What Is A Parent A Socio Legal Analysis:

What is a Parent Andrew Bainham, Shelley Day Sclater, Martin Richards, 1999-07-01 This collection of essays is the product of a series of seminars held at the University of Cambridge in 1998 under the auspices of the newly formed Cambridge Socio Legal Group The book presents an interdisciplinary exploration of the nature of parenthood and its various manifestations in contemporary society It is divided into three sections dealing respectively with defining parenthood new issues in contemporary parenting and parenting post divorce Each contributor addresses the central question What is a Parent from the perspective of his or her own discipline thus bringing together ideas about parents derived from law sociology psychology biology and criminology Despite the familiar and apparently obvious answer to this question the notion of parent emerges from the analysis as a contested concept Definitions are various and fluid parenting practices are by no means fixed and ideologies which frame who parents are and what they do are subject to disruptions from several quarters In short the essays in this book show the ways in which parent like child is a term with a shifting meaning and parenthood refers to a fluid set of social practices which are historically and culturally situated Contributors Andrew Bainham Carol Brayne Stuart Bridge Rachel Cook Shelley Day Sclater Margaret Ely Loraine Gelsthorpe Susan Golombok Jack Goody Jonathan Herring Felicia Huppert Allison James Martin Johnson Bridget Lindley Mavis Maclean Juliet Mitchell Ros Pickford Martin Richards Wendy Solomou Candida Yates Parental Responsibility, Young Children and Healthcare Law Jo Bridgeman, 2007-04-19 This book provides a comprehensive examination of the legal regulation of the provision of healthcare to young children in England and Wales A critical analysis is given on the law governing the provision of healthcare to young and dependent children identifying an understanding of the child as vulnerable and in need of protection including from his or her own parents The argument is made for a conceptual framework of relational responsibilities which would ensure that consideration is given to the needs of the child as an individual to the experiences of parents gained as they care for their child and that the wider context such as attitudes towards disability public health issues or the support and resources available is examined This book makes an important contribution to understanding the law regulating the provision of healthcare to young and dependent children and to the development of a discourse of responsibility **Key Concepts in Childhood Studies** Allison James, Adrian James, 2012-07-25 Arranged alphabetically core ideas about Agency and Development through to Socialisation and Youth are explained in straightforward language with a concise introduction to key theoretical debates as well as up to date references Martin Woodhead The Open University A challenging text that is recommended for all levels of the BA in Childhood Studies programme The short focussed chapters provide students with a comprehensive overview of a topic which they can then research in further depth Sharron Galley Centre for Childhood Studies Stockport College This book gives a fantastic first look at many key concepts which are new to students in a way that is easily approachable and understandable A great place to start further studies Kathryn Peckham Chichester University This

book has already proved itself as a market leader in Childhood Studies All of the strengths of the First Edition have been retained The book is comprehensive and judged with the needs of students in mind It is a model of clarity and precision and has been acknowledged as such in reviews and course feedback The new edition thoroughly revises old entries and adds new ones The book is the most accessible relevant student introduction to this expanding interdisciplinary field It is an indispensable teaching text and an ideal prompt for researchers

Family Law International Society on Family Law. World Conference, 2003-04-10 Papers from the 10th International Society of Family Law Conference covering the resolution of disputes and current pressures on family law

What is The Family of Law? Alan Brown, 2019-02-07 This book argues that the legal understanding of family in the UK continues to be underpinned by the idealised image of the nuclear family premised upon the traditional gendered roles of father as breadwinner and mother as homemaker This examination of the law's model of the family has been prompted by the substantial reforms that have taken place in family law in recent decades and the significant evolution in social attitudes and familial practices that has occurred in parallel Throughout the book the influence of the nuclear family is noted in several different contexts various specific legal definitions of family the legal regulation of adult conjugal relationships the attribution of legal parenthood and the construction of the role of the parent within the law Ultimately this book argues that while these reforms have resulted in additional categories of relationship coming to be situated within the nuclear family model there has not as yet been any fundamental alteration of the underpinning concept of the nuclear family itself This book concludes by considering the possibilities offered beyond the nuclear family exploring the reconceptualising of the legal understanding of family around alternative and potentially radical models of family

The UN Convention on the Rights of the Child John Tobin, 2019-03-28 The United Nations Convention on the Rights of the Child is the most extensive and widely ratified international human rights treaty This Commentary offers a comprehensive analysis of each of the substantive provisions in the Convention and its Optional Protocols on Children and Armed Conflict and the Sale of Children Child Prostitution and Pornography It provides a detailed insight into the drafting history of these instruments the scope and nature of the rights accorded to children and the obligations imposed on states to secure the implementation of these rights In doing so it draws on the work of the Committee on the Rights of the Child international regional and domestic courts academic and interdisciplinary scholarly analyses It is of relevance to anyone working on matters affecting children including government officials policy makers judicial officers lawyers educators social workers health professionals academics aid and humanitarian workers and members of civil society

The Hastings Law Journal, 2002

Regulating Autonomy Shelley Day Sclater, 2009-04 These essays explore the nature and limits of individual autonomy in law policy and the work of regulatory agencies Authors ask searching questions about the nature and scope of the regulation of private lives from intimacies personal relationships and domestic lives to reproduction They question the extent to which the law does or should protect individual autonomy Recent rapid advances in the development

of new technologies particularly those concerned with human genetics and assisted reproduction have generated new questions practical social legal and ethical about how far the state should intervene in individual decision making Is there an inevitable tension between individual liberty and the common good How might a workable balance between the public and the private be struck How indeed should we think about autonomy The essays explore the arguments used to create and maintain the boundaries of autonomy for example the protection of the vulnerable public goods of various kinds and the maintenance of tradition and respect for cultural practices Contributors address how those boundaries should be drawn and interventions justified How are contemporary ethical debates about autonomy constructed and what principles do they embody What happens when those principles become manifest in law
