William D Berry 1954 1956 Field Sketches Natural History:

William D. Berry William D. Berry, 1989 An exquisitely lovely book compiled by Berry's widow and covering work done during his first three years in Alaska Here are hundreds of pencil studies Berry's most confident medium with his detailed notes on form color behavior Most of this period was around Mt McKinley with some drawings of marine life Some 50 pages are color sketches The bulk of the drawings carry Berry's detailed observations in legible block letters A splendid book of natural history and art If it meets with the success it deserves we can hope to see further volumes 11x9 Annotation copyrighted by Book News Inc Portland OR *Journal of the West* Lorrin L.
