## **Thunder Along The Mississippi The River Battles That Split The Confederacy:**

**Thunder Along the Mississippi** Jack D. Coombe, 1998 The Civil War ironclad gunboats along the Mississippi wrote a stunning new page in naval history and helped seal the fate of the Southern rebellion Thunder Along the Mississippi brings to life this all but forgotten chapter of the Civil War **Mississippi River Gunboats of the American Civil War 1861-65**

Angus Konstam, 2013-01-20 At the start of the American Civil War neither side had warships on the Mississippi River and in the first few months both sides scrambled to gather a flotilla converting existing riverboats for naval use These ships were transformed into powerful naval weapons despite a lack of resources trained manpower and suitable vessels The creation of a river fleet was a miracle of ingenuity improvisation and logistics particularly for the South This illustrated history describes their design development and operation throughout the American Civil War **Earthen Walls, Iron Men** Steven M.

Mayeux, 2007 Mayeux does more than just tell the story of the fort from the military perspective it goes deeper to closely examine the lives of the people that served in and lived around Fort DeRussy Through a thorough examination of local documents Mayeux has uncovered the fascinating stories that reveal for the first time what wartime life was like for those living in central Louisiana In this book the reader will meet soldiers and slaves plantation owners and Jayhawkers elderly women and newborn babies all of whom played important roles in making the history of Fort DeRussy Mayeux presents an unvarnished portrait of the life at the fort devoid of any romanticized notions but more accurately capturing the utter humanity of those who built it defended it attacked it and lived around it **Confederate Generals in the Western**

potential Together they destroyed what chance the Confederacy had of winning its independence Whether adding fresh fuel to the debate over the respective roles of Albert Sidney Johnston and P G T Beauregard at Shiloh or bringing to light such lesser known figures as Joseph Finegan and Hiram Bronson Granbury this volume like the ones preceding it is an exemplary contribution to Civil War scholarship Lawrence Lee Hewitt is professor of history emeritus at Southeastern Louisiana University A recipient of SLU s President s Award for Excellence in Research and the Charles L Dufour Award for outstanding achievements in preserving the heritage of the American Civil War he is a former managing editor of North South His publications include Port Hudson Confederate Bastion on the Mississippi The late Arthur W Bergeron Jr was a reference historian with the United States Army Military History Institute and a past president of the Louisiana Historical Association Among his earlier books were Confederate Mobile and A Thrilling Narrative The Memoir of a Southern Unionist

The Fight for the Yazoo, August 1862-July 1864 Myron J. Smith, Jr.,2014-01-10 Following the loss of the CSS Arkansas in early August 1862 Union and Confederate eyes turned to the Yazoo River which formed the developing northern flank for the South s fortress at Vicksburg Mississippi For much of the next year Federal efforts to capture the citadel focused on possession of that stream Huge battles and mighty expeditions were launched Chickasaw Bayou Yazoo Pass Steele s Bayou from that direction but the city guarded by stout defenses swamps and motivated defenders could not be turned Finally Union troops ran down the Mississippi and came up from the south and the river defenses and the bastion itself were taken from the east From July 1863 to August 1864 sporadic Confederate resistance necessitated continued Federal attention This book recounts the whole story *The Slaves' War* Andrew Ward,2008 An acclaimed historian of 19th century and African American history presents the first narrative of the Civil War as told from the perspective of those whose destiny it decided

*The USS Carondelet* Myron J. Smith, Jr.,2010-04-13 The USS Carondelet had a revolutionary ship design and was the most active of all the Union s Civil War river ironclads From Fort Henry through the siege of Vicksburg and from the Red River campaign through the Battle of Nashville the gunboat was prominent in war legend and literature This history draws on the letters of Ensign Scott Dyer Jordan and Rear Adm Henry Walke s memoirs The Timberclads in the Civil War Myron J. Smith, Jr.,2008-10-07 In the most detailed history ever of Union warships on the western waters of the Civil War the author recounts the exploits of the timberclad ships Lexington Tyler and Conestoga Converted to warships from commercial steamboats at the beginning of the conflict the three formed the core of the North s Western Flotilla later the Mississippi Squadron The book focuses on the activities of these wooden warriors while providing context for the greater war including accounts of their famous commanders their roles in both large and small battles ship to ship combat and support for the armies of Gen U S Grant and Gen William T Sherman *Grant and Sherman* Charles Bracelen Flood,2005-10-01 This dual Civil War biography presents a powerful and illuminating study of a military collaboration that won the war for the Union Josiah Bunting III Washington Post We were as brothers William Tecumseh Sherman said describing his relationship to

Ulysses S Grant They were incontestably two of the most important figures in the Civil War but until now there has been no book about their victorious partnership and the deep friendship that made it possible They were prewar failures Grant was forced to resign from the Regular Army because of his drinking and Sherman had moved from one job to the next in the years before the conflict But heeding the call to save the Union each struggled past political hurdles to join the war effort And after taking each other's measure at the Battle of Shiloh they began their unique collaboration Often together under fire on the war's great battlefields they also supported each other in the face of mudslinging criticism by the press and politicians Sharing the demands of family life and the heartache of loss they built a mutual admiration and trust which President Lincoln increasingly relied upon Though their headquarters were hundreds of miles apart they communicated almost daily strategizing the final moves of the war and planning how to win the peace that would follow

Joseph Brown and His Civil War Ironclads Myron J. Smith, Jr., 2017-05-16 A Scottish immigrant to Illinois Joseph Brown made his pre Civil War fortune as a miller and steamboat captain who dabbled in riverboat design and the politics of small towns When war erupted he used his connections including a friendship with Abraham Lincoln to obtain contracts to build three ironclad gunboats for the U S War Department the Chillicothe Indianola and Tuscumbia Often described as failures these vessels were active in some of the most ferocious river fighting of the 1863 Vicksburg campaign After the war Captain Joe became a railroad executive and was elected mayor of St Louis This book covers his life and career as well as the construction and operational histories of his controversial trio of warships
