Bilharz examines the short and long term consequences of the relocation of the Senecas Granted unparalleled access to members of the Seneca Nation and reservation records Bilharz traces the psychological economic cultural and social effects over two generations The loss of homes and tribal lands was heart wrenching and initially threatened to undermine the foundations of social life and subsistence economy for the Senecas Over time however many Senecas have managed to adapt successfully to relocation creating new social networks invigorating their educational system and becoming more politically involved on local tribal and national levels
