RELATIONS ,1974 *Walmart in China* Anita Chan,2011-11-15 Walmart and Made in China are practically synonymous Walmart imports some 70 percent of its merchandise from China Walmart is now also rapidly becoming a major retail presence there with close to two hundred Walmarts in more than a hundred Chinese cities What happens when the world s biggest retailer and the world s biggest country do business with each other In this book a group of thirteen experts from several disciplines examine the symbiotic but strained relationship between these giants The book shows how Walmart began cutting costs by bypassing its American suppliers and sourcing directly from Asia and how Walmart s sheer size has trumped all other multinationals in squeezing procurement prices and as a by product driving down Chinese workers wages China is also an inviting frontier for Walmart s global superstore expansion As China s middle class grows the chain s Western image and affordable goods have become popular Walmart s Arkansas headquarters exports to the Chinese stores a unique corporate culture and management ideology which oddly enough are reminiscent of Mao era Chinese techniques for promoting loyalty Three chapters separately detail the lives of a Walmart store manager a lower level store supervisor and a cashier Another chapter focuses on employees wages voluntary overtime and the stores strict labor discipline In 2006 the official Chinese trade union targeted Walmart which is antilabor in its home country and succeeded in setting up union branches in all the stores Walmart in China reveals the surprising outcome [The Bully of Bentonville](#) Anthony Bianco,2006-02-14 The largest company in the world by far Wal Mart takes in revenues in excess of 280 billion employs 1 4 million American workers and controls a large share of the business done by almost every U S consumer product company More than 138 million shoppers visit one of its 5 300 stores each week But as recent news stories show Wal Mart s everyday low prices come at a tremendous cost to workers suppliers competitors and consumers The definitive portrait of the juggernaut that is reshaping American The Bully of Bentonville exposes the zealous secretive small town mentality that rules Wal Mart and chronicles its far reaching consequences In a gripping richly textured narrative Anthony Bianco shows how Wal Mart has driven down retail wages throughout the country even as their substandard pay and meager health care policy have led to a double digit employee turnover why their aggressive expansion inevitably puts locally owned stores out of business and how their pricing policies have forced suppliers to outsource work and move thousands of jobs overseas Their power even influences what Americans can read watch and listen to in the name of protecting its customers Wal Mart bans racy magazines and insists on sanitized versions of popular DVDs and CDs Based on countless interviews with Wal Mart employees managers executives competitors suppliers customers and community leaders The Bully of Bentonville illuminates the story behind the headlines and brings the truths about Wal Mart into sharp focus **eLearning or Training Business**
