Wilhelm Meister's Apprenticeship Johann Wolfgang von Goethe, 2015-07-08 Excerpt from Wilhelm Meister's Apprenticeship A Novel It has been observed by a very profound German critic that the periods of Goethe's outward life are most intimately connected with the eras of his literary career and they are generally divided into three principal periods which have been designated as the sentimental and intense the ideal and the elegant In the former Goetz von Berlichingen and Werther are the chief illustrations of his genius and in those two works Goethe found means to gratify his strongest youthful propensities the one for German things and manners the other for the delineation of joys and sorrows common to humanity which agitated his bosom The character of his works at this period was national full of that German spirit for which Lessing fought so manfully and which Goethe expressed with matchless felicity Between the first and second eras of his literary career an interval of twelve years elapsed during which he produced nothing very considerable but it was at this time that he visited Italy If as it has been said his taste had previously inclined to the Flemish school it was after his visit to Italy that his eyes opened to the full perception of high art His rich and fertile spirit which embraced at once the Lofty the Child like and the Lovely now turned to the Noble and the Elevated In place of his former principle of naturalness or reality now arose that of Ideality that pure Ideality which transports nature into the regions of Idea and pure Beauty The three great works which fall within this era are William Meister Faust and Hermann and Dorothea What Goethe really intended by the first of these performances must remain to some degree a mystery About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Wilhelm Meister's**

2 Serlo always on the watch for every germ of talent encouraged her in this but the gift that found most favour in his eyes was her pretty varied and sometimes even cheerful singing the same talent by which the harper had won his favour Without possessing musical genius himself or playing on any instrument Serlo appreciated the high value of music fully and tried as often as possible to procure himself the pleasure of hearing it a pleasure with which no other can compare Once every week he gave a concert a curious little private orchestra having formed itself composed of Mignon the harper and Laertes who was a very fair performer on the violin Serlo often said People are so inclined to occupy themselves with what is commonest mind and senses so easily become blunted to impressions of what is good and beautiful that we ought in every way to try and hold fast the capability of feeling the best and highest things No one can afford entirely to dispense with these enjoyments and the fact that so many people take delight in what is worthless and absurd provided only it be a novelty is accounted for by the few opportunities they have of enjoying anything really good We ought he would say to hear at least one little song every day read a good poem see a first rate painting and if possible speak a few sensible words About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Wilhelm Meister's Apprenticeship and Travels (Classic Reprint) Johann Wolfgang von Goethe, 2016-09-17 Excerpt from Wilhelm Meister's Apprenticeship and Travels Nor among readers of a far higher character can it be expected that many will take the praiseworthy pains of Germans reverential of their favorite author and anxious to hunt out his most elusive charms Few among us will disturb themselves about the allegories and typical allusions of the work will stop to inquire whether it includes a remote emblem of human culture or includes no such matter whether this is a light airy sketch of the development of man in all his endowments and faculties gradually proceeding from the first rude exhibitions Of puppets and mountebanks through the perfection of poetic and dramatic art up to the unfolding of the principle of religion and the greatest Of all arts the art of life or is nothing more than a bungled piece of patchwork presenting in the shape of a novel much that should have been suppressed entirely or at least given out by way of lecture Whether the characters do or do not represent distinct classes of men including various stages of human nature from the gay material vivacity of Philina to the severe moral grandeur Of the uncle and the splendid accomplishment of Lothario will to most of us be Of small importance and the everlasting disquisitions about plays and players and politeness and activity and art and nature will weary many a mind that knows not and heeds not whether they are true or false Yet every man's judgment is in this free country a lamp to himself whoever is displeased will censure and many it is to be feared will insist on judging Meister by the common rule and

what is worse condemning it let Schlegel bawl as loudly as he pleases To judge says he of this book new and peculiar as it is and only to be under stood and learned from itself by our common notion of the novel a notion pieced together and produced out of custom and belief out of accidental and arbitrary requisitions is as if a child should grasp at the moon and stars and insist on packing them into its toy box 1 Unhappily the most of us have boxes and some Of them are very small About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Wilhelm Meister's Apprenticeship and Travels, Vol. 3 of 3** Johann Wolfgang von Goethe, 2018-01-24

Excerpt from Wilhelm Meister s Apprenticeship and Travels Vol 3 of 3 From the German Travels Goethe was destined as his father had been for the pro fassion of law and in due time he went successively to Leipzig and Strasburg to prepare for and to undertake the study of it But his quick impassioned and discursive mind impressed by the most varied impulses was continually diverging into many provinces remote enough from this his appointed occupation for which as was naturally to be expected he had never shown any pre ference though from time to time he had not failed to prosecute with fits of resolute diligence the tasks pre scribed by it In 1771 he obtained his degree but if the form of his outward life might now seem clear and de terminad his inward world was still in a state of uproar and disorder The ambition of wealth and official celebrity would not seize him with due force a thousand vague purposes and vehement wishes and brightest and blackest forecastings were con icting within him for a strong spirit was here struggling to body itself forth from the most discordant elements and what was at last to rise as a fair universe of thought still rolled as a dim and wasteful chaos About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Translations from the German, Vol. 2 Thomas Carlyle,2018-05-03 Excerpt from Translations From the German Vol 2 Wilhelm Meister s Apprenticeship and Travels Thus when Wilhelm thought how little he had done for Felix how little he was capable of doing there arose at times a restlessness within him which appeared to counterbalance all his happiness Are we men then said he so selfishly formed that we cannot possibly take proper charge of any one without us Am I not acting with the boy exactly as I did with Mignon I drew the dear child towards me her presence gave me pleasure yet I

cruelly neglected her What did I do for her education which she longed for with such earnestness Nothing I left her to herself and to all the accidents to which in a society of coarse people she could be exposed And now for this boy who seemed so interesting before he could be precious to thee has thy heart ever bid thee do the smallest service to him It is time that thou shouldst cease to waste thy own years and those of others awake and think what thou shouldst do for thyself and for this good being whom love and nature have so firmly bound to thee This soliloquy was but an introduction to admit that he had already thought and cared and tried and chosen he could delay no longer to confess it After sorrow often and in vain repeated for the loss of Mariana he distinctly felt that he must seek a mother for the boy and also that he could not find one equal to Theresa With this gifted lady he was thoroughly acquainted Such a spouse and helpmate seemed the only one to trust one s self to in such circumstances Her generous affection for Lothario did not make him hesitate By a singular destiny they two had been forever parted Theresa looked upon herself as free she had talked of marrying with indifference indeed but as of a matter understood About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
