Regardless of your approach, when you commit yourself to practicing the steps outlined in this book, you will surely open yourself up to great personal growth and momentum toward achieving your dreams. Anything the mind can conceive and believe it can achieve. Within this one line is distilled a success formula so simple that anyone can apply it and yet so demanding that only a minority of the population ever fully lives it out. Upon it was built a success philosophy that explains how human desires can be translated into material reality, a framework that rests upon the power of thoughts to seek expression in physical form. Through this singular concept, the world's wealthiest and most successful individuals, rich in money, relationships, power, peace of mind, and social standing, have built and maintained their prosperity. It is the foundational principle of Napoleon Hill's Science of Success program, an achievement philosophy that effectively helped end the Great Depression and that has since made more millionaires, cultural icons, and thought leaders than any other. Hill was born in 1883 in a one-room cabin on the Pound River in Wise County, Virginia. He began his writing career at age thirteen as a mountain reporter for small-town newspapers. In 1908, as a young

special investigator for a nationally known business magazine he was sent to interview the great steel magnate Andrew Carnegie. During that interview Carnegie shared the secrets that had enabled him to acquire hundreds of millions of dollars: a magic law of the human mind, a little known psychological principle that was amazing in its power. Believing that this magic formula should be shared with those who did not have the time or resources to discover it on their own, Carnegie tasked Hill with spending twenty years or more developing this principle into a philosophy of personal success. This research would be conducted without pay; Carnegie merely provided Hill with access to over five hundred of America's greatest business leaders in order to test his success formula. In 1937, after twenty-nine years of research and writing, Hill published *Think and Grow Rich*, which contains the thirteen success principles that form the core of the Science of Success. Since its release, it has sold over one hundred million copies worldwide. No literary work in the personal development genre has had a greater creative impact than *Think and Grow Rich*. *Think and Grow Rich Deluxe Leather Edition* Napoleon Hill, 2024-12-03. This beautiful leather gift edition of *Think and Grow Rich* is a faithful reproduction of Napoleon Hill's first edition published in 1937. This edition of Napoleon Hill's classic *Think and Grow Rich* is a reproduction of Napoleon Hill's personal copy of the first edition, the ONLY original version recommended by The Napoleon Hill Foundation, originally printed in March of 1937. The most famous of all teachers of success spent a fortune and the better part of a lifetime of effort to produce the Law of Success philosophy that forms the basis of his books and that is so powerfully summarized and explained for the general public in this book. In *Think and Grow Rich*, Hill draws on stories of Andrew Carnegie, Thomas Edison, Henry Ford, and other millionaires of his generation to illustrate his principles. This book will teach you the secrets that could bring you a fortune. It will show you not only what to do but how to do it. Once you learn and apply the simple basic techniques revealed here, you will have mastered the secret of true and lasting success. Money and material things are essential for freedom of body and mind, but there are some who will feel that the greatest of all riches can be evaluated only in terms of lasting friendships, loving family relationships, understanding between business associates, and introspective harmony, which brings one true peace of mind. All who read, understand, and apply this philosophy will be better prepared to attract and enjoy these spiritual values. BE PREPARED. When you expose yourself to the influence of this philosophy, you may experience a CHANGED LIFE, which can help you negotiate your way through life with harmony and understanding and prepare you for the accumulation of abundant material riches. **Think and Grow Rich** Napoleon Hill, 2018-03. THE MAN WHO THOUGHT HIS WAY INTO PARTNERSHIP WITH THOMAS A. EDISON. TRULY, thoughts are things, and powerful things at that, when they are mixed with the definiteness of purpose, persistence, and a BURNING DESIRE for their translation into riches or other material objects. A little more than thirty years ago, Edwin C. Barnes discovered how true it is that men really do THINK AND GROW RICH. His discovery did not come about at one sitting. It came little by little, beginning with a BURNING DESIRE to become a business associate of the great Edison. Somewhere, as you read the secret to which I refer, will jump from the page and stand boldly

before you IF YOU ARE READY FOR IT When it appears you will recognize it Whether you receive the sign in the first or the last chapter stop for a moment when it presents itself and turn down a glass for that occasion will mark the most important turning point of your life Remember too as you go through the book that it deals with facts and not with fiction its purpose being to convey a great universal truth through which all who are READY may learn not only WHAT TO DO BUT ALSO HOW TO DO IT and receive as well THE NEEDED STIMULUS TO MAKE A START IN EVERY chapter of this book mention has been made of the money making secret which has made fortunes for more than one hundred exceedingly wealthy men whom I have carefully analyzed over a long period of years The secret was brought to my attention by Andrew Carnegie more than a quarter of a century ago The canny lovable old Scotsman carelessly tossed it into my mind when I was but a boy Then he sat back in his chair with a merry twinkle in his eyes and watched carefully to see if I had brains enough to understand the full significance of what he had said to me When he saw that I had grasped the idea he asked if I would be willing to spend twenty years or more preparing myself to take it to the world to men and women who without the secret might go through life as failures I said I would and with Mr Carnegie's cooperation I have kept my promise This book contains the secret after having been put to a practical test by thousands of people in almost every walk of life It was Mr Carnegie's idea that the magic formula which gave him a stupendous fortune ought to be placed within reach of people who do not have time to investigate how men make money and it was his hope that I might test and demonstrate the soundness of the formula through the experience of men and women in every calling
