[Raptor's Call](#) Paula Baker, Aidan Davies, 2023-12-13 In a land gripped by tyranny a masked rebel stirs the embers of revolution Assassins are not always the bad guys Cadmon has always been a loyal member of the King s Guard shouldering the blame for serving the corrupt king of Abbarkon But when he is ordered to perform yet another abomination he can no longer stand idly by while innocent lives are destroyed Bent on fighting back he vanishes into the wilderness to build a rebel army powerful enough to topple the reigning forces However in the peace of the remote village the urgency to revolt fades It takes the arrival of a young masked warrior to prod him toward a perilous mission to assassinate the worst of the unscrupulous dukes Prepare to delve into the untold story of Cadmon s rebellion where bravery is forged in the face of darkness and the line between right and wrong blurs In this thrilling prequel discover the origins of the Rebels of Halklyen and witness the birth of a legend

The Raptors of Arizona Richard L. Glinski, 2021-11-16 Thousands of birdwatchers come to Arizona each year seeking rare or intriguing species and for those watching the skies the additional sighting of a bird of prey is a reward in itself The Grand Canyon state boasts the most dramatic assortment of raptors in North America hawks eagles falcons kites and owls plus vultures and condors Here can be found nearly all the raptor species of the

continental United States and also established populations of species associated with Mexico such as the Gray Hawk Common Black Hawk Zone tailed Hawk and Whiskered Screech Owl Arizona's raptors are found in an unrivaled diversity of habitats from saguaro cactus forests where tiny Elf Owls nest to the Vermilion Cliffs where the gigantic California Condor was introduced in 1996 Yet many species live in habitats that are now jeopardized by degradation or development making an understanding and appreciation of raptors crucial to their survival The Raptors of Arizona brings together the knowledge and insights of 29 raptor and wildlife authorities who provide original information and syntheses on Arizona's 42 raptor species with an emphasis on aspects of their natural history in Arizona A chapter on each bird includes its description a range map and information on its distribution habitat life history and status Additional chapters cover conservation habitats where and when to watch raptors and the sport of falconry The book is enhanced by 42 full color illustrations by Richard Sloan one of the premier wildlife artists in North America whose paintings were commissioned by the Arizona Wildlife Foundation specifically for this project Co published with the Arizona Game and Fish Department

Raptors Anne Price, 2002-09-11 An expanded and revised version of the best selling Eagles Hawks Falcons and Owls A Coloring Album Raptors contains stunning color images of North America's most majestic birds surrounded by activities and coloring pages Ann Price provides a brief description of what separates raptors from other birds their evolution from prehistoric forebears and offers a map to illustrate distribution throughout the North American continent today The centerpiece of the book is a gallery of 50 raptors one per page with a brief description of each bird's unique characteristics lifestyle and habitat Keyed to color paintings found elsewhere in the book these pages provide an opportunity for children to create their own renderings of the plumage of these magnificent birds

Raptors Keith L. Bildstein, 2017-05-02 Raptors are formally classified into five families and include birds such as eagles ospreys kites true hawks buzzards harriers vultures and falcons that are familiar and recognized by many observers These diurnal birds of prey are found on every continent except Antarctica and can thrive in seemingly inhospitable spots such as deserts and the tundra They have powerful talons and hooked beaks for cutting and tearing meat and keen binocular vision to aid in their hunting prowess Because of their large size distinctive feeding habits and long distance flight patterns raptors intrigue humans and have been the subject of much general interest as well as extensive scientific research Keith L Bildstein has watched and studied raptors on five continents and is well prepared to explain their critical importance not only as ecological entities but also as inspirational tokens across natural and human dominated landscapes His book offers a comprehensive and accessible account of raptors including their evolutionary history their relationships to other groups of birds their sensory abilities their general natural history their breeding ecology and feeding behavior and threats to their survival in a human dominated world Biologically sound but readable Raptors is a nontechnical overview of this captivating group It will allow naturalists birders hawk watchers science educators schoolchildren and the general public along with new students in the field of raptor biology to understand and appreciate these birds and in so doing
