Time To Get Tough Make America Great Again:

Time to Get Tough Donald J. Trump, 2011-12-06 A New York Times bestseller For the first time in his own words President elect Donald J Trump explains his plan to make America great again He wants to put America s interests first and that means doing what s right for our economy our national security and our public safety Throughout the 2016 campaign Trump conjured images of American strength and culture when small towns boomed with industry mom and pop shops bustled and people said Merry Christmas The media scoffed at Trump s vision and the people who supported him they were blinded by the Clinton machine But their eyes were opened after Trump won 62 million votes and the Oval Office Even Republican House Speaker Paul Ryan said Donald Trump heard a voice in this country that no one else heard As Trump says in *Time to Get Tough* I ve built businesses across the globe I ve dealt with foreign leaders I ve created tens of thousands of American jobs My whole life has been about executing deals and making real money massive money That s what I do for a living make big things happen Trump is about to make the biggest deals of his life and he s going to make them for America From reversing lax immigration policies to eliminating regulations that restrict small businesses Donald Trump understands that America doesn t need cowardice it needs courage President Elect Trump is about to Make America Great Again and *Time to Get Tough* is his blueprint

Time to Get Tough Donald J. Trump, 2024-07-23 The Book That Launched MAGA Nation The media scoffed at Trump s vision and the people who supported him they were blinded by the Clinton machine But their eyes were opened after Trump won sixty two million votes and the Oval Office in 2016 Even Republican House Speaker Paul Ryan said Donald Trump heard a voice in this country that no one else heard He still does Donald Trump puts America s interests first and that means doing what s right for our economy our national security and our public safety He made the biggest deals of his life as President of the United States but there are more deals to be made From ending the border crisis to enacting policies to eliminate regulations that restrict small businesses Donald Trump understands that America doesn t need cowardice it needs courage It is Time to Get Tough

The Reactionary Mind Corey Robin, 2018 Late in life William F Buckley made a confession to Corey Robin Capitalism is boring said the founding father of the American right Devoting your life to it as conservatives do is horrifying if only because it s so repetitious It s like sex With this unlikely conversation began Robin s decade long foray into the conservative mind What is conservatism and what s truly at stake for its proponents If capitalism bores them what excites them In *The Reactionary Mind* Robin traces conservatism back to its roots in the reaction against the French Revolution He argues that the right was inspired and is still united by its hostility to emancipating the lower orders Some conservatives endorse the free market others oppose it Some criticize the state others celebrate it Underlying these differences is the impulse to defend power and privilege against movements demanding freedom and equality while simultaneously making populist appeals to the masses Despite their opposition to these movements conservatives favor a dynamic conception of politics and society one that involves self transformation violence and war They

are also highly adaptive to new challenges and circumstances This partiality to violence and capacity for reinvention have been critical to their success Written by a highly regarded keen observer of the contemporary political scene The Reactionary Mind ranges widely from Edmund Burke to Antonin Scalia and Donald Trump and from John C Calhoun to Ayn Rand It advances the notion that all right wing ideologies from the eighteenth century through today are improvisations on a theme the felt experience of having power seeing it threatened and trying to win it back When its first edition appeared in 2011 The Reactionary Mind set off a fierce debate It has since been acclaimed as the book that predicted Trump New Yorker and one of the more influential political works of the last decade Washington Monthly Now updated to include Trump s election and his first one hundred days in office The Reactionary Mind is more relevant than ever **Dangerous Charisma** Jerrold Post,2019-11-05 Offering an in depth psychological and political portrait of what makes Donald Trump tick Dangerous Charisma combines psychoanalysis with an investigation into the personality of the current American president This narrative not only examines the life and psychology of Donald Trump but will also provide an analysis of the charismatic psychological tie between Trump and his supporters While there are many books on Donald Trump there has been no rigorous psychological portrait by a psychiatrist who specializes in political personality profiling As the founding director of the CIA s Center for the Analysis of Personality and Political Behavior Dr Post has created profiles of world leaders for the use of American presidents during historic events As once stated by Jane Mayer of the New Yorker who characterized Dr Post as a pioneer in the field of political personality profiling he may be the only psychiatrist who has specialized in the self esteem problems of both Osama bin Laden and Saddam Hussein In this new book the psychiatrist who once served under five American presidents applies his expertise to profiling the current resident in the White House with surprising and revelatory results **The Conservative Case for Trump** Phyllis Schlafly,Ed Martin,Brett M. Decker,2016-09-06 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country **Political Junkies** Claire Bond Potter,2020-07-07 A wide ranging history of seventy years of change in political media and how it transformed and fractured American politics With fake news on Facebook trolls on Twitter and viral outrage everywhere it s easy to believe that the internet changed politics entirely In Political Junkies historian Claire Bond Potter shows otherwise revealing the roots of today s dysfunction by situating online politics in a longer history of alternative political media From independent newsletters in the 1950s to talk radio in the 1970s to cable television in the 1980s pioneers on the left and right developed alternative media outlets that made politics more popular and ultimately more partisan When campaign operatives took up e mail blogging and social media they only supercharged these trends At a time when political engagement has never been greater and trust has never been lower Political Junkies is essential reading for understanding how we got here An Unfamiliar America Ari Helo,Mikko Saikku,2020-11-12 This collection focuses on conceptions of the unfamiliar from the viewpoint of mainstream American history aliens immigrants ethnic groups and previously unencountered ideas and

ideologies in Trumpian America The book suggests bringing historical thinking back to the center of American Studies given that it has been recently challenged by the influential memory studies boom As much as identity building appears to be the central concern for much of the current practice in American history writing it is worth keeping in mind that historical truth may not always directly contribute to one's identity building The researcher's constant quest for truth does not equate to already possessing it History changes all the time because it consists of our constant reinterpretation of the past It is only the past that does not change This collection aims at keeping these two apart while scrutinizing a variety of contested topics in American history from xenophobic attitudes toward eighteenth century university professors Apache masculinity Ku Klux Klan Tom Waits's lyrics and the politics of the Trump era **General Knowledge March 2020 eBook** Jagran

Josh,2020-03-04 General knowledge has immense importance in various competitive exams like UPSC State Services SSC Banking Railway NDA MBA entrance exams and various service exams in private as well as public sectors This edition contains detailed discussion and analysis of the current GK topics and MCQs with for further practice about the latest and most important happenings in political economic social sports and entertainment fields all over the world All the topics are presented with facts and a brief description so that the reader gets full knowledge and understanding in all the key areas of exams Some maps tables etc are also included for further clarity The Ideology of Political Reactionaries Richard

Shorten,2021-12-30 The Ideology of Political Reactionaries offers a new perspective on the beliefs reactionaries share presenting a theory of reactionary ideology in the process Rather than taking self contradictions in the reactionary imagination as a reason for diminishment complexity is taken as a challenge The book argues that the features that unite reactionaries lie in rhetoric Reactionaries make three persuasive appeals to decadence conspiracy and indignation They also display some recurrent styles The book's rhetorical approach entails a critique of the alternative approaches to reactionary politics dubbed as dispositional sociological and conceptual At the heart of the book is the textual analysis of the writings of a range of figures who are chosen in deliberate diversity and who have interacted with political audiences in different eras and settings Edmund Burke Joseph de Maistre Sarah Palin Donald Trump Adolf Hitler ric Zemmour Joe McCarthy Anders Breivik and Nigel Farage Analysis of their writings helps the book to reckon with some particular puzzles of ideologies and rhetoric These puzzles include the proximity of reactionaries to conservatism the ambiguity of their nostalgia the myth of their essential charisma and the apparent fetishisation of facts The Ideology of Political Reactionaries ought to interest anyone concerned about current ideological trends and in particular students and scholars of politics and history The Republican

Dream Team of 2016 Catherine S. McBreen,Kathy Seei,2016-01-19 THE REPUBLICAN DREAM TEAM OF 2016 introduces an audacious concept to transform an overcrowded field of candidates into a powerhouse team to win the general election while also offering an insightful and easy to use Voter's Guide The Republican Dream Team of 2016 provides critical information about the background experience and viewpoints of Republican candidates on the issues that matter most to voters It

identifies what is really important to the electorate as conservatives and moderates prepare to vote in the 2016 primaries The Republican Dream Team of 2016 promotes and validates with research the concept of all Republican candidates running together as a comprehensive ticket to win the general election After Republican voters select their presidential candidate through the primary process which of the remaining candidates should be placed in the position of vice president and the fifteen cabinet posts Can you create the unbeatable Dream Team to win the general election This book focuses on how candidates can build a consensus platform for reform instead of beating each other up By combining their efforts the Dream Team will develop a compelling plan to attack political gridlock in Washington DC ensuring that the much needed transformation of the federal government can begin on January 21 2017
