Wingspan Inside The Mens Movement:

Wingspan Christopher Harding,1992 The editor of *Wingspan* the official journal of the men s movement offers an authoritative introduction to the movement written by its leaders and including essays poetry letters photos cartoons and much more Original *Ecomasculinities* Rubén Cenamor,Stefan Brandt,2019-01-25 While there exist numerous studies on ecocriticism and ecofeminism much less has been written about ecomasculinities This volume contributes to filling this gap by examining models of fictional ecomasculinity in and through contemporary U S literature and cinema Our study examines ecomasculinities as practices of masculinity which are deeply conservationist and can embrace non masculine traits In this line of thought a main goal of the volume is to interrogate the potential of ecomasculinities to elicit in men a desire to become engage in other practices of masculinity that are counter hegemonic and have as main goal to achieve equality on different strata of society Bridging the gap between the Social Sciences and the Humanities the book interrogates intersections between ecomasculinities and masculinities beyond capitalism ecomasculinities and aging and ecomasculinities and queerness among others **Theorizing Masculinities** Men's Studies Association (U.S.),1994-06-13 Drawing together the broad range of theoretical issues posed in the new study of masculinity contributors from diverse backgrounds address in this volume the different disciplinary roots of theories of masculinity sociology psychoanalysis ethnography and inequality studies Subsequent chapters theoretically model many issues central to the study of men power ethnicity feminism homophobia or develop theoretical explanations of some of the institutions most closely identified with men including the military and the men s movement Men's Bodies, Men's Gods Bjorn Krondorfer,1996-01-01 Men s Bodies Men s Gods explores the intersection of body religion and culture from the specific perspective of male identities How are male bodies constructed in different historical periods and contexts How do race ethnicity and sexual preference impact on the intersection of male bodies and religious identity Does Christianity provide models to cope with the aging and ailing male body Does it provide models for intimacy between men and women Between men and men And how do men reflect the carnal dimensions of power abuse and justice **Numen, Old Men** Joseph Gelfer,2016-09-17 Since the early 1990s there have been various movements designed to encourage masculine spirituality All these movements share a concern that spirituality has become too feminine and that men s experiences of the spiritual are being marginalized The task of masculine spirituality is to promote authentic masculine characteristics within a spiritual context Numen Old Men examines these characteristics to argue that masculine spirituality is thinly veiled patriarchy The mythopoetic evangelical and Catholic men s movements are shown to promote a hetero patriarchal spirituality by appealing to either combative and oppressive neo Jungian archetypes or biblical models of man as the leader of the family Numen Old Men examines spiritualities that aim to honour and transcend both the masculine and feminine and offers gay spirituality as an example of masculine spirituality that resists patriarchy *White Identities* Alastair Bonnett,2018-10-08 *White Identities* provides a comprehensive overview of this

debate drawing together the various strands of recent research into an accessible but challenging introduction The author argues that White Studies as it is presently conceived is an American project reflecting American interpretations of race and history However the book shows that the impact of white identities is international in scope and significance Thus only a thorough historical and international perspective on whiteness can provide a proper introduction to the subject an

introduction that has relevance to students worldwide **Mythopoetic Perspectives of Men's Healing Work** Edward R. Barton, 2000-09-30 Photocopied galley proof with manuscript revisions and printer's annotations of Mythopoetic perspectives of men's healing work 2000 published by Bergin Garvey The Chicago Gangster Theory of Life Andrew Ross, 1994 Strange and scary days for an ecology movement that was conceived in fierce opposition to power Fractured as ever by divisions and competing agendas the movement must now confront the dangerous tendency of those in power to invoke nature's laws as a model for social well being Partly as a result of ecology's influence biologism is back and the spectres of social Darwinism and Malthusian ideas about natural scarcity have begun to reinforce if not translate in calls for a reduction in right and freedoms in our civil society Andrew Ross's The Chicago Gangster Theory of Life questions the evangelical asceticism of much environmentalist thought and calls for a renewal of the libertarian post scarcity tradition Opening with a stunning essay on the ethnic and socio economic bases of cultural nationalism in the Pacific Islands he assesses the continuing historical appeal of ecological romanticism long associated with Polynesian peoples and central today to a tourist industry that is the new mode of Third World underdevelopment Turning to home he analyzes the 1933 bombing of New York's World Trade Center in the ecological context of urban development that has made the city a capital both of global finance and of new immigrant cultures In a response to the bombing and environmental terrorism of the Gulf War Ross goes on to explore the ecology of images that characterized the media's role in that war's carnage and in the mounting collateral damage of the New World Order A fourth chapter discusses the much hyped men's movement as a response to debates among eco feminists The book concludes with a sweeping critique of the new world view being ushered in by geneticists and the biotechnology industry a philosophy of biological determinism that Ross describes as the Chicago gangster theory of life With his sharp eye for the crucial cultural phenomena of our times Ross's wry take on the contradictions of green politics is tempered by his commitment to dispel the ecology movement's public image as an anti libertarian politics that always says no and preaches self limitation rather than promising social fulfillment He sees an ecological future of public affluence and not voluntary poverty a world where nature is a participant in our social plans and not an authority locking us into some incontrovertible fate A Qualitative Exploration of Participation in Men's Peer Mutual Support Groups Edward Read Barton, 2003
