Bilingualism and Bilingual Education: Politics, Policies and Practices in a Globalized Society B. Gloria Guzmán Johannessen, 2019-01-14 This volume presents a multinational perspective on the juxtaposition of language and politics Bringing together an international group of authors it offers theoretical and historical constructs on bilingualism and bilingual education It highlights the sociocultural complexities of bilingualism in societies where indigenous and other languages coexist with colonial dominant and other prestigious immigrant languages It underlines the linguistic diaspora and expansion of English as the world's lingua franca and their impact on indigenous and other minority languages Finally it features models of language teaching and teacher education This book challenges the existent global conditions of non dominant languages and furthers the discourse on language politics and policies It does so by pointing out the need to change the bilingual multilingual educational paradigm across nations and all levels of educational systems **Time for Action** Scott D. Wurdinger, 2012 This book should be read by anyone concerned about the future of education in the United States It was written for students parents educators administrators and policy makers because it will require effort from all these individuals to create meaningful change in the education system This book discusses why the education system needs to change now and provides practical examples of teaching approaches school models and assessment systems that can move the education system forward in the right direction Students deserve an education that teaches them how to solve challenging problems and inspires them to become life long learners Read this book and then go out and implement these ideas Teacher Assessment and the Quest for Teacher Quality Mary Kennedy, 2010-02-15 **TEACHER ASSESSMENT AND THE QUEST FOR TEACHER QUALITY** Teacher Assessment and the Quest for Teacher Quality is an essential resource that provides school leaders administrators and teacher educators with a wide range of perspectives on the complex issue of teacher quality The book examines assessment in the context of preparation licensure hiring tenure and even dismissal and explores a wealth of relevant topics Comprehensive in scope the handbook includes contributions from leading experts in the field of teacher quality and teacher assessment This important book contains basic information on a variety of approaches to teacher assessment and teacher quality topics including the science and psychology of teacher selection performance based assessments and hiring decisions In addition the contributors explore the role of formative assessments in new teacher induction assessing for teacher tenure various approaches to annual performance assessments assessing teacher contributions to student achievement and the law regarding teacher dismissals The expert authors also tackle broader assessment issues including the interpretation of assessments standards for teacher evaluation and the inherent dilemma posed by measuring the quality of teaching For the goal of ensuring quality teaching for all our students Teacher Assessment and the Quest for Teacher Quality is an important resource and a lasting contribution to the literature on the topic *Using Data to Improve Teacher Education* Charles Peck, Kristen Cuthrell, Désirée H. Pointer Mace, Tine Sloan, Diana Lys, 2021 This

book offers concrete examples of how data can be used by faculty staff and program leaders to improve their collective work as teacher educators Strong external accountability mandates often lead to tensions that undermine local morale and motivation This volume focuses on the practical work of navigating these tensions so that valuable programmatic change can happen It describes policies and practices drawn from a study of high data use teacher education programs from around the country that have strategically engaged the challenges of learning to use data for program improvement Readers will see how the data use work carried out in these programs strengthened local program identity and coherence Representing a collaborative effort between researchers and practitioners this volume presents lessons learned to assist teacher educators who are engaged daily with the challenges of making data useful and used in their programs Book Features Examples of how tensions between external mandates for accountability and program improvement can be navigated in ways that are grounded in local program values Detailed case study portraits of individual programs that offer a full and action oriented sense of data use work Strategies for ensuring that data systems are responsive to multiple stakeholders such as faculty administrators students and policymakers A diversity of perspectives and experiences from small liberal arts colleges large teacher preparation institutions and research intensive universities

Professionalizing Teacher Education Claire Wyatt-Smith, Lenore Adie, Michele Haynes, Chantelle Day, 2022-06-30 This book provides a significant contribution to conversations about teacher quality and graduate readiness for teaching It presents empirical insights into how a multidisciplinary team of researchers teacher educators and policy personnel mobilized for collective change in a standards driven reform initiative The insights are research informed and critically relevant for anyone interested in teacher preparation and credentialing It gives an account of a bold move to install a collaborative culture of evidence informed inquiry to professionalize teacher education The centerpiece of the book is the use of standards and evidence to show the quality of graduates entering the teaching workforce The book presents for the first time a model of online cross institutional moderation as benchmarking to generate large scale evidence of the quality of teacher education The book also introduces a new conceptualization of a feedback loop using summative data for accountability and formative data to inform curriculum review and program renewal This book offers the insider story of the conceptualization design and implementation of the Graduate Teacher Performance Assessment GTPA It involves going to scale with a large group of Australian universities government agencies and schools and using participatory approaches to advance new thinking about evidence informed inquiry cross institutional moderation and innovative digital infrastructure The discussion of competence assessment standards and change processes presented in the book has relevance beyond teacher education to other professions

Data for Continuous Programmatic Improvement Ellen B. Mandinach, Edith Gummer, 2018-11-06 This book addresses the issue of data use in educator preparation programs towards continuous programmatic improvement With an aim to increase the rigor in both research and practice in educational administration and teacher education this volume will analyze the longstanding

quality concerns about teacher and leadership preparation and standards for programs and educators as well as controversies concerning national accreditation and federal efforts to mandate program reporting data By exploring the policies and practices that influence departments of education this volume examines the increasing pressures to improve institutional functioning within a complex system of university state and national structures and organizations *Evaluating Teacher Education Programs through Performance-Based Assessments* Polly, Drew, 2016-02-10 Performance based assessments have become a critical component of every teacher education program Such assessments allow teacher candidates to demonstrate their content and pedagogical knowledge skills and dispositions in an authentic setting *Evaluating Teacher Education Programs through Performance Based Assessments* analyzes and discusses the theory and concepts behind teacher education program evaluation using assessment tools such as lesson plans classroom artifacts student work examples and video recordings of lessons Emphasizing critical real world examples and empirically based studies this research based publication is an ideal reference source for university administrators teacher educators K 12 leaders and graduate students in the field of education

Possibilities, Challenges, and Changes in English Teacher Education Today Heidi L. Hallman, Kristen Pastore-Capuana, Donna L. Pasternak, 2019-05-24 This book focuses on English teacher educators experiences concerning professionalization and teacher identity The term professionalization itself can be problematized Popkewitz 1994 as it connotes adherence to realities to professional norms that are based within particular histories Yet teacher educators must confront how to mentor prospective teachers into the field and how changes to the field manifest changes to what it means to be a professional In research about changes in English teacher education over the past twenty years Pasternak Caughlan Hallman Renzi and Rush 2017 presented five distinct foci of ELA programs that have evolved 1 changes to field experiences within teacher education programs 2 altered conceptions of teaching literature and literacy within the context of ELA 3 increased adherence to standardization 4 changing demographics of students in K 12 classrooms and 5 increased expectations for use of technology within ELA These foci impact how professionals in ELA are viewed both from inside and outside the profession and how they navigate these tensions in teacher education programs to define what it means to identify as an English teacher Throughout the book chapter authors articulate dilemmas that focus around professionalization and teacher identity questioning what it means to be an English teacher today While some chapters suggest methods for increased awareness of tensions within practice other chapters approach professionalization and teacher identity by asking what the limits of methods classes and teacher education might be in preparing ELA teachers and supporting them to remain in the profession Today's political environment devalues teachers and teaching a situation that has critics deriding the educational standards at institutes of higher education while concurrently lauding alternative programs that do not have to adhere to the same rigorous teacher certification requirements English teacher educators are now being asked to design programs soften requirements and recruit and mentor teacher candidates to a profession that in

the past certified more new English teachers than it could employ The chapters in this book explore what it means to educate and be an English teacher educator under these conditions

Implementing and Analyzing Performance Assessments in Teacher Education Joyce E. Many, Ruchi Bhatnagar, 2017-12-01 Teacher education has long relied on locally developed assessments that lack reliability and validity Rigorous performance based assessments for preservice teachers have been advanced as one possible way to ensure that all students receive instruction from a high quality teacher Recently performance based assessments have been developed which focus on the application of knowledge of teaching and learning in a classroom setting Our book explores factors related to the implementation of teacher performance assessments in varying state and institutional contexts The contributors teacher educators from across the country focus on what was learned from inquiries conducted using diverse methodologies quantitative qualitative self studies and mixed methods Their research encompassed faculty supervisors cooperating teachers and students perceptions and concerns of teacher performance assessments case studies of curricular reform and or resistance analyses of experiences and needs as a result of the adoption of such assessments and examinations of the results of program alignment and reform The chapters showcase experiences which occurred during high stakes situations in implementation periods prior to high stakes adoption and in contexts where programs adopted performance assessments as an institutional policy rather than as a result of a state wide mandate Endorsements The chapters compiled for **Implementing and Analyzing Performance Assessments in Teacher Education** edited by Joyce E Many and Ruchi Bhatnagar present a thoughtful look at the challenges and solutions embedded in the adoption of teacher performance assessments for preservice teachers Most chapters feature edTPA the most commonly used performance assessment now mandated in numerous states and used voluntarily by other programs across the country and reveal how such assessments shine a bright light on the problems of practice in teacher preparation stressful timelines faculty silos communication with P 12 partners etc when new requirements disrupt the status quo Each chapter tells a valuable story of performance assessment implementation and approaches that offset compliance in favor of inquiry and educative experiences for candidates and programs alike Andrea Whittaker Ph D edTPA National Director Stanford University Graduate School of Education UL SCALE Many and Bhatnagar launch the AAPE book series with a curated volume highlighting the contexts in which teacher educators implement and utilize performance assessments in educator preparation Together the chapters present research from various viewpoints from candidates faculty university supervisors and clinical partners using diverse methodologies and approaches The volume contributes significantly to the program assessment research landscape by providing examples of how performance assessments inform preparation at the intersection of praxis and research and campus and field These chapters provide a critical foundation for teacher educators eager to leverage performance assessments to improve their programs Diana B Lys EdD Assistant Dean of Educator Preparation and Accreditation School of Education University of North Carolina at Chapel Hill

Rethinking Field Experiences in

Preservice Teacher Preparation Etta R. Hollins, 2015-03-12 The focus of this book is the centrality of clinical experiences in preparing teachers to work with students from diverse cultural economic and experiential backgrounds Organized around three themes learning teaching through the approximation and representation of practice learning teaching situated in context and assessing and improving teacher preparation Rethinking Field Experiences in Preservice Teacher Preparation provides detailed descriptions of theoretically grounded research based practices in programs that prepare preservice teachers to contextualize teaching practices in ways that result in a positive impact on learning for traditionally underserved students These practices serve current demands for teacher accountability for student learning outcomes and model good practice for engaging teacher educators in meaningful productive dialogue and analysis geared to developing local programs characterized by coherence continuity and consistency
