Beyond the Meme Alan C. Love, William Wimsatt, 2019-09-03 Interdisciplinary perspectives on cultural evolution that reject meme theory in favor of a complex understanding of dynamic change over time How do cultures change In recent decades the concept of the meme posited as a basic unit of culture analogous to the gene has been central to debates about cultural transformation Despite the appeal of meme theory its simplification of complex interactions and other inadequacies as an explanatory framework raise more questions about cultural evolution than it answers In *Beyond the Meme* William C Wimsatt and Alan C Love assemble interdisciplinary perspectives on cultural evolution providing a nuanced understanding of it as a process in which dynamic structures interact on different scales of size and time By focusing on the full range of evolutionary processes across distinct contexts from rice farming to scientific reasoning this volume demonstrates how a thick understanding of change in culture emerges from multiple disciplinary vantage points each of which is required to understand cultural evolution in all its complexity The editors provide an extensive introductory essay to contextualize the volume and Wimsatt contributes a separate chapter that systematically organizes the conceptual geography of cultural processes and phenomena Any adequate account of the transmission elaboration and evolution of culture must this volume argues recognize the central roles that cognitive and social development play in cultural change and the complex interplay of technological organizational and institutional structures needed to enable and coordinate these processes Contributors Marshall Abrams U of Alabama at Birmingham Claes Andersson Chalmers U of Technology Mark A Bedau Reed College James A Evans U of Chicago Jacob G Foster U of California Los Angeles Michel Janssen U of Minnesota Sabina Leonelli U of Exeter Massimo Maiocchi U of Chicago Joseph D Martin U of Cambridge Salikoko S Mufwene U of

 I did go through English classes when I was in school but I didn t do well My oldest daughter Mandy encouraged me to write
 down my memories I did agree I did some thinking about it made some notes That was probably ten to twelve years ago After
 I knew that my wife Ernestine was not going to last much longer I used some of the free time while being her caregiver to
 make some notes and try and decide how I could accomplish this I got some good encouragement from my sister Muriel After
 Ernestine passed away a few months later come to the conclusion that I needed to finish these memories before my time
 came to a close So my reason for this book was my recollection of grandchildren asking how I and their grandmother met
 Now I understand why they would ask So I gave them my best answer at the time I reflected on how some of my sisters and
 brothers and I had never questioned our own parents about their courtship and marriage So I have tried to give as best as I
 can my early life how Ernestine and I met Our marriage lasted for sixty five years and was two days short of five months I am
 hopeful that this will be some family history that will be interesting and helpful in understanding the makeup of families
