Harvey Gardiner, 2013-12-06 This biography of a distinguished historian and man of letters is the first study of William Hickling Prescott 1796 1859 to be written by a historian who has worked with the very themes explored by Prescott And it is the first to treat him not only as creative historian but also as family man as traveler and clubman as investor and humanitarian and as private citizen with strong political preferences Prescott the socialite and Prescott the introvert writer emerge in the round as the magnificent amateur who helped establish canons that have enriched American historical scholarship ever since Blending history and literature his multivolume works won Prescott the first significant international reputation to be accorded to an American historian Working despite persistent obstacles of health and against a penchant for society and leisure that was always part of his personality Prescott came to be considered the finest interpreter of the Hispanic world produced by the Anglo Saxon world His *Conquest of Mexico* and *Conquest of Peru* were pronounced classics C Harvey Gardiner takes the reader back to the nineteenth century in style and in subject to present William Hickling Prescott gentleman and scholar firmly fixed in relationship to his community and his times But Gardiner s Victorian stance and respect for nineteenth century historiography do not prevent his presenting Prescott as a whole man viewed in retrospect stripped of myth and evaluated for moderns **The Works of William H.
