Prokofieff, 2012 Dedicated to the centenary of Rudolf Steiner's first proclamation of Christ's appearance in the etheric realm of the Earth this book discusses various aspects of that event that had not previously been addressed adequately Sergei Prokofieff points to three themes of primary importance all of which are connected directly with the tasks of the Society that Rudolf Steiner founded The preparation of humankind for the Second Coming Working with Christ as the Lord of Karma Recognizing in Anthroposophy the spiritual language through which questions can be posed to the etheric Christ today Prokofieff describes these and other critical undertakings such as forging a strong relationship with Michael and the importance of recognizing the adversarial forces attempting to falsify Christ's Second Coming The Appearance of Christ in the Etheric is of relevance to every individual who wishes to take an active role in fulfilling the needs of our time

The Mystery of the Resurrection in the Light of Anthroposophy Sergei O. Prokofieff, 2010 We live today at a time when the full mystery of the Resurrection body can become manifest to human beings out of the inspirations of Michael This was accomplished by Rudolf Steiner not just in a theoretical sense but also practically and came about through the establishing of a path accessible to all human beings which leads to a union with the forces of the Resurrection body Sergei Prokofieff approaches the deepest mysteries of the Turning Point of Time the Christ event through Rudolf Steiner's spiritual research At its heart stands the question of the restoration of the phantom of the physical body and its transformation into the resurrected body of Christ through the Mystery of Golgotha The author draws a broad and differentiated picture of the tasks and possibilities that the Easter event as well as Ascension and Pentecost present both for the individual and humanity The final chapter considers the mystery of Easter Saturday through which the two polar aspects of the Mystery of Golgotha death and resurrection interconnect also explaining the relationship between the Earth Spirit and the interior of the Earth An appendix tackles the phenomenon of stigmatization from a spiritual scientific perspective

May Human Beings Hear It! Sergei O. Prokofieff, 2014-03-12 During the Christmas period of 1923-4 Rudolf Steiner refounded the Anthroposophical Society at its headquarters in Dornach Switzerland This important event which has come to be known as the Christmas Conference can be studied on many levels and its many mysteries have been central to Sergei O Prokofieff s anthroposophical research over the years His beginning point has been an enduring question What did Rudolf Steiner mean when he called the Christmas Conference the start of a World Turning point of Time In this far reaching work the author working from several different viewpoints guides the reader towards an answer Prokofieff suggests that the impulse of the Christmas Conference can only be reenlivened today through conscious action by individuals to experience its spiritual essence Rather than offering dogmatic conclusions he opens up paths of approaching this goal by throwing light on different aspects of the Conference and what lies at its heart the Foundation Stone and its Meditation In particular Prokofieff explores three key perspectives the connection of the Christmas Conference with humanity s evolution the inner relationship of each individual anthroposophist to the Christmas Conference and the significance of the Conference to Rudolf Steiner himself Although this is major work of some length the individual chapters of **May Human Beings Hear It** are complete in themselves and can therefore be studied independently of each other

Sleep and Dreams Rudolf Steiner,2003 What are Dreams Every age every culture perhaps every person have different answers We can at least agree on one thing however dreams are other Their presence in our lives demonstrates that we are not limited to a single mode of consciousness The world of sleep is largely a blank for us an abyss of non consciousness yawning between one day and the next but the very fact that we can dream announces our potential for awareness within that abyss We spend a third of our life asleep a fact that dream theorists rarely consider This startling collection of lectures by Rudolf Steiner selected and introduced by the psychologist Michael Lipson provides a truly unique way of approaching dreams based on an understanding of the spiritual nature of human beings A radically new view of dreams as the threshold to spiritual reality arises once we acknowledge that physical existence is only the tip of an iceberg hidden largely in the spiritual world Sleep death and meditation are the three realms in which consciousness has the opportunity to deepen its immersion in the divine flow of existence In principle we can become infinitely more self aware in each of them since human consciousness is not fixed neither in contents nor in terms of alertness All day long the contents of our consciousness change and during the night the level changes These lectures permit readers to glimpse the fantastic depths of experience we normally sleep through and to contemplate Steiner s astounding program to maintain self aware consciousness through sleep through death through all being Contents The Secrets of Sleep Sleep and the Three Part Soul Sleep and the World of the Stars Understanding Sleep through Imagination Inspiration and Intuition An Active Spirit Dreams and the Spiritual Researcher Our inner Undercurrent A Continual Dreaming Preparing for a New Birth Dreaming and the Etheric Body Inspiration Bringing the Unconscious to Consciousness Confronting the Totality of Our Lives through Dreams The Logic and Illogic of Dreams Dreams and Human Development Interpreting Dreams Dreams The Human Essence in Spiritual Connection
