simply of immensity It was the direct ray from Him of the Seven Builders who was in charge But beyond the guarded precincts came the sounds to my unveiled ear which had first attracted my attention Misty Masses constantly on the move shaped themselves to my vision as ungainly forms creatures whose horror would overcome the stoutest heart Monsters unfinished or half made up creations of helpless malignance jostled each other while out of their malevolent thought they hurled vain words of terrible import and design at me so Three Sevens William P.
