The Truth about the Accident

Nicole Trope, 2023-06-30. I gaze at my husband's once handsome face, so still and pale in the hospital bed. The doctors say I should keep talking. He might be able to hear me even after the terrible accident that left him fighting for his life. But all I have to whisper to my husband is this: I know what you did. Every day I wave my husband Damon off with a kiss and a smile, drive our precious children to school, and make sure our house is pristine before preparing a delicious meal. I pretend I'm not filled with fury that he once nearly destroyed our perfect life. It's important to carry on as normal. That is, until the accident. My husband was hit by a car. It was pouring with rain. Nobody saw what happened. But the police are asking questions. Do they know about the terrible argument we had that day? Do they know about the text message I sent telling someone to delete everything? And do they know that no one is happier that my husband is in a hospital bed than me? An absolutely addictive page-turner about a family in crisis, a marriage at breaking point, and how secrets can be deadly. Perfect for fans of Liane Moriarty and Sally Hepworth.
