According to Tradition Nkosi Sango Phathekile Holomisa,2009 According to tradition a cultural perspective on current affairs is an insightful and thought provoking compilation of articles by Nkosi Phathekile Holomisa drawn largely from his popular columns in the Business Day and Natal Witness In it Holomisa provides a compelling indigenous African perspective on contemporary issues and seeks to resurrect traditional values as a framework for an alternative view on South African current affairs The book analyses pertinent issues relating to the state of African customs and traditions in contemporary South Africa and the challenges that the institution of traditional eldership faces in the interpretation and defence of cultural practices It examines how the nation might benefit from the enhancement of the role of traditional leadership in tackling national challenges like social disintegration and national identity The various contentious issues from land redistribution the dumping of babies aspirant Black capitalists and African traditional justice to the abuse and oppression of women and same sex marriages are confronted directly and with candour Holomisa challenges the people of modern day South Africa to once again engage with its ancestral roots He creates a convincing argument that the use of African languages and the recovery of religious and cultural practices suitably modified for the demands of democracy and gender equity and the promotion of communal ways of life are prerequisites for a prosperous African continent Publisher's website
