To Glorify God Essays On Modern Reformed Liturgy:

To Glorify God Bryan D. Spinks, Iain Torrance, 1999 A major evaluation of the new Reformed American Presbyterian and Church of Scotland liturgies These specially commissioned studies by international experts examine the background and theology of the two recent liturgical compilations in the English speaking Reformed tradition They explore a wide range of topics from the doctrine of God the Atonement and language to the merits of the respective marriage and funeral rites They also demonstrate the major contributions that the liturgies have made to the renewal of worship in the late twentieth century church

The Companion to the Book of Common Worship Peter C. Bower, 2003-01-01 Published during the tenth anniversary of the Book of Common Worship 1993 The Companion to the Book of Common Worship is a practical guide answering questions such as how do I use the Book of Common Worship to its fullest advantage and how can the Book of Common Worship form a congregation into a community that glorifies and enjoys God

The Sign of the Gospel W. Travis McMaken, 2013-08-01 The theology of the sacraments is one of the most contested parts in Barth's theology none more so than the doctrine of baptism Barth's proposals on baptism have generated intense conversation and disagreement not only on its application to Protestant and ecumenical theology but even on its own consistency with Barth's larger dogmatic project McMaken takes up this controversial question sets it in its proper context within the history of doctrine and Barth's systematic work and argues for a constructive reclamation of infant baptism that accords with Barth's overarching theological concerns and insights notably from Barth's mature theological commitments Pivotal this volume claims that a reorientation of the doctrine of baptism opens up a new perspective on the practice of infant baptism on the basis of Barth's theology this new perspective as well holds the potential for wide ecumenical application as a form of the proclamation of the gospel and a vital dimension of the church's missional vocation A commanding volume for scholars and students in systematic theology ecumenical studies and sacramental theology

The Lord's Service Jeffrey J. Meyers, 2003 The Lord's Service is a description and defense of covenant renewal worship

To Glorify God Bryan D. Spinks, Iain R. Torrance, 1999 This multivolume work by Hughes Oliphant Old canvasses the history of preaching from the biblical period through modern times These books explore the theme of preaching as Christian worship looking especially at how preaching throughout history has been done as a sacred service This book offers a significant evaluation of the two newest Reformed American Presbyterian and Church of Scotland liturgies Common Order 1994 and the Book of Common Worship 1993 International scholars examine the background and content of these recent liturgical compilations and discuss the contributions that these liturgies have made to worship in the late twentieth century church

Scottish Presbyterian Worship Bryan D. Spinks, 2020-09-30 This seminal work by one of the world's most distinguished liturgical scholars fills an important gap in the history of the Church of Scotland and of Scottish worship It offers an in depth narrative of a neglected liturgical legacy and a perceptive analysis of the Church's evolving patterns of worship from the middle of the 19th century to the present day

New SCM Dictionary of Liturgy and Worship Paul F. Bradshaw, 2013-05-20 This reference work incorporates the insights and expertise of leading liturgists and scholars of liturgy at work today comprising 200 entries on important topics in the field from vestments and offertories to ordination and divine unction It is systematically organized and alphabetically arranged for ease of use It also includes comprehensive bibliographies and reading lists to bring the work fully up to date and to encourage further reading and research

Liturgical Space Nigel Yates, 2008 This is the first comprehensive and up to date account of the internal arrangement of church buildings in Western Europe between 1500 and 2000 showing how these arrangements have met the liturgical needs of their respective denominations Catholic and Protestant over this period In addition to a chapter looking at the general impact of the Reformation on church buildings there are separate chapters on the churches of the Lutheran Reformed Anglican and Roman Catholic traditions between the mid sixteenth and mid nineteenth centuries and on the ecclesiological movement of the nineteenth century and the liturgical movement of the twentieth century both of which have impacted on all the churches of Western Europe over the past 150 years The book is extensively illustrated with figures in the text and a series of plates and also contains comprehensive guides to both further reading and buildings to visit throughout Western Europe

Who's Afraid of Postmodernism? James K. A. Smith, 2006-04 Builds on the work of Brian McLaren Robert Webber and others in assessing the contemporary church scene to discover what postmodernity has to say to the church

Cultural Change and Biblical Faith John William Drane, 2000 Western culture is undergoing a massive paradigm shift in the course of which our entire style of being will be radically transformed The changes now taking place are already highlighting areas of discontinuity and contradiction that we are impacting life not only in the West but all over the world Individuals in Western societies are dealing with the crisis in two equal yet opposite ways On the one hand many are choosing to immerse themselves in a selfish hedonistic lifestyle that apparently has no place at all for ultimate meanings At the same time however many others are trying to deal with the threatened disintegration of our culture by engaging in a self conscious search for spiritual answers that will form a secure basis for life in the third millennium In this fascinating examination of the future of the church in light of cultural change John Drane takes as diverse issues as the death of Princess Diana environmentalism film and the New Age movement to

present ways in which the church should respond in order to be an effective and culturally relevant witness Drane's arguments are inextricably bound up with this own spiritual pilgrimage as he has struggled to discover what it means for him to be a Christian and this what he desires for his readers also That this book will be used to assist Christians to live their own lives in a way that will honour Christ and promote the Gospel in today's post modern environment In the words of Drane himself If it helps even one reader to engage creatively and Christianly with the culture then the effort may be worthwhile
