The Wormwood Diaries:

The Wormwood Diaries James McKnight, 2010-08-27 In the future pharmaceutical companies seize the world's economy by controlling the flow of vaccines to an infected populace. A lethal virus was released covertly into the atmosphere by the government and there is but one man brave enough to challenge the official story. This man, however, was biologically engineered by the very company that produced the viral weapon. He is part of the human clone project slated to replace all naturally born human beings. Branded the 54th in his series, the clone feels different from his peers and tries to trace his lineage amongst a world ridden of deception. He is watched carefully by the establishment as he is the central figure in a covert operation called Project Shadow. As the story unfolds, it becomes apparent that Walker 54 is an alter personality of a young boy locked away in an asylum. The boy, Lindsey Scott, copes with the injustices done to him by his father, a prominent politician of the 21st Century, by living in a futuristic world that he is able to see into by aid of his sickness. What will conclude in upcoming novels is that Lindsey's alters are not imaginary as one might think. The diverging personalities pass notes to one another in obscure ways and visit one another in dreams. Eventually, the alters begin to trade worlds with one another as the progenitor to Walker 54 comes to the 21st Century and the world that Lindsey Scott depicts in the Diaries becomes real for us all.

The Harold Nicolson Diaries Harold Nicolson, 2024-08-29 One of the great 20th century political diaries Brilliant riveting stuff TRIBUNE One stops to marvel at the achievement Honesty decency modesty magnanimity are stamped on every page as evident as the wit EVENING STANDARD A tremendous read SPECTATOR Harold Nicolson was one of the three great political diarists of the 20th century along with Chips Channon and Alan Clark Nicolson was an MP Conservative 1935-45 who also flirted with Labour after WWII He had previously been in the Foreign Office and attended the Paris Peace Conference in 1919 and material from this period is included in this new edition for the first time Nicolson never achieved high office but rarely a day went by when he didn't record what was going on at Westminster He socialised widely was married to the poet and author Vita Sackville West and together they created the famous garden at Sissinghurst Both were bisexuals and had affairs outside their marriage This new edition also draws on diary entries and letters previously considered too sensitive for inclusion The diversity of Harold Nicolson's interests and the irony in his writing make his diary a highly entertaining record of his life and times as well as a document of great historical value *Præraphaelite Diaries and Letters* William Michael Rossetti, 1900

The Hong Kong Diaries Chris Patten, 2022-06-21 The diaries of the last British Governor of Hong Kong published on the 25th anniversary of the handover In June 1992 Chris Patten went to Hong Kong as the last British governor to try to prepare it not as other British colonies over the decades for independence but for handing back in 1997 to the Chinese from whom most of its territory had been leased 99 years previously Over the next five years he kept this diary which describes in detail how Hong Kong was run as a British colony and what happened as the handover approached The book gives unprecedented insights into negotiating with the Chinese about how the institutions of democracy in Hong Kong were belatedly strengthened and how Patten sought to ensure that a strong degree of self government would continue after 1997 Unexpectedly his opponents included not only the Chinese themselves but some British businessmen and civil

service mandarins upset by Patten's efforts for whom political freedom and the rule of law in Hong Kong seemed less important than keeping on the right side of Beijing. The book concludes with an account of what has happened in Hong Kong since the handover, a powerful assessment of recent events and Patten's reflections on how to deal with China then and now.

Journal Of A Georgia Woman, 1870-1872 Eliza Frances Andrews, 2024-01-12. Eliza Frances Fanny Andrews, 1840-1931, was born into southern aristocracy in Washington, Georgia. The acclaimed author of *Journal of a Georgia Girl* (1864-1865), she was an exceptional woman who went on to become a journalist, writer, teacher, and world renowned botanist. In 1870, as Andrews was working on her first novel, she embarked on a visit to wealthy Yankee kin in Newark, New Jersey. The trip had a profound effect on her life as she was astonished by the contrasts between North and South. This previously unpublished segment of Andrews's writings begins with her New Jersey sojourn and ends with her mother's death in 1872. It is remarkable for the light it sheds on the social and economic transformations of the Reconstruction era, particularly as they were perceived and experienced by a southern woman. Andrews was an intelligent, sharp-witted and skilled observer, and these qualities shine through her engaging memoir. She records her reactions to Newark society and the economic base on which it stood, comparing southern gentility and agriculture to northern brusqueness and industry. Moreover, while the diary reveals clearly the social and cultural attitudes of aristocratic southerners of the period, it also foreshadows the beginning of change. As for example, a visit to a factory opens Andrews's eyes to the advantages of the new economy. She also recounts her frustrations with the role of southern women, exalted on the one hand but severely restricted on the other. These stark contrasts and Andrews's own mixed feelings give the diary much of its power. Also included in this volume are six of Andrews's magazine and newspaper articles that appeared in the national press around the time she was keeping this journal. Taken together, her private and public writings from this period show a maturing nineteenth-century woman confronting a culture turned upside down in the new world of the Reconstruction era. South Andrews's memoir with accompanying introduction.

and commentary by Kit Rushing will appeal to general readers with an interest in the nineteenth century South as well as to historians of women the Civil War era and nineteenth century America The Editor S Kittrell Rushing is head of the Department of Journalism and Mass Communication at the University of Tennessee Chattanooga

Bernard Shaw, the Diaries, 1885-1897 Bernard Shaw, 1986 **Henry 'Chips' Channon: The Diaries (Volume 2)** Chips Channon, 2021-09-09

The second volume of the remarkable Sunday Times bestselling diaries of Chips Channon A masterpiece a time machine that transports the reader back to British politics and high society at the end of the 1930s Robert Harris The uncensored unvarnished thought of one of the 20th century s greatest diarists Best Biographies of the Year Telegraph An unrivalled guide to the social and political life of Britain in the first half of the 20th century Books of the Year The Times Fascinating New Statesman Never a dull day never a dull sentence Daily Mail

This second volume of the bestselling diaries of Henry Chips Channon takes us from the heady aftermath of the Munich agreement when the Prime Minister so admired by Chips was credited with having averted a general European conflagration through the rapid unravelling of appeasement and on to the tribulations of the early years of the Second World War It closes with a moment of hope as Channon in recording the fall of Mussolini in July 1943 reflects The war must be more than half over For much of this period Channon is genuinely an eye witness to unfolding events He reassures Neville Chamberlain as he fights for his political life in May 1940 He chats to Winston Churchill while the two men inspect the bombed out chamber of the House of Commons a few months later From his desk at the Foreign Office he charts the progress of the war But with the departure of his boss Rab Butler to the Ministry of Education and Channon s subsequent exclusion from the corridors of power his life changes and with it the preoccupations and tone of the diaries The conduct of the war remains a constant theme but more personal preoccupations come increasingly to the fore As he throws himself back into the pleasures of society he records his encounters with the likes of No 1 Coward Prince Philip General de Gaulle and Oscar Wilde s erstwhile lover Lord Alfred Douglas He describes dinners with members of European royal dynasties and recounts gossip and scandal about the great the good and the less good And he charts the implosion of his marriage and his burgeoning passionate friendship with a young officer on Wavell s staff These are diaries that bring a whole epoch vividly to life
