

UMAX for integrated utilities

Guaranteeing your future success

UMAX grew out of the idea to deliver an innovative, flexible, future-proof and affordable business solution that fully supports the customer relations management and physical value chain optimisation of integrated utilities. Moreover, UMAX was created to streamline the core customer/grid-related business processes, to lower the cost-to-serve and to reduce the overall cost of ownership of the IT landscape.

The perfect solution for integrated utilities

UMAX has proven itself as the perfect solution for managing various sequences of customer-related and physical processes taking place in virtually all integrated utilities.

An additional advantage is that the system has been designed to effectively manage the large variety of tasks, campaigns and channels used to communicate

and interact with B2C and B2B target groups during the "moments of truth", such as a customer move or a grid extension...

Moreover, the integrated crm, project & warehouse management, billing & collect modules have been conveniently tailored to meet all the requirements of integrated utilities active in the utility sector. Additionally, UMAX seamlessly communicates with 3rd party systems such as sub-contractors, GIS or credit agencies and/or other organizations....
