Zica 2015 Study Manual:

Pass The 63 - 2015(tm) Robert M. Walker, 2015-03-20 Trying to pass your Series 63 Exam Pass The 63 is written with the reader always in mind This Series 63 exam study guide uses Plain English and concise explanations as it ticks off the items mentioned on the NASAA Series 63 exam outline point by point To reduce your frustration in obtaining your Series 63 license we try to make sure each sample question in our Pass The 63 Online Practice Question Bank is explained within this textbook In fact we encourage you to use this study guide while working through the Series 63 sample questions When you encounter a tough practice question you can quickly and easily look it up in this textbook in order to come away from the question with a deeper understanding of the topics involved Remember that the Series 63 license exam is not a memorization test but rather a competency exam Too many Series 63 exam candidates go to the testing center expecting to simply recognize a few vocabulary terms when in fact passing your test requires you to work with the information at a much deeper level That s why we explain things in a way you ll both understand and remember at the testing center It takes more work on our end but we feel our job is to make things easier on your end We also take what you learn in the pages of this Series 63 exam study guide to a higher level by presenting you with over 450 challenging questions in our test bank However our sample questions are not designed to merely trick you which most people find discouraging and confusing at best Rather our Series 63 sample questions are designed to help you learn the information as you improve your ability to eliminate the incorrect answer choices you will see when taking the Series 63 exam Be sure to keep a notebook filled with all that you learn from working the questions and reading the helpful explanations that follow For an extra edge try writing your own variations of practice questions in this same notebook something our tutoring clients have found extremely helpful Finally go to www.examzone.com to take the Go No Go Exams to see if you are really ready to take your 63 Pass the 63 is your guide to a passing score on the Series 63 exam This textbook is at the same time in depth and easy to read We don t skimp on the details found on the NASAA outline Rather we skimp on the filler found in many of the more tedious license exam manuals on the market To give yourself an edge on this difficult license exam buy this book and then go to www.examzone.com to purchase the practice questions Go No Go Exams and other Series 63 study materials This test is not easy The best time to get started is now
