Tithing The Inevitable Error Of Christianity:

Tithing Enoch Bonsu,2015-10-18 Christian libraries abound with works on Tithing but they all have one thing in common they fail to rightly divide the Word of truth The Inevitable Error of Christianity is a unique commentary on tithing and other Old Testament teachings which emphasizes the importance of distinguishing between Law and Grace Throughout the work Enoch Bonsu highlights Paul s apostleship and message among the Gentiles He effectively points out that in Paul s epistles alone we have the commands of Christ for the Church today This is a profitable study for those who desire to grow in the grace and knowledge of our Lord Jesus Christ Paul M Sadler President Berean Bible Society **The Making of a Christian** T.W. Jones,2019-02-11 In The Making of a Christian Instructions for the Born Again Believer author T W Jones draws on her own personal experiences and those of others to offer seven powerful truths that will propel you to A deeper relationship with God Love even the unlovable Walk in the authority of Christ Be victorious over Satan s devices Grow up in Christ Reap the rewards of giving Receive your inheritance So that you may become a victorious mature and effective Christian in this present world *From Religion to Faith - A Discourse on Faith* Samuel J. Kim,2025-03-23 Many people believe in Jesus However most Christians mistakenly think they are living a proper life of faith while engaging in hypocritical religious practices to be seen by men Those who live their faith to be seen by men are Christian religionists not true believers In Matthew 6 Jesus starkly contrasts the religionists with true believers Take heed that you do not do your charitable deeds before men to be seen by them Otherwise you have no reward from your Father in heaven Matthew 6 1 God examines even our hidden thoughts True believers are those who live before God coram Deo revering Him believing in His Word and following it Jesus rebuked the hypocritical Pharisees urging them not to practice their faith to gain people s approval but to live out their faith before God who sees everything in secret Those who practice their faith before men coram hominibus to be seen by others are merely Christian religionists Christianity today is overflowing with such religionists They claim to believe in and worship God but in reality they follow their desires and boast in their self righteousness Religionists in a secularized Christianity are convinced they are walking the right path of faith but in truth they are thoroughly deceived by Satan who masquerades as an angel of light They are spiritually blind yet they arrogantly claim to guide others who are also blind These Christian sinners do not realize that they are wretched beings destined for hell yet they confidently believe they have the best faith How tragic this is I earnestly pray that God will grant them the spirit of wisdom and revelation Ephesians 1 17 so they can clearly understand His Word I hope they will recognize their wretched state return to God and receive the grace of salvation through the remission of sins Luke 1 77 May God grant the readers of this book the spirit of wisdom and revelation so that they may richly partake of every spiritual blessing from Heaven found in the Scriptures I also pray that truth seekers with Berean spirits will arise and be anointed as God s workers to save souls who are still imprisoned in the bondage of sin *Zion's Herald* ,1898 **In the Order of Melchizedek** Emeka Jude Icheku,2022-01-13 Did you know that

there are five types of tithes in the Bible Yet only one type is emphasized in the contemporary church Is tithing part of the law of Moses that was abolished by Christ Will failing to pay the tithe damn the soul In the Order of Melchizedek The Truth about Tithing in the New Testament explores and scripturally addresses these questions and other issues including common misconceptions about tithing the difference between giving and tithing in the Old and New Testaments the convergence of Christ and Melchizedek and scriptural remuneration for ministers This book will illuminate the Scriptures to answer these questions and help Christians and ministers grapple with some of the controversies over the doctrine and practice of tithing that are common in the contemporary church

The Christian Literary Imagination Michael Scott, Michael J. Collins, 2024-09-24 What is the Christian literary imagination That question was put to the writers who have contributed to this collection of essays They were asked in answering it to choose and write about a work of literature that seemed to them to illustrate one of the varied ways in which the Christian imagination sees the world to define by example the meaning of the term A variety of beliefs or indeed unbeliefs are expressed by the contributors and authors they selected to discuss But what the essays have in common is an inquiry into the nature of belief and the means by which the reader's imagination can itself be stirred through the work of the author under discussion The book is structured chronologically with essays on literature ranging from Anglo Saxon England to 21st Century America but the contributors show a freedom of movement and reference across the centuries in their essays sometimes deliberately juxtaposing the historical with the contemporary What emerges from the collection is a shared inquiry into the enduring Christian vision of God's engagement with the world

Beyond Secularism and Jihad? Peter D. Beaulieu, 2012-07-13 Peter D Beaulieu examines the challenge posed by and to modernity and historic Islam as they encounter one another He compares the Western separation of Church and state with the unitary Islamic State and explores the proposed cultural and societal principles of the Second Vatican Council as potentially influencing long term events in both arenas Beaulieu's research is comprehensive and richly documented yet offers an accessible triangular inquiry into the mosque the manger and modernity By restoring a place at the table for Trinitarian Christianity alongside the engulfing monotheism of Islam and the alternative skepticism of Western rationalism this inquiry broadens the pallet of inter religious and intercultural contact points *Beyond Secularism and Jihad* provides balanced attention to the differences as well as the similarities between Christianity Islam and modernity An emerging theme is natural law which is universal and intrinsic to all
