Wilmot Hocker Conflict Assessment Guide:

Conflict and Communication Fred E. Jandt, 2016-03-22 *Conflict and Communication* introduces students to important theories, key concepts and essential research in the study of conflict along with practical skills for managing conflict in their daily lives. Author Fred E. Jandt illustrates how effective communication can be used to manage conflict in relationships and within organizational and group contexts. Along with foundational coverage of conflict styles, mediation and negotiation skills, the text also features new and emerging models of conflict management including chapters examining the challenges of conflict between cultures, a chapter on family and organizations, information on both face to face and online bullying, a detailed step by step guide for mediation and more emphasis on online dispute resolution. **Dispute System Design** Lisa Blomgren Amsler, Janet Martinez, Stephanie E. Smith, 2020-06-02 *Dispute System Design* walks readers through the art of successfully designing a system for preventing, managing and resolving conflicts and legally framed disputes. Drawing on decades of expertise as instructors and consultants, the authors show how dispute systems design can be used within all types of organizations including business firms, nonprofit organizations and international and transnational bodies. This book has two parts: the first teaches readers the foundations of Dispute System Design (DSD), describing bedrock concepts and case chapters exploring DSD across a range of experiences including public and community justice, conflict within and beyond organizations, international and comparative systems and multi-jurisdictional and complex systems. This book is intended for anyone who is interested in the theory or practice of DSD, who uses or wants to understand mediation, arbitration, court trial or other dispute resolution processes or who designs or improves existing processes and systems. **Conflict in Child and Adolescent Development** Carolyn U. Shantz, Willard W. Hartup, Carolyn Uhlinger Shantz, 1995-02-24 This book focuses on the role of conflict in psychological and social development. *Nursing Leadership and Management* Rebecca A. Broad and comprehensive coverage encompasses leadership and management theories and processes by synthesizing information from nursing, health care, general administration and management and leadership literature. Activities teach them how to research decision making, data participatory action research process and analyze and make reliable choices in managing their work environment. Theory based, scholarly yet practical, this is the most comprehensive and engaging baccalaureate text on the market. **Beyond Mediation** Daniel Njoroge Karanja, 2020-09-29 This book offers narrative analysis theory as a vehicle to understand indigenous mediation. The conceptual basis for this manuscript is the undisputed, urgent need to understand mediation from a conflict transformation perspective, highlighting the nexus between indigenous justice, forgiveness and trauma healing. This book is based on the assumptions that local communities have the tools, capabilities that they need to build stable and enduring peaceful co-existence. These capacities have been weakened by

the political elite and bankrupt corrupt leadership approaches that must be rejected through empowerment and rigorous mediation brigades at the local level The last chapter in the manuscript proposes a research center for indigenous justice forgiveness and trauma healing in East Africa that will guarantee decades of scholarship and research around this subject in East Africa and beyond
