

TRACES OF FREMONT

BY STEVEN R. SIMMS AND FRANÇOIS GOHIER

Initially thought to be a simple socio-political system, recent reassessments of the Fremont culture assume a more complex society. Author Steve Simms sets Fremont rock art studies in this contemporary context, using the principles of analogy and archaeological evidence. Francois Gohier's stunning photographs of rock art and artifacts offer an engaging complement to Simms's text.

"Simms's book is excellent! I really like his take on Fremont, I like the narrative descriptions of various Fremont settlements, and I like his treatment of rock art—balanced and scholarly without losing the interest and excitement of that astonishing Fremont medium."

—Stephen H. Lekson, professor of anthropology and curator, University of Colorado Museum of Natural History

Utah's Stolen Treasures Gene Covington, 2013-01-09 Utah's Stolen Treasures is a book that was inspired by three American Indian shields discovered by author Gene Covington's grandparents in Wayne County Utah back in 1926 Using the discovery of the shields as a point of departure Covington provides a multi layered tale based primarily upon facts regarding the study of and caring for of the shields after they were discovered As this fascinating book takes you via photographs through some of the most beautiful country in America it also delves into the history of the early American pioneers and the American Indians they encountered along with the folklore and legends of the American Indians The story is centered around the three Fremont Indian tribal leaders who may have originally buried the shields in the early 1500s This trio of Indian Elders appears throughout the story first as living men and later in spirit form The book also recounts the story of the author's own family defining who Native Americans are as it follows the lives of his grandparents up to and beyond the discovery of the shields But Utah's Stolen Treasures is more than just a family history or a tale of Indian folklore Ultimately it is a plea to have the shields returned to Utah and for all of mankind to come together in peace It uses the American Indian people who originally occupied the lands that are now the United States as an example of just how this might be accomplished
