Theological Highlights Of Vatican II:

Theological Highlights of Vatican II Pope Benedict XVI, 2009 Joseph Ratzinger's report on the debates and struggles that made up each of the four sessions of Vatican II 1962-65 along with theological commentary *Theological Highlights of Vatican II* Joseph Ratzinger, 2009 *Theological highlights of Vatican II* Joseph Ratzinger, 1966 *Theological Highlights of Vatican II*. Benoît XVI (pape)., 1966 **Theological Highlights of Vatican II**. Pope Benedict XVI, 1966 *Ratzinger's Faith* Tracey Rowland, 2009-08-06 A general introduction to the theology of Pope Benedict XVI including his approach to issues in moral and political theology ecclesiology liturgy interpretations of the documents of the Second Vatican Council and the theology of history Tracey Rowland also addresses the question of Pope Benedict's place in the constellation of contemporary Catholic theologians It has become a commonplace observation that Pope Benedict has been influenced by the thought of St Augustine in contrast to many of his predecessors in the papacy who were much more strongly influenced by St Thomas Aquinas Rowland therefore asks in what way Benedict is an Augustinian and how this marked difference in theological perspective may play out in the coming years Her book includes an extensive thematic bibliography which will be valuable for students *Divine Promise and Human Freedom in Contemporary Catholic Thought* Kevin A. McMahon, 2015-07-01 It has always been understood that the central claim of Christianity that Jesus born of Mary is the Son of God is as much a declaration of the mystery of the human as it is the mystery of God just as the claim that in virtue of this identity he is the Christ who restores and more transforms the created order intensifies the mystery of the human even further When the age of revolution was followed by the age of science and the effort to shape the environment by technology was joined by an injunction to shape societies and economies and class conflicts became part of world conflicts the question about the human emerged as a crisis in the meaning of being human Yet the Catholic mind preoccupied like every other with the crisis has conducted its reflection within a tradition of Christian humanism insisting on the mystery and the tragedy and still the dignity of the human This collection of essays by thirteen Catholic scholars of philosophy theology and political thought investigates a range of topics from human sexuality and marriage to moral freedom and responsibility in a pluralistic society while demonstrating that the Gospel passed on in an ecclesial tradition entered into through a sacramental tradition remains the one radical source of confidence in the quest for human truth *Mission for Diversity* Elochukwu E. Uzukwu, 2015 In this multi cultural and multi religious world do Christian mission studies have any place in the academic realm What theological possibilities and practical insights did Vatican II create for missiology In this book experts from Africa Asia the Caribbean Europe the Middle East and North America respond to these questions They explore mission as intercultural studies and they adopt decolonial thinking to privilege knowledges from the margins of our wounded world Themes such as interculturality interreligious dialogue and inculturation justice peace building and reconciliation expand Vatican II to celebrate mission among and with the nations Series Interreligious Studies Vol 8 Subject Religious Studies

Self-understanding of the Catholic Charismatic Movement James F. Breckenridge, 1980 **A Vatican II Pneumatology of the Paschal Mystery** James B. Anderson, 1988 The study presented in this volume considers an essential topic of revealed truth namely the Holy Spirit's role in the Paschal Mystery Theological research has been particularly concerned with this question in recent years endeavouring more and more to clarify and define the relations between Christ and the Holy Spirit emphasizing the Spirit's action in the life and mission of the Savior J Anderson considers this theme within a very precise framework that of the Second Vatican Council Ad Gentes I 2 5 The conciliar text is brief but full of meaning and this merits a thorough examination This is the first time that a systematic study is presented to us on the subject of this text It is carried out with great care The author retraces in detail the different stages of the text's redaction and notes the corrections which have been conserved but also the recollections and notes of those who collaborated in the redaction He has taken the trouble to consult personally several of these collaborators It is this consultation that helps to

give a great value to his study The work includes valuable information which no future study of the conciliar Decree can afford to overlook By concentrating on an analysis of the text the author determines the elements of a pneumatology in conjunction with the Pascal Mystery He thus provides a sure basis for the reflection of theologians who wish to understand better the role of the Holy Spirit in the missionary activity of the Church Let us hope that this remarkable contribution will receive the appreciation which it merits and will evoke an interest leading to further pneumatological research

Vatican II Massimo Faggioli, 2012 The death of John Paul II and the election of Benedict XVI constituted two important elements in the broad theological and cultural landscape of Catholicism This change of pontificate has also nourished the journalistic and political dispute about Vatican II its history and its legacy and not only the historiographical and theological debate But the research on Vatican II is already proceeding forward and beyond the state of knowledge about the Council reached at the end of the 90s For 21st century Catholics and theologians interested in understanding contemporary Catholicism in the light of Vatican II the intellectual undertaking is far from accomplished yet The book offers comprehensive presentation of the theological and historiographical debate about Council Vatican II The attempt to go beyond the clash of interpretations Vatican II as a rupture in the history of Catholicism on one side the need to read Vatican II in continuity with the tradition on the other is necessary indeed because the ongoing debate about Vatican II is largely misrepresented by the use of clashing interpretations as a tool for understanding the role of the council in present day Catholicism Still Interpreting Vatican II

Ormond Rush, 2004 In this original book Ormond Rush makes a significant contribution to the growing body of scholarship on Vatican II He proposes that a comprehensive interpretation of Vatican II requires that the interpreter not only attempt a reconstruction of the spirit of the council emerging during the conciliar debates but also take into account the various linguistic dimensions of the letter of the documents Attention to genre structure rhetoric intratextuality and intertextuality are all significant in reconstructing the letter of the council In addition he states that reconstruction of the spirit and letter must be supplemented by attention to another factor the post conciliar reception of the council from different contexts throughout the world over the last forty years All three of these phases of interpretation must be kept in correlation The book ends with a proposal for a reception pneumatology that calls for greater recognition of the work of reception as the work of the Holy Spirit of the council Highlights fills a significant gap in the debate regarding Vatican II clarity in the discussion regarding hermeneutical principles no book in any language focuses specifically on the principles for interpreting Vatican II calls for a more comprehensive approach that includes not only attention to the process of original formulation but also to the texts in themselves suggests a way through the current impasse in the interpretation of Vatican II

The Vision of Vatican II Ormond Rush, 2019-06-27 2020 Catholic Press Association first place award theology theological and philosophical studies This book is unique in the literature about Vatican II From the manifold issues debated at the council and formulated in its sixteen documents Ormond Rush proposes that the salient features of the vision of Vatican II can be

captured in twenty four principles He concludes by proposing that these principles can function as criteria for assessing the reception of the conciliar vision over the last five decades and into the future There is no other book that attempts such a comprehensive synthesis of the council s vision for renewal and reform of the Catholic Church **Vatican II: a Bibliography** Charles Dollen,1969 **The Devil's Final Battle** Paul Kramer,2002 **Union Catalog of the Graduate Theological Union** Graduate Theological Union. Library,1972 **The Pope and the World** Dualta Roughneen,2020-12-01

Pope Benedict XVI while Pope but also for years before that as Priest Bishop Theologian Cardinal and Prefect of the Congregation for the Doctrine of the Faith has long engaged in a dialogue that has sought to clarify the relationship between the sacred and the secular While initially considered progressive when engaged as peritus at the Second Vatican Council the years have shown that he does not easily fit into any form of categorisation While many of his peers have accused him of changing his views on the engagement of the Church in the world Joseph Ratzinger argues that he has been consistent in his views while responding to a changing context This book tracks the ideas of the Pope Emeritus across the years and across many themes as he battles with the rapidly changing modern world It becomes clear that there has been no about face in his positions over time but rather that there is a definite consistency in his sense of directing the sacred whether dealing with the Liturgy in a time of increasing worldliness or discussing the place of the faith in the civil political sphere across all spheres towards God and the transcendent As he has lived and guided during an increasingly turbulent era for the Church this has meant that his perspective and the clarity and precision of his words have placed him as a sign of contradiction in the world just as he argues the Church should be **Dream by the River** William Barnaby Faherty,1981 **The Church and Human Society at the Threshold of the Third Millennium** Joseph Papin,1974
