I love letters, alphabets, monograms, and words! They are so personal and you can tangle them in any style. For this book, I thought it would be inspiring to include letters from guest artists and fellow CZT's (Certified Zentangle Teachers). Each person submitted a tangled alphabet letter. These letters feature a variety of styles, shapes, forms, and details that range from simple to intricate.

Similar to our handwriting, each person drew from the same set of instructions, but each has their own individual style. Refer to this collection for inspiration to play with tangles and create your own letters... or go wild with an entire alphabet!
