Theodore And Woodrow How Two American Presidents Destroyed Constitutional Freedom:

Theodore and Woodrow Andrew P. Napolitano, 2012-11-12 The New York Times bestselling author and Fox News judicial analyst examines the effects of two US presidents on personal freedom Either the Constitution means what it says or it doesn't America's founding fathers saw freedom as a part of our nature to be protected not to be usurped by the federal government and so enshrined separation of powers and guarantees of freedom in the Constitution and the Bill of Rights But a little over a hundred years after America's founding those God-given rights were laid siege by two presidents caring more about the advancement of progressive redistributionist ideology than the principles on which America was founded Theodore and Woodrow is Judge Andrew P Napolitano's shocking historical account of how a Republican and a Democratic president oversaw the greatest shift in power in American history from a land built on the belief that authority should be left to the individuals and the states to a bloated far-reaching federal bureaucracy continuing to grow and consume power each day With lessons rooted in history Judge Napolitano shows the intellectually arrogant anti personal freedom even racist progressive philosophy driving these men to poison the American system of government And Americans still pay for their legacy in the federal income in state prescribed compulsory education in the Federal Reserve in perpetual wars and in the constant encroachment of a government that coddles special interests and discourages true competition in the marketplace With his attention to detail deep constitutional knowledge and unwavering adherence to truth telling Judge Napolitano moves through the history of these men and their times in office to show how American values and the Constitution were sadly set aside leaving personal freedom as a shadow of its former self in the grip of an insidious Nanny state progressive ideology
