Uncommon Stock Exit Strategy The Uncommon Series 3:

The Market Masters Kirk Kazanjian, 2005-04-22 Twenty leading money minds reveal how to prosper in today's volatile markets. What strategies have made Wall Street's top investors so successful? What are their biggest mistakes and proudest accomplishments? How do they invest their own money? And what are the keys to finding the best stocks and bonds? This enlightening book features one-on-one interviews with 20 of the world's leading mutual fund managers representing a variety of different styles from growth gurus, value masters, bond wizards, and international globetrotters to specialists in such market sectors as technology, healthcare, financial services, and real estate. All have demonstrated track records that consistently outperform the competition. These managers speak frankly about their strategies for beating the market in good times and bad, along with their predictions for the future and exclusive lists of favorite investments for the coming years. Kirk Kazanjian, Mountain View, CA, is an experienced investment and personal finance author. He has written more than 20 books, including *Wizards of Wall Street* and *Value Investing with the Masters*. Kazanjian is a former award-winning television news anchor and business reporter whose stories appeared on CNN and ABC stations across the country. In addition to running his own investment company, he was an executive at several leading financial firms, including American Century Investments. He is regularly interviewed by CNBC, CNN, and Bloomberg and has been featured in numerous business and investment publications.

Getting to Scale Jill Bamburg, 2006-08-21 Ben Jerry's, Stonyfield Farm, The Body Shop, Tom's of Maine. All leaders in the socially responsible business movement and all eventually sold to mega-corporations. Do values-driven businesses have to choose between staying small, selling off, or selling out? Jill Bamburg says no. Based on intensive interviews with more than thirty growth-oriented, mission-driven entrepreneurs, including American Apparel, Give Something Back, Wild Planet Toys, Organic Valley, Family of Farms, and Village Real Estate, her book explodes the myths of scale from both ends of the spectrum. She debunks both the limiting "small is beautiful" approach as well as the "you have to sell out to grow" mandate.

Be Smart, Act Fast, Get Rich Charles V. Payne, 2007-05-04 Praise for *Be Smart, Act Fast, Get Rich*. Charles Payne's book is blunt, provocative, and right on the money. This book is a lot like Charles himself: insightful and to the point. If you have time to read only one book on how to make money, this is the book. Dr. Bob Froehlich, Chairman, Investor Strategy Committee, Deutsche Asset Management, and Vice Chairman, DWS Scudder. *Be Smart, Act Fast, Get Rich* is a book for all investors, from first-time stock buyers to seasoned investors. *Be Smart* suggests you understand the fundamentals of the company you are purchasing. *Act Fast* suggests that action must be taken if you are going to increase your wealth in the stock market. All too often we find interesting ideas to invest in but never have the confidence to act, only to watch the stock's price rise while others reap the benefits. This book is an easy read and a must-read for all investors. Tom Dorsey, President, Dorsey Wright Associates, and author *Point Figure Charting*. You should buy this book just for the super job Charles does in explaining everything you need to know about charts, graphs, and the other voodoo of technical analysis that he makes so simple to

understand Charles really gives you a street fighter s education in the markets I wish his book was around twenty five years ago it would have saved me millions in market mistakes I ve made Tobin Smith founder and Chairman ChangeWave Research
