Skills to Make a Librarian Dawn Lowe-Wincentsen, 2014-12-11 The library and information profession builds skills and expertise that cover a wide spectrum These skills are often desirable in other fields and industries Likewise the skills we build before entering the library and information professions can help us as professionals Skills to Make a Librarian looks at both sides of this equation through a collection of essays by current and former librarians and information professionals who make use of this wide range of cross disciplinary skills Chapters written by authors at various points in their careers detailing what skills they have developed outside of librarianship Chapter authors discuss skills that have benefited their practice and careers and how the skills of librarianship fit into life outside libraries Authors open up about personal experiences while keeping it professional

Legal Research and Law Library Management Julius J. Marke, Richard Sloane, Linda M. Ryan, 2006 This revised edition of Legal Research and Law Library Management retains the best elements of the previous edition while covering the latest in law library management

Project Management in the Library Workplace Alice Daugherty, Samantha Schmehl Hines, 2018-05-11 This volume of Advances in Library Administration and Organization attempts to put project management into the toolboxes of library administrators through overviews of concepts analyses of experiences and forecasts for the use of project management within the profession

Developing a Library Accessibility Plan Rebecca M. Marrall, 2020-08-05

Developing a Library Accessibility Plan A Practical Guide for Librarians provides library professionals with the knowledge tools and templates and practical examples necessary for developing a tailored and comprehensive accessibility plan for their institution Part One provides foundational knowledge about disability experiences in libraries including an overview of existing legislation and a breakdown of the disability community in the United States This part also names and defines the impact of different accessibility barriers within online physical and instructional settings for different populations Part Two outlines the initial stages of a developing a comprehensive plan for resolving accessibility issues These chapters explore how to conduct an environmental scan of existing challenges strategies for identifying potential partners in the resolution of these problems and how to prioritize accessibility initiatives and projects Part Three provides several practical real life examples of projects and initiatives drawn from the author's professional experiences These case studies offer a summary of each accessibility project along with the corresponding impact finished by an analysis of lessons learned from the experience A copy of all tools templates and other planning documents are available in the chapter itself The book will help readers understand how to inventory prioritize plan implement and assess a comprehensive improvement plan for electronic physical and instructional and or programming related accessibility issues within their library

Crash Course in Time Management for Library Staff Brenda Hough, 2018-02-05 This book offers time management tools tips and techniques for busy librarians so they can better serve their communities and feel greater satisfaction with work and life Being short on resources is now the new normal for libraries and having too little money and too few staff members always brings library staff to the same predicament not enough time While it is not possible to create more time by making use of the right time management tools and techniques it IS possible to make huge improvements in your productivity and as side benefits a decrease in job stress and frustration and a greater sense of work satisfaction This book shows how to apply powerful time management strategies so you can get more done deliver the best service possible to your patrons and enjoy being in an environment that fosters greater creativity and workplace satisfaction Topics include time tracking task management identifying goals and priorities beating the obstacles of procrastination and perfectionism as well as distractions and interruptions and staying on top of time management when collaborating Quotes and stories from individuals who work in libraries illustrate key points and concepts throughout the book The final chapter explains how to set a personal plan for time management using the awareness of your

own patterns obstacles and goals and the experience you have gained with various time management techniques and tools to create your own unique time management strategy and make time management an ongoing long term priority

Partnerships and New Roles in the 21st-Century Academic Library Bradford Lee Eden, 2015-09-18 The fifth volume in this series focuses on creating partnerships and developing new roles for libraries in the 21st century It includes such topics such as consulting coaching assessment and engagement partnerships university commercialization adult student support librarian faculty partnerships in developing and supporting new academic courses and creating and staffing the information commons The concept of embedded librarianship is touched upon in the context of extending the role of the librarian outside the library The chapters in this volume demonstrate that just as students are extending the ways in which they learn librarians must embrace new roles and modalities if they are to provide the types of support required by patrons A typical example of growing importance massive open online courses MOOCs create challenges and opportunities as they are constantly evolving they change fundamentally the way students interact with teachers their fellow students any course content and existing or new library services To survive librarians need to be engaged in ways that push beyond current professional limits in order to better support the needs of learners Doing this will not be an easy task but one that librarians are certainly up to It is hoped that this volume and the series in general will be a valuable and exciting addition to the discussions and planning surrounding the future directions services and careers in the 21st century academic library
