by such authors as Pater Hardy Shaw Joyce Woolf Lawrence and Orwell Since several highly influential figures of the modernist literati were members of the Heretics or in dialogue with the group heresy and its relation to synthesis now become crucial to an understanding of modernist aesthetics and ethics From the 1880s through the 1920s heresy commonly appears in literature as a discursive trope and the literary mode of heresy shifts over the course of this time from one of syncretism to one based on the construction of modernist artificial or synthetic wholes In Franke s work the discourse of heresy comes forth as a forgotten dimension of the origins of modernism one deeply entrenched in Victorian blasphemy and the crisis in faith and one pointing to the censorship of modernist literature and some of the first doctrines of literary criticism
