Trump This! Marc Shapiro, 2016-02-26 Who is Donald Trump Even after a yearlong presidential campaign and constant media coverage many Americans don't know if he's for real or just a businessman turned showman turned politician who has become President of the United States His path to the White House from early childhood through the 2016 campaign and Election are laid bare in *Trump This The Life And Times of Donald Trump An Unauthorized Biography* written by New York Times Bestselling Author Marc Shapiro Bringing insight into the psychology and motivation of Donald Trump was the equivalent of solving a mystery What guides Trump to the decisions he makes Is his personality real or just a caricature driven smokescreen Is he the living embodiment of a brand or does a heart and soul lurk beneath his flamboyant and often bullying exterior In answering those questions many heretofore unknown facts came to life Trump's grandfather ran brothels during The Gold Rush years His father allegedly ran with The Ku Klux Klan Trump punched out a teacher in the second grade Trump lived a wild sexually charged life at Studio 54 The true story of how Trump avoided the draft The affair that wrecked his first marriage Why Trump sued a man because he had the same last name His biggest business successes and failures If you only discovered Donald Trump with the television show *The Apprentice* or with his race for President of the United States the chances are you think you know quite a bit about Donald Trump But the reality is that like all larger than life personalities Trump has cultivated his public image well He's been selective in what he's let out and when pressed he's been quick to deny Trump *This The Life And Times of Donald Trump An Unauthorized Biography* has dug deep into the truth that is Donald Trump And this is what we've found *Trumpocalypse* Horrified Press, 2017-04-17 The world has never seen a phenomenon like President Donald J Trump How a trashy billionaire with no government experience pushed his way into the most powerful job on earth is a question nobody can really answer The authors of *Trumpocalypse* propose some reasons he walks among us is he really a berserk android They prophesy what terrors may await lifestyle cannibalism A new spate of witch burnings Worse *Trumpocalypse* is a time capsule packed with care by Horrified Press Pray we can retrieve it later and laugh about how bad we thought it would be Pray hard Neoliberalism and U.S. Foreign Policy Catherine V.

Scott, 2018-01-23 While there has been a flood of scholarly efforts to extend adapt and revise Foucault's exploration of the emergence and operations of neoliberalism the study of foreign policy has remained steeped in the analysis of partisanship institutions policies and personality and their influence on various issue areas toward particular countries or specific presidential doctrines This book brings the political rationality of neoliberalism to bear on U.S. foreign policy in two distinct ways First it challenges complicates and revises the numerous interpretations of U.S. nationalism that posit a homologous

relationship between 1898 and contemporary nationalism instead arguing that alterations in the operations of capitalism and its correlative forms of governance have produced a differently formatted nationalism which in turn has produced different operations of U S hegemony in the twenty first century that markedly depart from earlier eras Second this book argues for a new timeline one that starts with the Carter Reagan era and the crisis of capitalism ultimately encouraging us to think beyond particular presidencies wars bureaucratic politics and policies in order to train our sights on how long term and sustained shifts in the economy and attendant government practices have emerged to produce new myths of exceptionalism that more fully cohere with the neoliberal foundations of the U S nation state
