W. Jeremy Jones

Thomas Aquinas And Karl Barth An Unofficial Catholic Protestant Dialogue:

Thomas Aquinas and Karl Barth Bruce L. McCormack, Thomas Joseph White, 2013-07-20 Thomas Aquinas and Karl Barth are often taken to be two of the greatest theologians in the Christian tradition This book undertakes a systematic comparison of them through the lens of five key topics 1 the being of God 2 Trinity 3 Christology 4 grace and justification and 5 covenant and law Under each of these headings a Catholic portrait of Aquinas is presented in comparison with a Protestant portrait of Barth with the theological places of convergence and contrast highlighted This volume combines a deep commitment to systematic theology with an equally profound commitment to mutual engagement Understood rightly and well Aquinas and Barth contribute powerfully to the future of theology and to an ecumenism that takes doctrinal confession seriously while at the same time seeking unity among Christians Contributors John R Bowlin Holly Taylor Coolman Robert W Jenson Keith L Johnson Guy Mansini O S B Amy Marga Bruce L McCormack Richard Schenk O P Joseph P Wawrykow Thomas Joseph White O P

Karl Barth and Liberation Theology Paul Dafydd Jones, Kaitlyn Dugan, 2022-12-15 This volume puts Barth and liberation theologies in critical and constructive conversation With incisive essays from a range of noted scholars it forges new connections between Barth's expansive corpus and the multifaceted world of Christian liberation theology It shows how Barth and liberation theologians can help us to make sense of and perhaps even to respond to some of the most pressing issues of our day race and racism in the United States changing understandings of sex gender and sexuality the ongoing degradation of the ecosphere the relationship between faith theological reflection and the arts the challenge of decolonizing Christian thought and ecclesial and political life in the Global South

Reframing Personalism in Karl Barth Sara Mannen, 2025-10-13 Sara Mannen in her book rejects the notion that Karl Barth's theology makes God in the image of the modern autonomous subject and argues that his concept of divine personhood is best understood when reframed through the intellectual context that resulted from the Pantheism Controversy which explicitly revolved around issues of the knowledge and nature of God and divine personhood The work of Mendelssohn Jacobi Fichte Herder and Schelling created an environment that necessitated theologians address the concepts of divine personhood divine absoluteness and modern questions of theological epistemology Mannen argues that Barth's distinctly modern conception of divine personhood reflects and responds to this environment by providing the necessary divine ontological foundation that establishes God is capable of self revelation without detriment to God's absoluteness and that Barth's motivation for the occasional use of counterfactual language is to maintain God's personal nature and identity

The Doctrine of God and the Crisis of Modernity Jared Michelson, 2025-05-15 In this incisive work Michelson traces contemporary debates on the doctrine of God back in time to the philosophical critiques of Hume and Kant Schleiermacher and Barth each offered accounts of the doctrine of God This book offers a critical evaluation of these accounts and demonstrates how they were responding to early modern critiques of the possibility of knowing God Michelson also leverages Charnock's account constructively to

demonstrate how this earlier writer has the theological resources to tackle those same critiques Not content to stop there Michelson also highlights how these critics built their arguments on faulty interpretations of classical theological tradition In doing so this book carves out a provocative constructive path forward for contemporary theological reflection on the doctrine of God

John Webster's Vision of Moral Agency W. Jeremy Jones, 2025-05-15 This book explores John Webster's contribution to one of the most important and contested topics in Christian theology the relationship between divine and human agency By examining the theme of moral ontology in Webster's constructive dogmatics this work sheds light on his contribution to this crucial subject Jones achieves this through close study of Webster texts ranging from his early middle and late periods He reveals that Webster's moral ontology is not only a major theme in his thought but is among his most significant contributions to contemporary systematic and moral theology As the first book length study of a central theme in Webster's ethics this text will be of interest to Webster scholars and those teaching courses in late modern systematic theology and theological ethics

The Oxford Handbook of Karl Barth Paul Dafydd Jones, Paul T. Nimmo, 2019 The Oxford Handbook of Karl Barth is an expansive guide to Barth's work Comprising over forty original chapters each of which is written by an expert in the field the handbook provides rich analysis of Barth's life and context

Aristotle in Aquinas's Theology Gilles Emery, Matthew Levering, 2015 Aristotle in Aquinas's Theology explores the role of Aristotelian concepts principles and themes in Thomas Aquinas's theology Each chapter investigates the significance of Aquinas's theological reception of Aristotle in a central theological domain the Trinity the angels soul and body the Mosaic law grace charity justice contemplation and action Christ and the sacraments In general the essays focus on the *Summa theologiae* but some range more widely in Aquinas's corpus For some time it has above all been the influence of Aristotle on Aquinas's philosophy that has been the centre of attention Perhaps in reaction to philosophical neo Thomism or perhaps because this Aristotelian influence appears no longer necessary to demonstrate the role of Aristotle in Aquinas's theology presently receives less theological attention than does Aquinas's use of other authorities whether Scripture or particular Fathers especially in domains outside of theological ethics Indeed in some theological circles the influence of Aristotle upon Aquinas's theology is no longer well understood Readers will encounter here the great Aristotelian themes such as act and potency God as pure act substance and accidents power and generation change and motion fourfold causality form and matterhylomorphic anthropology the structure of intellection the relationship between knowledge and will happiness and friendship habits and virtues contemplation and action politics and justice the best form of government and private property and the common good The ten essays in this book engage Aquinas's reception of Aristotle in his theology from a variety of points of view historical philosophical and constructively theological

The Knowledge of God Michael Allen, 2022-01-13 The Knowledge of God turns to consider the knowledge of God revealed in the Word of God with several essays addressing the doctrine of God then the person of Christ and finally the miracle of the church Michael Allen shows the exegetical shape of historical and dogmatic

reasoning as well as the significance of thinking about these topics in their interrelationships with a range of other Christian themes not least the doctrine of the living and true God In each of these topics the theme of the promise and nature of God's presence whether in his own life or then in the economy of the incarnation and of the church proves to be a unifying thread The gospel is shown to be rooted backward in God's own life and to have consequence forward for the ongoing life of Christ displayed in his church This volume explores what it means to learn of and come to know God who has life in himself and then shares his life with us in the coming of his Son and the ongoing presence amidst his body the church of Christ

Generous Orthodoxies Paul Silas Peterson, 2020-04-30 After the birth of the Protestant ecumenical movement in the late nineteenth and early twentieth centuries and following the first great wave of universal Christian ecumenism in the 1960s and 1970s after the Second Vatican Council prominent theologians of nearly every ecclesial tradition charted new territory in the last decades of the twentieth century They crossed boundaries within their own ecclesial traditions and built bridges to other Christian churches churches that were once excluded from fellowship In the development of these new programs of ecumenical theology the theologians redefined their own confessional identities and in many cases crossed the liberal conservative divide within their own traditions This volume introduces this fascinating dynamic of theological mediation redefinition and generosity It shows how the ecumenical impulses which were directed outwardly to other traditions had reflexive effects inwardly Working in the realms of both historical and systematic theology the essays in this volume provide a critical analysis of the history of this general theological sentiment and offer an outlook for its future Contributors Brian D McLaren Foreword Paul Silas Peterson Introduction Part One Ecumenical reform theologies Andrew Meszaros Yves Congar The Birth of Catholic Ecumenism Matthew L Becker Edmund Schlink Ecumenical Theology Dorothea Sattler Otto Hermann Pesch Ecumenical Scholasticism Ronald T Michener George Lindbeck Ecumenical Unity through Ecclesial Particularity Nikolaos Asproulis John D Zizioulas A Pioneer of Ecumenical Dialogue and Christian Unity Part Two Overcoming liberal conservative polarities Ben Fulford Hans Frei Beyond Liberal and Conservative Friederike Nussel Wolfhart Pannenberg Liberal Orthodoxy Jay T Smith Stanley J Grenz The Evangelical Turn to Postliberal Theological Method Part Three Boundary crossings in philosophical systematic and ethical theology William E Myatt David Tracy Difference Unity and the Analogical Imagination Christophe Chalamet Robert Jenson God's Way and the Ways of the Church Victoria Lorrimar Stanley Hauerwas Witnessing Communities of Character Christine M Helmer Marilyn McCord Adams Philosophy Theology and Prayer Part Four Ecumenical theology today Wolfgang Vondray Pentecostalism and Christian Orthodoxy Revision Revival and Renewal Johanna Rahner Shifting Paradigms Future Ecumenical Challenges Michael Amaladoss Theology today in India Ecumenical or interreligious Bernd Oberdorfer Next Steps and Visions Lutheran Perspectives on Doctrinal Ecumenism

The Freedom of a Christian Ethicist Brian Brock, Michael Mawson, 2016-01-14 What is the significance of the Protestant Reformation for Christian ethical thinking and action Can core Protestant commitments and claims still provide for

compelling and viable accounts of Christian living This collection of essays by leading international scholars explores the relevance of the Protestant Reformation and its legacy for contemporary Christian ethics Trinity Without Hierarchy Michael F. Bird, Scott Harrower, 2019-04-30 A defense of equality among the persons of the Trinity In response to those complementarian theologians who assert that the Son is eternally subordinate to the Father the contributors to *Trinity Without Hierarchy* contend that this view misconstrues the orthodox doctrine of the Trinity and reduces the Son to a lower level of glory and majesty than the Father Surveying Scripture church history and theology sixteen contributors present a defense of the full and equal authority of all three members of the Trinity while critiquing approaches that border on semi Arianism In particular the creedal confessions of Nicaea are upheld as the historical standard by which any proposed Trinitarian doctrine should be judged While some contributors hold complementarian and others egalitarian viewpoints all agree that Trinitarian relations are not a proper basis for understanding gender roles *Trinity Without Hierarchy* is indispensable reading for anyone interested in the current debate over the relationship between Trinitarian theology and the roles of men and women **Free for Christ: Religious Obedience and Thomistic Moral Theology** Mother Mary Christa Nutt, R.S.M., 2024-08-01 What is it about the practice of obedience to God that makes it significant for human happiness and sanctity And how should the obedience proper to vowed religious life be understood relative to the responsibilities of conscience and personal freedom In the present day religious obedience is often viewed either as a negative cramping of personal autonomy by an external authority or as a positive submission to law that somehow assures one's fidelity but the common thread for both perspectives is a distinctly modern approach to obedience characterized by legalism and voluntarism In *Free for Christ* Mother Mary Christa Nutt R S M proposes a different approach to religious obedience that foregrounds virtue based moral agency rooted in metaphysics and the mystery of God examining obedience not simply in relation to commands and laws but as a spiritual philosophical and theological reality one that situates the human person in relation to God the Church and those others who share this religious life Taking her starting point from Thomas Aquinas Nutt examines obedience as a dimension of prudence and worship that is as a way that the human being can become relative to God as first source and final end and thus as a way that the grace of Christ can take deeper root as a path to authentic freedom and interiority From this ground of Thomistic metaphysics and ethics emerges a theological anthropology of obedience closely tied to Aquinas's teaching on providence and religion **Trinitarian Ontology and Israel in Robert W. Jenson's Theology** Sang Hoon Lee, 2016-11-02 Can Christian theology overcome its long standing supersessionism without diluting its Trinitarian faith Can Christian faith remain genuinely Christian when it fails to recognize the covenantal significance of the Jews In his later career leading Trinitarian theologian Robert Jenson's theology moves in a post supersessionistic direction That said the conceptual nexus between his Trinitarian theology and his post supersessionism is not always patent on the surface of his texts In this book Lee traces the post supersessionistic development of Jenson's

Trinitarian theology and uncovers the reasons why Jenson's Trinitarian theology sets out to embrace the existence of the Jews. This book seeks to show that Jenson's revisionary historicized carnalized hermeneutical and eschatological Trinitarian ontology allows for genuine confession of the eternal triune God as the God of Israel and that it thereby lays a firm basis for a properly Christian post supersessionism. *Jesus in the Trinity* Lincoln Harvey, 2020-01-31 A critical figure in understanding doctrinal debates Robert Jenson's work is nonetheless incredibly hard to get a handle on Jesus in the Trinity presents a much needed primer on the theologian demystifying his work and exploring the place his thinking has in the life of faith today

An Augustinian Christology Joseph Walker-Lenow, 2023-11-16 Uses the christology of St Augustine to argue that Jesus becomes who he is through his relations to the world **God in Himself** Steven J. Duby, 2019-12-31 How do we know God Can we know God as he is in himself Theologians have argued for the role of natural and supernatural revelation while others have argued that we know God only on the basis of the incarnation In this SCDS volume Steven J Duby casts a vision for integrating natural theology the incarnation and metaphysics in a Christian description of God in himself **God the Child** Graham Adams, 2024-04-30 We express the mystery of God with diverse metaphors but mostly in Adult terms In this experimental theological adventure Graham Adams imagines what might flow from a more thorough being of God Aware that the Child can be idealized he selects particular characteristics of childness in order to disrupt God's omnipresence omnipotence and omniscience The smallness of the Child re envisages divine location in sites of smallness like an open palm receiving the experiences of the overlooked The weakness of the Child reimagines divine agency as chaos event subverting prevailing patterns of power and evoking relationships of mutuality And the curiosity of the Child reconceives divine encounter as horizon seeker imaginatively and empathetically pursuing the unknown These possibilities are brought into dialogue both with other theologies Black disabled and queer and with pastoral loss economic ecological injustice and theological education Through these conversations God the Child emerges not only as a new model for God but intrinsic to God's new social reality which is close at hand **The Disabled God Revisited** Lisa D. Powell, 2023-05-18 Lisa D Powell strengthens and amplifies the claim that God is disabled made by Nancy Eiesland in her ground breaking book *The Disabled God* 1994 She offers an alternative understanding of the doctrine of God and the Trinity resulting in a God who is not autonomous and utterly independent According to this view God's triune identity is established in God's decision for covenant and thus creation is a requirement for the fulfillment of God's nature not only is the Son always anticipating full embodiment and human nature but more specifically is eternally anticipating an impaired body Powell argues that God is not only interdependent within the immanent Trinity but God experiences real dependency risk and vulnerability from God's original self determination Powell revisits Eiesland's claim about Christ's resurrected body and her conclusions about eschatological embodiment arguing that it is the able body that does not persist eschatologically but all humanity journeys toward ever more transparency vulnerability and interdependency as the Body of Christ *Receptive Ecumenism as Transformative*

Ecclesial Learning Paul D. Murray, Gregory A. Ryan, Paul Lakeland, 2022-05-26 Receptive Ecumenism asks not what other churches can learn from us but what can we learn and receive with integrity from our ecclesial others Since the publication of *Receptive Ecumenism and the Call to Catholic Learning Exploring a Way for Contemporary Ecumenism* OUP 2008 this fresh ecumenical strategy has been adopted critiqued and developed in different Christian traditions and in local national and international settings including the most recent bilateral dialogue of the Anglican Roman Catholic International Commission ARCIC III The thirty eight chapters in this new volume by academics church leaders and ecumenical practitioners who have adopted and adapted Receptive Ecumenism in various ecclesial and cultural contexts show how Receptive Ecumenism has grown and matured Part One demonstrates how Receptive Ecumenism itself is capable of being received with integrity into very different ecclesiologies and ecclesial traditions In Part Two this approach to transformative ecumenical learning is applied to some recurrent ecclesial problems such as the understanding and practice of ministry revealing new insights and practical opportunities Part Three examines the potential and challenges for Receptive Ecumenism in different international settings Part Four draws on scripture hermeneutics and pneumatology to offer critical reflection on how Receptive Ecumenism itself implements transformative ecclesial learning Addressing the 70th Anniversary of the World Council of Churches Archbishop Justin Welby said that One of the most important of recent ecumenical developments has been the concept of Receptive Ecumenism This volume provides an indispensable point of reference for understanding and applying that concept in the life of the Christian churches today *Natural Theology* James K. Dew, Jr., Ronnie P. Campbell, Jr., 2024-04-16 Natural theology is a matter of debate among theologians and Christian philosophers In this book top scholars in the fields of theology and Christian philosophy introduce readers to five prevailing views on the topic Contributors include John C McDowell Alister E McGrath Paul K Moser Fr Andrew Pinsent and Charles Taliaferro The contributors offer constructive approaches from major perspectives contemporary Catholic classical deflationary and Barthian in a multiview format to provide readers with the state of the question on natural theology Each unit consists of an introduction by a proponent of the view under discussion responses from the other contributors and a final response by the proponent James Dew and Ronnie Campbell provide a helpful introduction and conclusion Offering a model of critical thinking and respectful dialogue this volume provides a balanced irenic approach to a topic of ongoing debate Students of theology Christian philosophers and readers interested in the theology and science dialogue will value this work
