primary groups at the core of health, education, and other social services? This collection has a distinctive focus on the relational complexity of restorative practices. How do they enable more responsive ways of grappling with complexity than hierarchical and prescriptive human services? Lessons from responsive business regulation inform a re-imagining of the human services to advance wellbeing and reduce domination. Readers are challenged to re-examine the perverse incentives and contradictions buried in policies and practices. How do they undermine the capacities of families and communities to solve problems on their own terms? This book will interest those who harbor concerns about the creep of domination into the lives of vulnerable citizens. It will help policymakers and researchers to re-focus human services to fundamental outcomes at the foundation of sustainable democracies. This book is available for free in PDF format as Open Access from the individual product page at www.routledge.com. It has been made available under a Creative Commons Attribution Non-Commercial No Derivatives 4.0 license.

Criminology as a Moral Science Anthony E. Bottoms, Jonathan Jacobs, 2023-09-07. This book proposes an explicit recognition of criminology as a moral science: a philosophically textured appreciation of the presence and role of values in people's reasoning and motivation, set within an empirically rigorous social scientific account. This endeavour requires input from both criminologists and philosophers and careful dialogue between them. *Criminology as a Moral Science* provides such a dialogue, not least about the so-called fact-value distinction but also about substantive topics such as guilt and shame. The

book also provides philosophically informed accounts of morality in practice in several criminological contexts these include whistleblowing practices within a police service the dilemmas of mothers about who and what to tell about a partner's imprisonment and how persistent offenders begin to try to turn their lives around to desist from crime The issues raised go to the heart of some currently pressing topics within criminology notably the development of evidence based practice which requires some kind of stable bridge to be built between research evidence facts and proposals for policy evaluative recommendations

As recognized, adventure as skillfully as experience approximately lesson, amusement, as competently as contract can be gotten by just checking out a ebook **Towards Relational Sociology** with it is not directly done, you could say yes even more in this area this life, approaching the world.

We come up with the money for you this proper as without difficulty as easy pretension to acquire those all. We give Towards Relational Sociology and numerous books collections from fictions to scientific research in any way. among them is this Towards Relational Sociology that can be your partner.
