artworks on display in the nation's best museums there is no greater whirlwind introduction to the country than by way of Madrid. Once you've roamed the halls of the Prado for hours on end and still not seen all the works or danced away the night at Palacio only to learn the following day that a far better and less touristy disco is just around the corner then you will understand why Madrid is best approached on its own terms. It isn't a love affair that keeps people coming back to this city time and again but more like a life long courtship. Here is a highly detailed guide to Madrid and the surrounding areas loaded with maps, photos and all the information you need about restaurants, hotels, what to see and what to do.
