William Empson Against The Christians Volume II:

William Empson, Volume II John Haffenden, 2009-01-22 John Haffenden's acclaimed biography of William Empson 1906-1984, the foremost English literary critic of the twentieth century, is now available in paperback. An authoritative and compelling account and the second of two volumes exploring his remarkable life and work. **William Empson, Volume II** John Haffenden, 2006-11-02 William Empson 1906-1984 was the foremost English literary critic of the twentieth century. His public life and travels took him through many of the major events of the modern world. This compelling account is the second of two volumes exploring his remarkable life and work. *Liberty, Equality, and Humbug* David Dwan, 2018-10-17 George Orwell is watching you and you're watching him. Britain pays its respects in the form of the Orwell Prize, the Orwell Lecture, and more recently Orwell Day. A statue of Orwell now stands outside Broadcasting House in London, and he continues to tower over broadsheet journalism. His ghost is repeatedly summoned in the houses of Parliament and in schools across Britain. In Europe and the US, citizens confront the perennial question: What would Orwell say? Orwell is part of the political vocabulary of our times, yet partly due to this popularity, what he stands for remains opaque. His writing confirms deep and widely shared intuitions about political justice, but much of its enduring fascination derives from the fact that these intuitions don't quite add up. David Dwan accounts for these inconsistencies by exploring the broader moral conflict at the centre of Orwell's work and the troubled idealism it yields. Examining the whole sweep of Orwell's writings, this book shows how literature can be a rich source of political wisdom. *Passport to Peking* Patrick Wright, 2010-10-28 This delightfully eclectic book, part comedy, part travelogue, and part cultural history, uncovers the story of the British delegations that were invited to China in 1954, a full eighteen years before President Nixon's more famous 1972 mission. *Milton in the Arab-Muslim World* Islam Issa, 2016-10-14 The first full-length study of the reception of John Milton's 1608-74 writings in the Arab-Muslim world, this book examines the responses of Arab-Muslim readers to Milton's works and, in particular, to his epic poem *Paradise Lost*. It contributes to knowledge of the history, development, and ways in which early modern writings are read and understood by Muslims. By mapping the literary and more broadly cultural consequences of the censorship, translation, and abridgement of Milton's works in the Arab-Muslim world, this book analyses the diverse ways in which Arab Muslims read and understand a range of literary and religious aspects of Milton's writing in light of cultural, theological, socio-political, linguistic, and translational issues. After providing an overview of the presence of Milton and his works in the Arab world, each chapter sheds light on how cultural and translational issues shape the ways in which Arab-Muslim readers perceive and understand the characters and motifs of *Paradise Lost*. Chapters outline the ways in which the figures are currently understood in Milton scholarship, before exploring how they fit into the narrative, drama, and theology of the poem and their position in Islamic creed and Arab-Muslim culture. Concurrently, each chapter examines the poem's subject matter in detail, placing particular emphasis on matters of linguistic, theological, and cultural translation and accommodation. Chapter conclusions not only

summarise the patterns and potentialities of reception but point towards the practical functions of Arab Muslim responses to Milton's writing and their contribution to the formation of social ideas *Common Writing* Stefan Collini, 2016 In a series of penetrating and attractively readable essays Stefan Collini explores aspects of the literary and intellectual culture of Britain from the early twentieth century to the present *Common Writing* focuses chiefly on writers critics historians and journalists who occupied wider public roles as cultural commentators or intellectuals as well as on the periodicals and other genres through which they attempted to reach such audiences Among the figures discussed are T S Eliot Graham Greene J B Priestley C S Lewis Kingsley Amis Nikolaus Pevsner Hugh Trevor Roper Christopher Hitchens and Michael Ignatieff The essays explore the variety of such figures' writings something that can get overlooked or forgotten when they are treated exclusively in terms of their contribution to one established or professional category such as novelist or historian while capturing their distinctive writing voices and those indirect or implicit ways in which they position or reveal themselves in relation to specific readerships disputes and traditions These essays engage with recent biographies collections of letters and new editions of classic works thereby making some of the fruits of recent scholarly research available to a wider audience Collini has been acclaimed as one of the most brilliant essayists of our time and this collection shows him at his subtle perceptive and trenchant best *Common Writing* will appeal to and delight readers interested in literature history and contemporary cultural debate **Great Shakespeareans Set III** Adrian Poole, Peter Holland, 2014-09-11 Great
