Timeless Troubadours The Moody Blues Music And Message:

Timeless Troubadours Charles Whitfield, Barbara Whitfield, 2013-03-01 Introduction to the Updated Expanded Edition

With the feedback from our readers we expanded our first edition's content. We have fixed the few errors and rare factual inaccuracies we had found. Several readers asked that we look at and make meaning about more of their songs. We have done that with three see next page Question New Horizons and I'm just a singer in a R R band. Just after completing this book we went on their first Moodies Cruise and now include a summary of our experience there. We obtained the new Timeless Flight box set that was released three months after this book and listened to the CDs and watched its DVD video material. We also read their extensive accompanying coffee table sized book. We have read the many online comments on this box set and have included a relevant few of them in our 7 page review of this large box set. This is a landmark book by two long time Moody Blues fans. In this book we examine and bring to light the music and message of this great band of poets and musicians who have produced hit music for almost 50 years. Here's a little on what our book is about and the areas that we explore. How they are unique among bands and music groups. What critics and others have said. The nature of their musical magic and message. How the Moodies words and music work song by song. Using 7 levels of listening to their music. Why listening to their music raises our consciousness. How their fans have listened consistently for so long. Why they have excelled for nearly 50 decades. From the Foreword by Moody Blues co-founder keyboardist and vocalist Mike Pinder. It was very interesting to read Charles and Barbara Whitfield's interpretations of our music and message. They suggest clear and useful ideas and ways for those who are newly exploring our music and for the many who have been on this journey with us from the beginning. I have always been interested in the broader qualities of music to inform, heal, raise consciousness and uplift. This was often on my mind when I wrote a song or painted the backdrop for others in the band with counter melodies and my Mellotron. In contrast to most observers of our music, I saw how the authors here delve below the surface and give us an enjoyable interpretation of our words and music. They examine essentially their every aspect. Not only do they address our lyrics from a scholarly and poetic perspective but they offer us some insightful and sometimes surprising interpretations of them beyond what many listeners and fans may consider. Music has changed our world. It has the potential for reaching within, opening our minds and our hearts to the power of Universal Love. It transforms, strengthens, relaxes, teaches and enlightens us. The Whitfields realize these truths and give us a strong base from which to experientially understand them. They integrate the many positive messages of our words and music by giving us a clear and constructive map of healing that is on the cutting edge of psychology, consciousness studies and spirituality. Memories are also closely associated with music. I have always thought that we hang our memories on the shape of sound. With memorable melodies, counter melodies and instrumentation we were able to create soundscapes for many to hang the best memories of their lives. Those of us who remember the 1960s and beyond will appreciate their attention to the detail of our works and the history of how it all came about. They show us how the

Moodies have expressed preserved and continue to remind us of the message and wisdom of the 60s by keeping it so alive And how there was a natural spirituality that still lives in all of us and that is manifested in our descriptions of Love **The Moody Blues** Geoffrey Feakes,2022-11-24 Formed in 1964 and still going strong in 2019 the Moody Blues are one of the most enduring bands in the history of rock R B pop psychedelic symphonic prog rock folk rock synth pop mainstream rock they ve experienced it all Go Now A number one single in 1965 was very nearly a postscript for the band had it not been for the pioneering 1967 album Days Of Future Passed This set in motion a run of seven classic and hugely popular albums that put them at the forefront of symphonic rock in the early 1970s A hiatus saw a flurry of solo projects before the band reconvened in 1977 Subsequent recordings were eagerly greeted by a loyal fan base and sell out concerts continue to this day In 2018 they were inducted into the Rock and Roll Hall Of Fame This book examines each one of the band s studio albums and related recordings as well as tracing the band s long and diverse history Solo projects and live recordings are also discussed making this the most comprehensive guide to the music of the Moody Blues yet published Whether you are a loyal fan or someone who is curious to see what lies beyond Nights in White Satin this is essential reading *The Music of the Moody Blues: Explore the Influence of a Rock Band* Tennie Ciaramitaro,2021-08-10 The Moody Blues are a rock band formed in Birmingham England in 1964 initially consisting of keyboardist Mike Pinder multi instrumentalist Ray Thomas guitarist Denny Laine drummer Graeme Edge and bassist Clint Warwick Contents of This Book This is a landmark book by two long time Moody Blues fans In this book we examine and bring to light the music and message of this great band of poets and musicians who have produced hit music for almost 50 years Here s a little on what our book is about and the areas that we explore How they are unique among bands and music groups What critics and others have said The nature of their musical magic and message How the Moodies words and music work song by song Using 7 levels of listening to their music Why listening to their music raises our consciousness How their fans have listened consistently for so long Why they have excelled for nearly ve decades *Moody Blues -- Selections from Every Good Boy Deserves Favour and Seventh Sojourn* Moody Blues (Musical group),1999-10 Selections from the albums Every Good Boy Deserves Favour and Seventh Sojourn **The Moody Blues: Across the Threshold** Mark Murley,2001 *The Moody Blues Songbook* Moody Blues (Musical group),1973 **The Moody Blues Companion** Edward Wincentzen,2001 *The Best of Moody Blues* Moody Blues (Musical group),1996 **The Music Of The Moody Blues** Richard Etchells,2023-04-12 The book describes the music of the Moody Blues They had 17 studio albums This is my 311th book **The New Best of the Moody Blues** Moody Blues (Musical group),1989-10 Contains Gemini Dream I Know You re Out There Somewhere Nights in White Satin The Other Side of Life Question The Story in Your Eyes Tuesday Afternoon The Voice Your Wildest Dreams
