Wind Horses and Horned Lions J. H. Sweet, 2015-06-15 The world contains many magical creatures even some we haven't heard of perhaps lost to written history or possibly because people never encountered them or simply didn't know what to call them Or perhaps God is constantly creating new ones that haven't yet been discovered Whatever the case when Vini Aberdeen commits her life to Christ and begins searching for a unicorn a creature of purity thought to be capable of bringing goodness back into our dark world God provides her with helpers in the form of wind horses creatures she's certainly never heard of seemingly made of wind with powers connected to that awesome force Wondering if she should drop her quest for a unicorn since she now has such amazing strength on her side to help combat evil Vini soon discovers that God in providing His assistance is actually leading her in that direction However with the multitudes of myths surrounding unicorns Vini begins to feel she may never figure out how to find one let alone discover the exact purposes or powers of the creatures But she can't stop trying because if she's successful she just might be able to save the whole world Ages 11

The Knight of the Lion Chrétien (de Troyes), 1916 **Ancient Thrace and the Classical World** Jeffrey Spier, Timothy Potts, Sara E. Cole, Margarit Damyanov, 2024-11-26 A captivating examination of the profound impact Thracian art and culture had on the Greeks and the entire northern Aegean region The Thracians a collection of tribal peoples who inhabited territories north of ancient Greece an area that comprises present day Bulgaria much of Romania and parts of Greece and Turkey were renowned for their skill as warriors and horsemen as well as for their wealth in precious metals Thracians left few written records and knowledge of their history and customs has long been dependent on brief accounts from ancient Greek authors They appeared in Greek myth as formidable adversaries in the Trojan War cruel kings

and followers of the ecstatic god Dionysos Spectacular archaeological discoveries made in Thracian lands during modern times however have provided firsthand evidence of this remarkable culture illuminating Thrace's interactions with Greece Persia and Rome Ancient Thrace and the Classical World reproduces more than two hundred glorious objects dating from the end of the Bronze Age around 1200 BC to the end of the first century AD when Thrace became part of the Roman Empire Experts explore topics such as Thracian royal tombs the Greek colonization of the Black Sea coast Thracian religion and more placing Thracian culture in a broader historical context that highlights its complex relationships with the surrounding region This volume is published to accompany an exhibition on view at the J Paul Getty Museum at the Getty Villa from November 6 2024 to March 3 2025
