Willa Cather In Person Interviews Speeches And Letters:

Willa Cather in Person Willa Cather, 1986-01-01 Cather the Nebraska born novelist describes her childhood her career as a writer and the influences on her work *Willa Cather in Person* L. Brent Bohlke, 1986 *Silent Film and the Formations of U.S. Literary Culture* Sarah Gleeson-White, 2024-05-14 Silent Film and the Formations of U S Literary Culture Literature in Motion argues that the emergence of motion pictures constituted a defining moment in U S literary history Author Sarah Gleeson White discovers what happened to literary culture both popular and higher brow when inserted into the spectacular world of motion pictures during the early decades of the twentieth century How did literary culture respond to and how was it altered by the development of motion pictures literature s exemplar and rival in narrative realism and enthrallment Gleeson White draws on extensive archival film and literary materials and unearths a range of collaborative cross media expressive and industrial practices to reveal the manifold ways in which early twentieth century literary culture sought both to harness and temper the reach of motion pictures **Willa Cather in Person** Willa Cather, 1986 A collection of the American author s public speeches interviews and letters **World War One, American Literature, and the Federal State** Mark Whalan, 2018-09-20 This book shows an empowered federal state as a significant factor in experimental American culture well before the 1930s Handbook of the American Novel of the Twentieth and Twenty-First Centuries Timo Müller, 2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James s *The Ambassadors* to McCarthy s *The Road* These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification The Preface Ross K. Tangedal, 2021-11-06 Building on insights from the fields of textual criticism bibliography narratology authorship studies and book history *The Preface American Authorship in the Twentieth Century* examines the role that prefaces played in the development of professional authorship in America Many of the prefaces written by American writers in the twentieth century catalogue the shifting landscape of a more self consciously professionalized trade one fraught with tension and compromise and influenced by evolving reading publics With analyses of Willa Cather Ring Lardner F Scott Fitzgerald Ernest Hemingway Robert Penn Warren and Toni Morrison Ross K Tangedal argues that writers used prefaces as a means of expanding and complicating authority over their work and ultimately as a way to write about their careers

Tangedal's approach offers a new way of examining American writers in the evolving literary marketplace of the twentieth century. Something Complete and Great Holly Blackford Humes, 2017-12-01 This volume situates *My Antonia* as a novel that stands the test of time by including in its pages an extraordinarily wide range of historical, cultural, literary, psychological, thematic, perceptual, and stylistic issues. The volume provides an analysis and assessment of complexities in the novel as well as its reception and legacy. The essays as a whole situate the novel at the cusp of the modern period, marking in myriad ways the novel's transitional role between nineteenth and twentieth century literature and culture. The first section, Translation, features writers that reflect on Cather's curious devaluation of *My Antonia*'s reception over time, translation issues in Germany, Italy, France, and Russia, and linguistic issues in the novel's vision of *Antonia*'s acculturation. The second section, Tradition, defines Cather's relationship to modernism and regionalism through her career shifts and changes to the Introduction as well as her narrative technique in marginalizing violence and darkness to the edges of Jim's consciousness. The third section, Transgender, analyzes Cather's relationship to Hamlin Garland's *Life on the Prairie*, J. M. Barrie's *Peter Pan* and the Neverland, and the work of Truman Capote, especially his gay protagonist Joel Knox in *Other Voices, Other Rooms*. The fourth section, Transhuman, deploys work on hysteria to situate Cather's vision of genderless desire and ecocritical lenses to understand Jim and nature. Finally, the last section, Transition, discusses Lena Lingard's presence as a New Woman and gift economies in the novel that underscore the community's uneasy transition to twentieth century capitalism. Gathered in the volume are an international group of scholars who demonstrate the novel's centrality to women's studies, American studies, queer studies, childhood studies, psychoanalysis, ecology, translation, and reception, Marxism, narratology, and intertextuality. **Sixteen Modern American Authors** Jackson R. Bryer, 1989 Praise for the earlier edition: Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers. In its new form *Sixteenth Modern American Authors* it will continue to be indispensable. If it is not a desk book for all Americanists, it is a book to be kept in the forefront of the bibliographical compartment of their brains. **American Studies Willa Cather Pioneer Memorial and Educational Foundation Newsletter and Review**, 2005 **Stranger in Our Midst** Peter Lancelot Mallios, 2000 The Heath Anthology of American Literature Paul Lauter, 1994 **Literature and Belief**, 2001 **Review**, 2001 **The Key Reporter**, 1985 **Midamerica**, 1989 **Subject Guide to Books in Print**, 1975 **Muse and Audience in the Work of Willa Cather** Karen Jeannette Kebarle, 1995 The Goddess in the Landscape Kathleen Davies, 1991 *Feminist Periodicals*, 1988
