Think Christianly Looking At The Intersection Of Faith And Culture:

Think Christianly Jonathan Morrow, 2011-11-01 Think Christianly is about seizing the opportunities we have every day to speak the life Jesus offers into our culture Tragically many such opportunities pass us by unclaimed either because we don't notice them or we have not prepared ourselves to enter into them And those around us seem to grow increasingly unwilling to hear anything the church has to say Jonathan Morrow helps church leaders envision and implement ways for their congregations to think Christianly about contemporary questions and to speak in informed engaging ways Morrow explores many of the important issues that Christians often hear raised with regard to faith questions about who Jesus was the good and bad of religion pain and evil in the world the reliability of the Bible sexuality and intimate relationships and hope for change among others The life and faith issues that Think Christianly addresses lead to cultural moments where Christianity and contemporary culture intersect This book will help churches take vital steps toward cultivating compassion and competence in speaking faithfully to a questioning world

Understanding the Faith Jeff Myers, 2016-06-01 Does the Bible have authority in a world committed to relative truth The understanding of absolute objective truth has been largely lost Spend just a few minutes discussing politics or religion and you'll hear responses like There is no truth or That may be true for you but not for me Understanding the Faith dares to wade into the middle of the controversy with chapters such as Is God Christian Isn't Claiming Truth Intolerant Is the Bible Anti Science Summit Ministries half century of teaching this first volume of the Understanding the Times Series is your definitive resource for deepening and defending your faith It's a required resource for every Christian's bookshelf

Popcultured Steve Turner, 2013-05-01 Drawing on his storied career as a pop culture wallflower Steve Turner provides an all access pass to the pervasive cultures of style media and celebrity Passing on his uniquely Christian way of viewing these cultures Turner opens our eyes to a world of ideas lying just beneath the hype

Questioning the Bible Jonathan Morrow, 2014-07-15 The Bible is the most influential book in human history But what are we supposed to do with it in the 21st century And even more importantly can it still be trusted as the Word of God Confusion and doubt about the Bible are becoming as common inside the church as they are outside Questions come from all sides Is the Bible anti intellectual Has the biblical text been corrupted over the centuries Who really chose the books of the Bible and why Which interpretation of the Bible is correct Are the gospels full of contradictions There are an unprecedented number of sophisticated attacks on the origin credibility and reliability of the Bible today Secularism has tried to undercut even the possibility of spiritual or moral knowledge Skepticism toward institutional religion is at an all time high Yet the Bible claims that truth is knowable and God is actively involved in our world What are we to do Pray for wisdom Think clearly Pick up your Bible Read through the 11 major challenges presented in these pages And be ready

Jonathan Morrow,2014-09-01 From the complete book Can a thoughtful person today seriously believe that God wrote a book There are an unprecedented number of sophisticated attacks on the origin credibility and reliability of the Bible It can be difficult to know what to say when skepticism and secularism take over so many conversations Additionally confusion and doubt about the Bible being God s Word are becoming as common inside the church as they are in the broader culture The purpose of this book is to respond to these challenges sound bites and slogans and give people confidence that the Bible can be trusted and that it matters for our lives because God really has spoken Teaching the World Gabriel Etzel,Timothy Paul Jones,Chris Jackson,John Cartwright,2017-10-30 Teaching the World Foundations for Online Theological Education brings together educators from a wide range of backgrounds and from some of the largest providers of online theological education in the world Together they present a revolutionary new approach to online theological education highly practical and yet thoroughly shaped by Scripture and theology

Cultural Engagement Joshua D. Chatraw, Karen Swallow Prior, 2019-07-09 How should Christians approach important contemporary issues like war race creation care gender and politics Christians in every culture are confronted with social trends and moral questions that can be difficult to navigate But the Bible often doesn't speak directly to such issues Even when it does it can be confusing to know how best to apply the biblical teaching In *Cultural Engagement* A Crash Course in Contemporary Issues authors Joshua D Chatraw and Karen Swallow Prior first offer a broadly accessible framework for cultural engagement and then explore specific hot topics in current Western culture including Sexuality Gender Roles Human Life and Reproduction Technology Immigration and Race Creation and Creature Care Politics Work Arts War Weapons and Capital Punishment Featuring contributions from over forty top thinkers proponents of various views on the specific topics present their approaches in their own words providing readers an opportunity to fairly consider options Unique in how it addresses both big picture questions about cultural engagement and pressing current issues *Cultural Engagement* provides a thorough and broad introduction useful for students professors pastors college ministers and any believer wanting to more effectively exercise their faith in the public square **T&T**

Clark Companion to the Theology of Kierkegaard, 2019-09-19 This companion explores Søren Kierkegaard's theological importance offering a comprehensive reading of his work through a distinctly theological lens including interpretative concerns his approach to specific doctrines and theological trajectories for thinking beyond his work Beginning with essays on key interpretative factors involved in approaching Kierkegaard's complex corpus there are also historical accounts of his theological development followed by for the first time in a single volume focused expositions of Kierkegaard's approach to particular doctrinal themes from those oft discussed in his work e.g. Christology to those more understated e.g. Pneumatology The book concludes with theological trajectories for Kierkegaard's thought in the twenty first century This volume helps not only to situate Kierkegaard's theology more firmly on the map but to situate Kierkegaard more firmly on the theological map as one who has much to offer both the form and content of the theological task *Covenant Companion*, 2004 **Culture Makers** Josiah Vencel, 2008-03 God did not call Christians to sit on the sidelines of society But that is precisely what has happened for nearly a century as believers have forgotten about their divinely appointed role in the world Yet history testifies to the remarkable salt and light influence of Bible believing saints who have applied their faith in all areas of life not just

within the walls of a church Christ came to transform you into an agent of reconciliation not just to save souls but to redeem entire cultures for his glory If you've ever wondered how to apply your faith consistently to think about life Christianly or to engage the world for Christ Culture Makers will not let you down Culture Makers will answer questions such as Is there a biblical way to see all of life What is Christianity's role in society How do my personal beliefs shape culture How do I respond to unbiblical points of view How can the biblical worldview revitalize my faith And so much more Discover your place in the world Fulfill your calling Become a culture maker

The Nexus Jon H. Widener M.D., 2017-06-28 The Nexus so named because of the operational intersection or Nexus of faith and culture is an alphabetized manual of cultural artifacts of significance to Christians In *The Nexus* Jon Widener observes how Christianity has lost many battles over the years and how the evangelical community has been fraught with endemic anti intellectualism He sees an evangelical insularity taking the form of retreat and retrenchment from the comings and goings of the larger society Dr Widener proposes that modern Christian believers correct these deficits by exercising the exhortation of I Pet 3 15 KJV to always be prepared to give an answer to every man that asketh you a reason of the hope that is in you Believers should educate themselves on culturally relevant issues where there are questions of Christian morality This is the burden and purpose of the book Accordingly the standard for inclusion is straight forward If the topic is culturally encountered and has moral implications then it meets the threshold standard for inclusion in the work

Living at the Crossroads Michael W. Goheen, Craig G. Bartholomew, 2008-11-01 How can Christians live faithfully at the crossroads of the story of Scripture and postmodern culture In *Living at the Crossroads* authors Michael Goheen and Craig Bartholomew explore this question as they provide a general introduction to Christian worldview Ideal for both students and lay readers *Living at the Crossroads* lays out a brief summary of the biblical story and the most fundamental beliefs of Scripture The book tells the story of Western culture from the classical period to postmodernity The authors then provide an analysis of how Christians live in the tension that exists at the intersection of the biblical and cultural stories exploring the important implications in key areas of life such as education scholarship economics politics and church

Gospel Without Borders Jim Rotholz, 2015-03-04 To what degree does culture facilitate or distort the Christian faith the gospel of Jesus and the life of the church In America the distortion is enormous *Gospel Without Borders* carefully examines the complex intersection of culture and faith in America providing insights that allow for better understanding and a more genuine experience of biblical and historic Christianity *Gospel Without Borders* analyzes the formative and interactive roles that human nature and cultural history play in contemporary expressions of Christianity in America It outlines their profound but little appreciated influence upon the shape and scope of Christian faith within society at large the church and the lives of individuals The study illuminates the dimensions of a largely unheralded gospel message characterized by unimpeded faith that fully accords with the kingdom Jesus stridently proclaimed It outlines the dimensions of faith freed from the disappointing forms of culturalized Christianity that always prove insufficient on a

personal level and woefully inadequate to the demands of contemporary life within our globalizing world Today's world can only be effectively impacted through a gospel without borders a compelling gospel most Americans have yet to hear and too many Christians of every cultural and denominational background have yet to fully embrace God's Image and Global Cultures Kenneth Nehrbass, 2016-08-26 Globalization has raised numerous questions about theology and culture for Christians How should we respond to outsourcing and immigration How does anti Western sentiment affect the proclamation of the gospel What is the role of the church in society This book argues that Christians will be most fulfilled and most effective if they embrace their cultural activity rather than feel ambivalent about it The central question of this book is how does bearing God's image relate to cultural activity Nehrbass explains that spheres of culture such as political technological and social structures are systems that God has instilled in humans as his image bearers so that they can glorify and enjoy him forever Therefore a theology of culture involves recognizing that the kingdom of God encompasses heaven and Earth rather than pitting heaven against Earth The text surveys anthropological explanations for humanity's dependence on culture and shows that each explanation provides only partial explanatory scope The most satisfying explanation is that a major functional aspect of bearing God's image is engaging in culture since the Trinity has been eternally engaged in cultural functions like ruling communicating and creating Each chapter contains a summary and questions about what it means to be a world changer in the twenty first century *Intersect | culture*, 2006 *The Culturally Savvy Christian* Dick Staub, 2008-09-09 In *The Culturally Savvy Christian* his incisive critique of contemporary culture and religion Dick Staub concludes that though it is influential American popular culture is generally superficial diversionary mindless and celebrity driven spiritually delusional moralistic therapeutic and deistic and soulless sustained not by art craft and ideas but by the mad pursuit of profit propped up by marketing and technology Similarly American Christianity has devolved into its own mindless diversionary and celebrity driven superficiality Because humans are created in God's image with spiritual intellectual creative moral and relational capacities we long for more yet the true seeker faces the lose lose alternatives of a soul numbing culture and a vacuous Christianity lite The renaissance we need in both faith and culture will originate in a deep spiritual renewal that restores God's image in us and creates a new breed of culturally savvy thoughtful creatives who rekindle the spiritual intellectual and creative legacy of Christians as enrichers of culture
