Tibetan Buddhism from the Ground Up B. Alan Wallace, Steven Wilhelm, 1993-10-09 TIBETAN BUDDHISM FROM THE GROUND UP offers a clear complete presentation of the main teachings of Tibetan Buddhism beginning with the basic themes concluding with the esoteric concepts advanced practices of Tantra *Tibetan Buddhism from the Ground Up* B.

Alan Wallace, Steven Wilhelm, 2016-04-26 As long as our minds are dominated by the conditions of the external world we are bound to remain in a state of dissatisfaction always vulnerable to grief and fear How then can we develop an inner sense of well being and redefine our relationship to a world that seems unavoidably painful and unkind Many have found a practical answer to that question in the teachings of Tibetan Buddhism Here at last is an organized overview of these teachings beginning with the basic themes of the sutras the general discourses of the Buddha and continuing through the esoteric concepts and advanced practices of Tantra Unlike other introductions to Tibetan Buddhism this accessible enjoyable work doesn't stop with theory and history but relates timeless spiritual principles to the pressing issues of modern life both in terms of our daily experience and our uniquely Western world view This fascinating highly readable book asks neither unquestioning faith nor blind obedience to abstract concepts or religious beliefs Rather it challenges us to question and investigate life's issues for ourselves in the light of an ancient and effective approach to the sufferings and joys of the human condition

The Attention Revolution B. Alan Wallace, 2010-10-08 Shamatha meditation is a method for achieving previously inconceivable levels of concentration Author B Alan Wallace an active participant in the much publicized dialogues between Buddhists and scholars has more than 20 years practice in the discipline some of it under the guidance of the Dalai Lama This book is a definitive presentation of his knowledge of shamatha It is aimed at the contemporary seeker who is distracted and defocused by the dizzying pace of modern life as well as those suffering from depression and other mental maladies Beginning by addressing the inherent problems
