What Happens When I Flush The Toilet Everyday Mysteries:

How Does a Light Bulb Work? Demi Jackson, 2015-12-15 In the past few decades light bulb technology has gotten better Not only have compact fluorescent light bulbs become available and affordable but federal guidelines have caused incandescent light bulbs to become more efficient too Readers learn about both kinds of light bulbs how they work and their differences They ll find an introduction to important science curriculum concepts such as circuits and environmental impact The main content traces electricity s path from the power plant all the way to the lamp in a house and a colorful diagram illustrates this process as well

Why Does Food Go Bad? Benjamin Proudfit, 2015-12-15 It s disappointing to open a container of strawberries only to see green fuzz covering them Even worse is pulling out moldy cheese for a sandwich Fruits and vegetables actually begin breaking down the minute they re picked With more packaged food like meat cheese and bread this begins right when the seal is broken or before if it s been on the shelf too long Bacteria are the main culprits of food going bad as readers learn in this book Up close photographs and an illustrated diagram of the process help readers further understand an everyday problem and the science behind it

Why Do Ice Cubes Float? Benjamin Proudfit, 2015-12-15 Water is a big part of everyday life People wash with it drink it and run inside when it falls as rain It also seems to defy the basics of physical science by floating in liquid when frozen as ice Readers learn exactly why that is through accessible and age appropriate language as well as how liquid water becomes ice Full color photographs complement the main content and an illustrated graphic organizer shows this common process step by step to help readers truly understand this science concept

How Is Paper Made? Demi Jackson, 2015-12-15 The ancient Chinese began making paper about 2 000 years ago The basic process they created has been used throughout history However paper companies today use machines and can make a lot of paper at once instead of just one sheet at a time Readers track papermaking from cutting down trees and making pulp with the wood to the final product we can use for writing Full color photographs show the papermaking process step by step and an illustrated diagram simplifies it further for readers to review after reading the main content

What Happens When I Flush the Toilet? Walter LaPlante, 2015-12-15 One person uses more than 20 000 sheets of toilet paper each year That means a family of four uses more than 80 000 sheets But what happens to all that used tissue Readers follow this and other waste through the toilet to discover this very answer Full color photographs and a simple graphic organizer aid readers understanding of this everyday process including an accessible description of common waste management Including a brief history of the toilet the main content is written in accessible language for curious readers
